

Rembrandt Two

David Bindman

Rembrandt Two:

Rembrandt's Passion Series Simon McNamara, 2015-05-13 Rembrandt's Passion Series is the name given to five paintings of similar size and format executed over a six year time frame 1633-39. The works were commissioned by Frederick Hendrick Prince of Orange and Stadtholder of the United Provinces for his gallery at The Hague. Although each of the paintings depicts a traditional scene from the Passion of Christ, they do not form anything like a complete Passion Cycle. Seven years later Hendrick ordered a further two works of the same size and format of subjects from the Nativity of Christ. Six of the seven paintings now hang in the Alte Pinakothek, Munich. As the works were executed between Rembrandt's well documented early Leiden period and his rapid rise to prominence as a portraitist in Amsterdam, the works have not attracted the scholarly attention they might, although the commission was undoubtedly the most prestigious of the young Rembrandt's career. Rembrandt's Passion Series is the first monograph to focus solely on this important group of paintings by the most famous artist of the Dutch Golden Age. In it, Simon McNamara traces the history of the commission by way of extant documentation, places the works in a seventeenth century Dutch religious milieu, and shows how the series is both reflective of contemporary theological exegesis and embedded in theoretical artistic debates of the age. The book also highlights the extraordinary nature of the self-images seen in three of the paintings and discusses the legacy of the series in later graphic works by Rembrandt and in paintings by his pupils. In doing so, Rembrandt's Passion Series presents a series of unifying factors, both stylistically and thematically, for the works that allows the Passion Series to be properly and finally called a series.

Rembrandt's Reading Amy Golahny, 2003 Though Rembrandt's study of the Bible has long been recognized, his interest in secular literature has been relatively neglected. In this volume, Amy Golahny uses a 1656 inventory to reconstruct Rembrandt's library, discovering anew how his reading of history contributed to his creative process. In the end, Golahny places Rembrandt in the learned vernacular culture of seventeenth century Holland, painting a picture of a pragmatic reader whose attention to historical texts strengthened his rivalry with Rubens for visual drama and narrative erudition.

Rembrandt's Roughness Nicola Suthor, 2018-04-03 Roughness is the sensual quality most often associated with Rembrandt's idiosyncratic style. It best defines the specific structure of his painterly textures, which subtly capture and engage the imagination of the beholder. Rembrandt's Roughness examines how the artist's unconventional technique pushed the possibilities of painting into startling and unexpected realms. Drawing on the phenomenological insights of Edmund Husserl as well as firsthand accounts by Rembrandt's contemporaries, Nicola Suthor provides invaluable new perspectives on many of the painter's best known masterpieces, including *The Anatomy Lesson of Dr. Deyman*, *The Return of the Prodigal Son*, and *Aristotle with a Bust of Homer*. She focuses on pictorial phenomena such as the thickness of the paint material, the visibility of the colored priming, and the dramatizing element of chiaroscuro, showing how they constitute Rembrandt's most effective tools for extending the representational limits of painting. Suthor explores how Rembrandt developed a visually

precise handling of his artistic medium that forced his viewers to confront the paint itself as a source of meaning its challenging complexity expressed in the subtlest stroke of his brush A beautifully illustrated meditation on a painter like no other Rembrandt's *Roughness* reflects deeply on the intellectual challenge that Rembrandt's unrivaled artistry posed to the art theory of his time and its eminent role in the history of art today

A Corpus of Rembrandt Paintings V Ernst van de Wetering, 2013-12-12 This volume is the fifth volume of *A Corpus of Rembrandt Paintings* a project devoted to all Rembrandt's paintings This is the work of The Rembrandt Research Project consisting of a group of scholars led since 1993 by Professor Ernst van de Wetering The project began in 1968 with the aim of separating Rembrandt's own paintings from the vast number of Rembrandtesque paintings made by his many apprentices and followers Having opted for a chronological approach to the cataloguing of Rembrandt's paintings from 1625 till 1642 in the first three volumes it was decided in 1993 to adopt a thematic approach for further volumes This was largely to facilitate the recognition of different hands The new approach yielded much more information not only about Rembrandt's working methods but also about the function and meaning of his works This expanded field of view meant that etchings and drawings with similar themes also needed to be included In 2005 Volume IV appeared devoted to Rembrandt's self portraits in painting etching and drawing Volume V consists of a catalogue and analysis of the so called small scale history and genre paintings That theme was chosen because this type of complex work shows a variety of full length protagonists acting in different narrative settings For this reason in the 17th century painting etching or drawing biblical and mythological scenes was looked upon as an artist's greatest challenge The choice of this theme proved to be highly fruitful in several ways Small scale history pieces reveal Rembrandt's artistic ambitions most clearly They also offer the authors a much more accurate view of the daily routine in Rembrandt's studio his apprentices mostly copied this type of work or used it as a starting point for their own As a result it was easier to distinguish the works by the master himself from those of his pupils All aspects of the skills necessary to create a pictorial illusion play a part in the creation of small figured history paintings These aspects were referred to as the basis of the noble art of painting in Rembrandt's days Two seventeenth century painter theoreticians discussed these principles systematically in two books which up till now have only sporadically been consulted in the context of 17th century studio practice Karel van Mander wrote his *Grond der edel vry schilder const* Basis of the Art of Painting in 1604 and Samuel van Hoogstraten produced his *Inleyding tot de hooge schoole der schilder konst* Academy of Painting in 1678 Van Hoogstraten was a pupil of Rembrandt between 1642 and 48 Comparing the two books and considering them in relation to Rembrandt's oeuvre gradually reveals his original views on painting and how these had developed during his career Thus the authors of this new Volume of *A Corpus* have gained an unexpected and profound insight into Rembrandt's ideas and approach to his art The basic aspects of painting included the following topics function and methods of drawing human proportions various positions poses and gestures of figures ways of arranging a scene's protagonists in a composition facial expressions of a variety of

emotions light shadows and reflected light landscape and animals draperies and articles of clothing methods of painting and various characteristics and uses of colours The way these basic aspects were selected and dealt with presumed that the more practical side to the art of painting would be learned by the apprentice in the daily routine of his master's studio With the development of art history in the nineteenth century the basic aspects of the art of painting listed above acquired the vague label of style However the seventeenth century categorization of the basic aspects provides a much more acute means of probing the views and criteria for judging a painting by Rembrandt and his contemporaries than the concept of style Volume V in the series **A Corpus of Rembrandt Paintings** breaks new ground from the point of view of art history not only in its approach to Rembrandt as an artist but more particularly to his thinking about painting Moreover a detailed comparison of Rembrandt's works and those by his apprentices who based their works on his led to a profound and detailed understanding of Rembrandt's views on pictorial quality In art historical literature quality usually does not feature prominently since it is regarded as being too subjective This comparative approach together with the analysis of seventeenth century categories of thought about painting have given the research on Rembrandt a new impetus at the same time allowing us to see more clearly through seventeenth century eyes That is why the new volume of the Corpus is an important publication not only for art historians but also for all who want to fully enjoy the numerous works of art that date back to the Dutch Golden Age now scattered in museums around the world

A Corpus of Rembrandt Paintings IV Ernst van de Wetering, 2010-07-19

Volume IV of **A Corpus of Rembrandt Paintings** deals uniquely with the self portraits of Rembrandt In a clearly written explanatory style the head of the Rembrandt Research Project and Editor of this Volume Ernst van de Wetering discusses the full body of work of paintings and etchings portraying Rembrandt He sets the different parameters for accepting or rejecting a Rembrandt self portrait as such whilst also discussing the exact working environment of Rembrandt and his apprentices This workshop setting created a surroundings where apprentices could be involved in working on Rembrandt paintings making it more difficult to determine the hand of the master Van de Wetering who is one of the Rembrandt experts of our day and age goes down to great detail to explain how the different self portraits are made and what techniques Rembrandt uses also giving an overview of which paintings are to be attributed to the Dutch Master and which not In the additional catalogue the self portraits are examined in detail In clear and accessible explanatory text the different paintings are discussed larded with immaculate images of each painting Details are shown where possible as well as the results of modern day technical imaging like X radiography This work of art history and art research should be part of every serious art historical institute university or museum Nowhere in the art history have all Rembrandt's self portraits been discussed in such detailed and comparative manner by an authority such as Ernst van de Wetering This is a standard work for decades to come

Rembrandt's Religious Prints Charles M. Rosenberg, 2017-09-11 A stunning catalogue of the seventy religious prints from the 2017 exhibition featuring detailed background information on each piece Rembrandt's stunning religious prints

stand as evidence of the Dutch master's extraordinary skill as a technician and as a testament to his genius as a teller of tales. Here several virtually unknown etchings collected by the Feddersen family and now preserved for the ages at the University of Notre Dame are made widely available in a lavishly illustrated volume. Building on the contributions of earlier Rembrandt scholars, noted art historian Charles M. Rosenberg illuminates each of the seventy religious prints through detailed background information on the artist's career as well as the historical, religious, and artistic impulses informing their creation. Readers will enjoy an impression of the earliest work, *The Circumcision* (1625-26), the famous *Hundred Guilder Print*, the enigmatic *Eighth State of Christ Presented to the People*, one of a handful of examples of the very rare final posthumous state of *The Three Crosses*, and an impression and counterproof of *The Triumph of Mordecai*. From the joyous epiphany of the coming of the Messiah to the anguish of the betrayal of a father, Jacob, by his children, from choirs of angels waiting to receive the Virgin into heaven to the dog who defecates in the road by an ancient inn, *The Good Samaritan*, Rembrandt's etchings offer a window into the nature of faith, aspiration, and human experience ranging from the ecstatically divine to the worldly and mundane. Ultimately, these prints, modest, intimate, fragile objects, are great works of art which, like all masterpieces, reward us with fresh insights and discoveries at each new encounter. Despite many reliable catalogues of Rembrandt etchings, very few have focused on the religious content of these prints. The outstanding range of the Feddersen Collection offers an excellent occasion for closer examination of Rembrandt's development as a printmaker but also as a spiritual, devout Christian, especially evident from his thoughtful return to the same subjects across his career. Charles Rosenberg and his team at the Sotheby Museum deserve our thanks for fresh analysis of Rembrandt's religious prints combined with the latest scholarship on the artist and his etchings output. Rembrandt scholars but also all lovers of the artist will want to consult this important catalogue. Larry Silver, author with Shelley Perlove of *Rembrandt's Faith: Church and Temple in the Dutch Golden Age*, Rembrandt's etchings of religious themes capture the emotional heart of their subjects through a uniquely inventive approach to both technique and content. The seventy prints gathered by Jack and Alfrieda Feddersen span the full range of Rembrandt's production and offer an outstanding resource for appreciation and research. This catalogue tells the fascinating story of how the collection was formed and brings a fresh analysis to each print. Charles Rosenberg's extensive catalogue entries will be useful reading for anyone interested in the history of European art and one of its most talented practitioners, Rembrandt van Rijn. Stephanie Dickey, Queen's University. *A catalogue of a ... collection of prints, and drawings ... the property of a man of fashion ... which will be sold by auction*, 1786. Marten and Oopjen. Jonathan Bikker, 2016. Early this year the two Rembrandt portraits were bought together by the Netherlands and France, a unique event. From 2 July to 2 October 2016, Marten Oopjen will have a place of honour alongside *The Night Watch*. The paintings will then be restored at the Rijksmuseum. Rembrandt painted the marriage portraits of the newlyweds Marten Soolmans and Oopjen Coppit in Amsterdam in 1634 when he was twenty-eight. The portraits, more than two metres high, remained in private hands for almost

four centuries Who exactly were Marten and Oopjen Jonathan Bikker Rijksmuseum curator carried out extensive research into the two portraits by Rembrandt

Rembrandt's Enterprise Svetlana Alpers,1990 Drawing on and furthering the enterprise of Rembrandt scholars who have been reinterpreting the artist and his work over the past 25 years Alpers presents new considerations about Rembrandt's handling of paint his theatrical approach to his models his use of his studio as an environment under his control and his relationship to those who bought his work Her study is timely in light of recent research showing that well known works attributed to Rembrandt are by followers instead Alpers developed her text from a lecture series and the prose gains readability by retaining some of the flavor of a talk Still this will find its audience chiefly among scholars and specialists in the field Kathryn W Finkelstein M Ln Cincinnati Copyright 1988 Reed Business Information Inc From Library Journal

Rembrandt's Faith: Church and Temple in the Dutch Golden Age , An art historical study of Rembrandt's use of religious imagery arranged by subject matter Demonstrates the new ideas the artist brought to his interpretations of the Jerusalem Temple and the apostolate church as he explored the relationship between Jewish and Christian revelation in biblical history Provided by publisher

The Image of the Black in Western Art David Bindman,2010 A pioneering work in the field of art history The Image of the Black in Western Art is a comprehensive series of ten books which offers a lavishly illustrated history of the representations of people of African descent from antiquity to the present Each book includes a series of essays by some of the most distinguished names in art history Ranging from images of Pharaohs created by unknown hands almost 3 500 years ago to the works of the great masters of European and American art such as Bosch D rer Mantegna Rembrandt Rubens Watteau Hogarth Copley and Goya to stunning new media creations by contemporary black artists these books are generously illustrated with beautiful moving and often little known images of black people Black figures queens and slaves saints and soldiers priests and prisoners dancers and athletes children and gods are central to the visual imagination of Western civilization Written in accessible language the extensive and insightful commentaries on the illustrations by distinguished art historians make this series invaluable for the general reader and the specialist alike R sum de l diteur

Rembrandt's Ghost in the New Machine Bill H. Ritchie,2024-03-06 Mac was on his way to a Halloween Party dressed like his hero Rembrandt To complete his costume he took his miniature etching press and a printing plate The plate however had a magical effect and landed him on a dung boat in Amsterdam's harbor It was now 1660 not 2012 Join Mac on the events that followed his unhappy travel in time as he was picked up by a Madam Lucky she dumped him at Rembrandt's neighbor However he was drawn into the complications of

Rembrandt's fallen desperate state Can Mac help his hero make a comeback Or will the murderous Madam have her way with poor old Mac

A Corpus of Rembrandt Paintings J. Bruyn, B. Haak, S.H. Levie, P.J.J. van Thiel, 2013-05-14 Since the second half of the last century art historians realizing that the image of Rembrandt's work had become blurred with time have attempted to redefine the artist's significance both as a source of inspiration to other artists and as a great artist in his own right In order to carry on the work started by previous generations a group of leading Dutch art historians from the university and museum world joined forces in the late 1960s in order to study afresh the paintings usually ascribed to the artist The researchers came together in the Rembrandt Research Project which was established to provide the art world with a new standard reference work which would serve the community of art historians for the nearby and long future They examined the originals of all works attributed to Rembrandt taking full advantage of today's sophisticated techniques including radiography neutron activation autoradiography dendrochronology and paint sample analysis thereby gaining valuable insight into the genesis and condition of the paintings The result of this meticulous research is laid down chronologically in the following Volumes A Corpus of Rembrandt Paintings Volume I which deals with works from Rembrandt's early years in Leiden 1629-1631 published in 1982 THIS VOLUME A Corpus of Rembrandt Paintings Volume II covering his first years in Amsterdam 1631-1634 published in 1986 A Corpus of Rembrandt Paintings Volume III goes into his later years of reputation 1635-1642 published in 1990 Each Volume consists of a number of Introductory Chapters as well as the full Catalogue of all paintings from the given time period attributed to Rembrandt In this catalogue each painting is discussed and examined in a detailed way comprising a descriptive an interpretative and a documentary section For the authenticity evaluation of the paintings three different categories are used to divide the works in A Paintings by Rembrandt B Paintings of which Rembrandt's authorship cannot be positively either accepted or rejected and C Paintings of which Rembrandt's authorship cannot be accepted This volume Volume II contains 900 pages starting of with five introductory chapters and discussing 101 paintings In clear and accessible explanatory text all different paintings are discussed larded with immaculate images of each painting Details are shown where possible as well as the results of modern day technical imaging Art Historical Perspectives on the Portrayal of Animal Death Roni Grén, 2024-04-22 This study concentrates on the discourses around animal death in arts and the ways they changed over time Chapter topics span from religious symbolism to natural history cabinets from hunting laws to animal rights from economic history to formalist views on art In other words the book asks why artists have represented animal death in visual culture maintaining that the practice has through the whole era been a crucial part of the understanding of our relation to the world and our identity as humans This is the first truly integrative book length examination of the depiction of dead animals in Western art The book will be of interest to scholars working in art history animal studies and cultural history *An Alphabetical Catalogue of Plates* J. & J. Rembrandt Two Introduction

In the digital age, access to information has become easier than ever before. The ability to download Rembrandt Two has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Rembrandt Two has opened up a world of possibilities. Downloading Rembrandt Two provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Rembrandt Two has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Rembrandt Two. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Rembrandt Two. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Rembrandt Two, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Rembrandt Two has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Rembrandt Two Books

What is a Rembrandt Two PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Rembrandt Two PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Rembrandt Two PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Rembrandt Two PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Rembrandt Two PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. How do I compress a PDF file? You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. Can I fill out forms in a PDF file? Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
