at the height of the Cold War promoting the same mix of federal planning and local control he had practiced in the New Deal South In the life of Arthur Raper Mazzari locates a larger story of liberalism in the white South Raised on a North Carolina tobacco farm and educated at Chapel Hill under Howard Odum Raper was remarkable for taking up issues of race and class to advocate modern views in a part of the world where adherence to the past was almost pathological and then going on to advance a liberal modernist version of Jeffersonian democracy throughout the Third World He looked critically at the causes of racial violence and successfully conveyed scientific sociology into broad circulation through mass culture Shake Block Cutter Gerald Chicalo,2011-12-26 The story I am about to tell you takes place in the 1970 s and 80 s during the good old days of shake block cutting Technology mainly the helicopter and the modern chainsaw enabled us to harvest this valuable wood in ways and quantities that could only be imagined before this time Shake block cutting still continues to this day but only in a much more limited scope I cut shake blocks during the glory days during the days when the remoteness of the wood was suddenly no longer an obstacle We rode our winged serpents to where no man had gone before And we found the treasure I was a shake block cutter and here is my story **Medicine in the Old West** Jeremy Agnew,2010-04-23 The healing arts as practiced in the Old West often meant the difference between life and death for American pioneers Whether the challenge was sickness an Indian arrow a gunshot wound or a fall from a horse a pioneer in the western territories required care for medical emergencies but often had to make do until a doctor could be found This historical overview addresses the perils to health that were present during the expansion of the American frontier and the methods used by doctors to treat and overcome them Numerous black and white photographs are provided as well as a glossary of medical terms Appendices list commonly used drugs and typical surgical instruments from the 1850 1900 era **Miami Conservancy Bulletin** Miami Conservancy District (Ohio),1918 Some numbers accompanied by an unpagged supplement called The News letter **Annual Reports of the War Department** United States. death penalty have reflected broader shifts in Americans thinking about the relationship between the individual and the state. Emerging from the height of 1970s disillusion, the simplicity and moral power of the death penalty became a potent symbol for many Americans of what government could do, and LaChance argues fascinatingly that it is the very failure of capital punishment to live up to that mythology that could prove its eventual undoing in the United States. **Boys' Life**, 1977-10
