Evangelicals and Electoral Politics in Latin America Taylor C. Boas, 2023-01-26 Why are religious minorities well represented and politically influential in some democracies but not others Focusing on evangelical Christians in Latin America this book argues that religious minorities seek and gain electoral representation when they face significant threats to their material interests and worldview and when their community is not internally divided by cross cutting cleavages Differences in Latin American evangelicals political ambitions emerged as a result of two critical junctures episodes of secular reform in the early twentieth century and the rise of sexuality politics at the turn of the twenty first In Brazil significant threats at both junctures prompted extensive electoral mobilization in Chile minimal threats meant that mobilization lagged In Peru where major cleavages divide both evangelicals and broader society threats prompt less electoral mobilization than otherwise expected The multi method argument leverages interviews content analysis survey experiments ecological analysis and secondary case studies of Colombia Costa Rica and Guatemala

The Catholic Church and Power Politics in Latin America Emelio Betances, 2007-05-17 Click here to see a video interview with Emelio Betances Click here to access the tables referenced in the book Since the 1960s the Catholic Church has acted as a mediator during social and political change in many Latin American countries especially the Dominican Republic Bolivia Guatemala Nicaragua and El Salvador Although the Catholic clergy was called in during political crises in all five countries the situation in the Dominican Republic was especially notable because the Church's role as mediator was eventually institutionalized Because the Dominican state was persistently weak the Church was able to secure the support of the Balaguer regime 1966 1978 and ensure social and political cohesion and stability Emelio Betances analyzes the particular circumstances that allowed the Church in the Dominican Republic to accommodate the political and

social establishment the Church offered non partisan political mediation rebuilt its ties with the lower echelons of society and responded to the challenges of the evangelical movement The author s historical examination of church state relations in the Dominican Republic leads to important regional comparisons that broaden our understanding of the Catholic Church in the whole of Latin America New Ways of Being Pentecostal in Latin America Martin Lindhardt,2016-03-23 The explosive growth of Pentecostalism has radically transformed Latin America s religious landscape within the last half century or so In a region where Catholicism reigned hegemonic for centuries the expansion of Pentecostalism has now resulted in a situation of religious pluralism and competition bearing much more resemblance to the United States than to the Iberian motherlands Furthermore the fierce competition from Pentecostal churches has inspired significant renewals of Latin American Catholicism most notably the growth of a Catholic Charismatic movement However another and more recent source of religious pluralism and diversity in Latin America is an increasing pluralization and diversification of Pentecostalism itself and of the ways in which individual Pentecostals exercise their faith By carefully exploring this diversification the book at hand breaks new ground in the literature on Latin American Christianity Particular attention is focused on new ways of being Pentecostal and on the consequences of recent transformations of Christianity for individuals faith communities and societies More specifically the chapters of the book look into certain transformations of Pentecostalism such as theological renewals and new kinds of religious competition between Pentecostal churches a growing political and civic engagement of Pentecostals an observed de institutionalization of Pentecostal religious life and the negotiation individual Pentecostal identities composed of multiple intra and extra ecclesial points of identification and the emergence of new generations of Pentecostals children of Pentecostal parents many of whom have higher levels of education and higher incomes than the previous generations within their churches In addition Catholic responses to Pentecostal competition are also addressed in several chapters of the book The Azusa Street Revival and Its Legacy Harold D. Hunter,Cecil M. Robeck,2009-11-01 In 1906 at 312 Azusa Street in Los Angeles a revival began that set in motion a global movement that has affected half a billion people In The Azusa Street Revival and Its Legacy twenty writers representing the international scholarship of the Pentecostal Charismatic and Renewal communities reflect on the significance of the movement now and for the future

Badillo,2006-06-19 Latin Americans make up the largest new immigrant population in the United States and Latino Catholics are the fastest growing sector of the Catholic Church in America In this book historian David A Badillo offers a history of Latino Catholicism in the United States by looking at its growth in San Antonio Chicago New York and Miami Focusing on twentieth century Latino urbanism Badillo contrasts broad historic commonalities of Catholic religious tradition with variations of Latino ethnicity in various locales He emphasizes the contours of day to day life as well as various aspects of institutional and lived Catholicism The story of Catholicism goes beyond clergy and laity it entails the entire urban experience of neighborhoods downtown power seekers archdiocesan movers and shakers and a range of organizations and associations linked to parishes Although parishes remain the key site for Latino efforts to build individual and cultural identities Badillo argues that one must consider simultaneously the triad of parish city and ethnicity to fully comprehend the influence of various Latino populations on both Catholicism and the urban environment in the United States By contrasting the development of three distinctive Latino communities the Mexican Americans Puerto Ricans and Cuban Americans Badillo challenges the popular concept of an overarching Latino experience and offers instead an integrative approach to understanding the scope depth and complexity of the Latino contribution to the character of America s urban landscapes

In the Days of Caesar Amos Yong,2010-09-14 In the Days of Caesar is a constructive political theology formulated in sustained dialogue with the Pentecostal and charismatic renewal one of the most vibrant religious movements at the beginning of the twenty first century Amos Yong here argues that the many tongues practices and gifts of renewal Christianity offer up new resources for thinking about how Christian community can engage and transform the social political and economic structures of the world Yong has three goals here First he seeks to correct stereotypes of Pentecostalism both

political and theological Secondly he aims to provoke Pentecostals to reflect theologically from out of the depths of their own Pentecostalism rather than merely to adopt some framework for theological or political self understanding Finally Yong shows that a distinctively Pentecostal form of theological reflection is not a parochial activity but has constructive potential to illuminate Christian belief and practice This book s engagement with political theology from a Pentecostal perspective is the first of its kind
