Russia Under Western Eyes From The Bronze Horseman To The Lenin Mausoleum:

Russia under Western Eyes Martin E Malia,2009-06-30 A dazzling work of intellectual history by a world renowned scholar spanning the years from Peter the Great to the fall of the Soviet Union this book gives us a clear and sweeping view of Russia not as an eternal barbarian menace but as an outermost if laggard member in the continuum of European nations

Putin's Russia Stephen K. Wegren,2018-11-16 Now in a thoroughly revised expanded and updated edition this classic text provides the most authoritative and current analysis of contemporary Russia Leading scholars explore the daunting domestic and international problems Russia confronts considering a comprehensive array of economic political foreign policy and social issues Putin s approach for dealing with his country s challenges emphasizes recentralization of power and a strong state He has returned to power for a fourth term amidst unresolved policy issues both domestically and from the international community Only by understanding these challenges and previous efforts to deal with them will it be possible to understand the trajectory for Russia Well written and clearly organized this text is an indispensable guide for anyone wanting to understand contemporary Russia

Cultivating Nationhood in Imperial Russia Lisa Khachaturian,2018-02-06 Nineteenth century Armenia was a zone of competition between the Persian Ottoman and the Russian Empires Yet over the course of the century a new generation of Armenian journalists scholars and writers worked to transform their geographically socially and linguistically fragmented communities threatened by regional isolation and dissent into a patriotic and nationally conscious population Lisa Khachaturian seeks to explain how this profoundly divided society managed to achieve a common cultural bond The national project that captivated nineteenth century Eastern Armenian intellectuals was a daunting task especially since their efforts were directed in the Caucasus a territory known for its volatile history its ethnic heterogeneity and its linguistic complexity Although this cultural and social maelstrom was both aggravated and tempered by the new Russian arena of economic growth urban development and heightened technology and communication diversity was hardly a recent phenomenon in the region it had been an endemic part of Caucasian history for centuries Armenians were no exception to this While the Georgians bound to their landed nobility generally lived within kingdoms the Armenians experienced centuries of forced resettlement migration and centuries of habitation among other peoples Some Armenians had settled in faraway countries but many remained in scattered colonies within the boundaries of historic Armenia This is a study of the formation of modern Armenian national consciousness under Imperial Russian rule The Tsarist acquisition of Armenian populated territory and consequent efforts to integrate this territory into the empire imposed sufficient unity to provide a basis for a nascent national movement The particular influences of Russian imperial rule met the Eastern Armenian communities to create a new environment for a modern national revival This book reviews how nineteenth century Armenian intellectuals discussed and conceived of the nation through the formation of the Armenian press This is a rare blend of national culture and communication networking

The American Steppes David Moon,2020-04-02 Explores the transnational movements

of people plants agricultural sciences and techniques from Russia's steppes to North America's Great Plains

The new politics of Russia Andrew Monaghan, 2024-03-19 This illuminating book explains how and why Russia's relations with the west have deteriorated to the point of initiating a new era of great power competition An updated version of the bestselling 2016 edition it explores the decline in relations since the early 2000s taking in the war in Syria and the 2022 escalation in Russia's invasion of Ukraine Beyond geopolitical considerations the book delves into the nature of power in Russia itself providing an in depth examination of the networks of influence that define the country's political landscape In doing so it moves beyond the simplistic Putin centric narratives often found in western accounts offering readers a fresh perspective on Russian politics Understanding Russia is crucial for western leaders seeking to establish stable and constructive relations in the future The new politics of Russia serves as a key resource challenging conventional wisdom and unpicking the complex dynamics at play in the relationship between Russia and the west

Literature, History and Identity in Post-Soviet Russia, 1991-2006 Rosalind J. Marsh, 2007 The aim of this book is to explore some of the main preoccupations of literature culture and criticism dealing with historical themes in post Soviet Russia focusing mainly on literature in the years 1991 to 2006

introd **The Russians Are Coming, Again** Jeremy Kuzmarov, John Marciano, 2018-05-22 This book is a red flag to restore our historical consciousness about U S Russian relations and how denying this consciousness is leading to a repetition of past follies Amazon com

Russia Engages the World, 1453-1825 Cynthia H. Whittaker, Edward Kasinec, Robert H. Davis, 2003 Russia Engages the World 1453 1825 an elegant new book created by a team of leading historians in collaboration with The New York Public Library traces Russia's development from an insular medieval liturgical realm centered on Old Muscovy into a modern secular world power embodied in cosmopolitan St Petersburg Featuring eight essays and 120 images from the Library's distinguished collections it is both an engagingly written work and a striking visual object Anyone interested in the dramatic history of Russia and its extraordinary artifacts will be captivated by this book Before the late fifteenth century Europeans knew virtually nothing about Muscovy the core of what would become the Russian Empire The rare visitor merchant adventurer diplomat described an exotic alien place Then under the powerful tsar Peter the Great St Petersburg became the architectural embodiment and principal site of a cultural revolution and the port of entry for the Europeanization of Russia From the reign of Peter to that of Catherine the Great Russia sought increasing involvement in the scientific advancements and cultural trends of Europe Yet Russia harbored a certain dualism when engaging the world outside its borders identifying at times with Europe and at other times with its Asian neighbors The essays are enhanced by images of rare Russian books illuminated manuscripts maps engravings watercolors and woodcuts from the fifteenth to the nineteenth centuries as well as the treasures of diverse minority cultures living in the territories of the Empire or acquired by Russian voyagers These materials were also featured in an exhibition of the same name mounted at The New York Public Library in the fall of 2003 to celebrate the tercentenary of St Petersburg

The Titans of the Twentieth Century Michael

Mandelbaum,2024-08-06 An engaging and original historical portrait of eight of the most influential political figures of the twentieth century Woodrow Wilson Lenin Hitler Churchill FDR Gandhi David Ben Gurion and Mao The Titans of the Twentieth Century addresses an age old question what is the impact of individuals on history The first half of the twentieth century offered political leaders enormous scope for changing the world This book consists of essays about eight who for better and for worse did just that Woodrow Wilson had a vision for a cooperative world order that failed after the First World War but gained in influence after the Second Vladimir Ilich Lenin founded the totalitarian communist political system that controlled a large part of the planet for much of the twentieth century Adolf Hitler started history s worst war and presided over history s worst atrocity the Holocaust Winston Churchill provided inspiring leadership to Great Britain which made it possible to defeat Nazi Germany in World War II Franklin D Roosevelt steered the United States through the Great Depression and the Second World War Mohandas Gandhi led the movement and developed the philosophy of non violence that ended British rule in South Asia paving the way for the end of empires throughout Asia and Africa David Ben Gurion led the miraculous restoration of Jewish sovereignty in the Holy Land Mao Zedong imposed totalitarian communist rule on China and became history s most egregious mass murderer Individually each chapter offers fresh and often surprising portraits of the twentieth century s titans Collectively the essays present a vivid and revealing portrait of a turbulent half century that shaped the world of today *Enlightened Metropolis* Alexander M. Martin,2013-03-28 Imperial Russia is was said had two capital cities because it had two identities St Petersburg was Russia s window to Europe whereas Moscow preserved the nation s proud historical traditions *Enlightened Metropolis* challenges this myth by exploring how the tsarist regime actually tried to turn Moscow into a bridgehead of Europe in the heartland of Russia Moscow in the eighteenth century was widely scorned as backward and Asiatic The tsars thought it a benighted place that endangered their state s internal security and their effort to make Russia European Beginning with Catherine the Great they sought to construct a new Moscow with European buildings and institutions a Westernized middle estate and a new cultural image as an enlightened metropolis Drawing on the methodologies of urban social institutional cultural and intellectual history *Enlightened Metropolis* asks How was the urban environment buildings institutions streets smells transformed in the nine decades from Catherine s accession to the death of Nicholas I How were the lives of the inhabitants changed Did a middle estate come into being How similar was Moscow s modernization to that of Western cities and how was it affected by the disastrous occupation by Napoleon Lastly how were Moscow and its people imagined by writers artists and social commentators in Russia and the West from the Enlightenment to the mid nineteenth century **The Catholic Church and Russia** Dennis J. Dunn,2017-05-15 This unique account of Russia s encounter with Catholicism from the medieval period to the present provides fascinating insights into Catholic Russian relations Dennis Dunn analyzes religious politics in the former USSR and in Russia particularly in areas where relations between the state backed Orthodox establishment and the Catholic Church have renewed debates about civil

rights religious freedom and Russian national identity under Vladimir Putin's regime. Discussing issues such as the role of Pope John Paul II in helping to bring down the Iron Curtain, Dunn argues provocatively that Catholic Russian relations are a microcosm of Western Russian relations and sheds new light on the historical strain between Russia and the West. Showing how Russia's adoption of a secular ideology, a vain attempt to surpass the West, alienated the Russian government not only from the Catholic Church but also from its own Orthodox foundation, this book discusses how Russia sealed its fate while precipitating the Cold War with the West. Students and general readers interested in Russian history, Western Russian relations, Catholicism, and comparative religion more broadly will find this an invaluable and accessible account of an important and understudied subject.

Russian Foreign Policy in the Twenty-first Century and the Shadow of the Past Robert Legvold, 2007. Because the turbulent trajectory of Russia's foreign policy since the collapse of the Soviet Union echoes previous moments of social and political transformation, history offers a special vantage point from which to judge the current course of events. In this book, a mix of leading historians and political scientists examines the foreign policy of contemporary Russia over four centuries of history. The authors explain the impact of empire and its loss, the interweaving of domestic and foreign impulses, long-standing approaches to national security, and the effect of globalization over time. Contributors focus on the underlying patterns that have marked Russian foreign policy and that persist today. These patterns are driven by the country's political makeup, geographical circumstances, economic strivings, unsettled position in the larger international setting, and above all, its tortured effort to resolve issues of national identity. The argument here is not that the Russia of Putin and his successors must remain trapped by these historical patterns, but that history allows for an assessment of how much or how little has changed in Russia's approach to the outside world and creates a foundation for identifying what must change if Russia is to evolve. A truly unique collection, this volume utilizes history to shed crucial light on Russia's complex, occasionally inscrutable relationship with the world. In so doing, it raises the broader issue of the relationship of history to the study of contemporary foreign policy and how these two enterprises might be better joined.

Napoleon and Europe Philip G. Dwyer, 2014-07-22. Two hundred years ago, Napoleon was at the apogee of his power in Europe. This broad-ranging reassessment explores the key themes presented by his extraordinary career: from his rise to power and the foundation of the imperial state to the final defeat of his grand vision following the doomed invasion of Russia. It was a period of almost uninterrupted war in Europe, the consequences of victory or failure repeatedly transforming the political map. But Napoleon's impact reached much deeper than this, achieving the ultimate destruction of the ancien régime and feudalism in Europe and leaving a political and juridical legacy that persists today.

Status in World Politics T. V. Paul, Deborah Welch Larson, William C. Wohlforth, 2014-04-07. Rising powers such as Brazil, China, India, Russia, and Turkey are increasingly claiming heightened profiles in international politics. Although differing in other respects, rising states have a strong desire for recognition and respect. This pioneering volume on status features contributions that develop propositions on status.

concerns and illustrate them with case studies and aggregate data analysis Four cases are examined in depth the United States how it accommodates rising powers through hierarchy Russia the influence of status concerns on its foreign policy China how Beijing signals its status aspirations and India which has long sought major power status The authors analyze status from a variety of theoretical perspectives and tackle questions such as How do states signal their status claims How are such signals perceived by the leading states Will these status concerns lead to conflict or is peaceful adjustment possible

Liberal Ideas in Tsarist Russia Vanessa Rampton,2020-02-20 Liberalism is a crucially important topic today this book adds the important yet neglected Russian aspect to its history *The Russian Nobility in the Age of Alexander I* Patrick O'Meara,2019-05-30 The reign of Alexander I was a pivotal moment in the construction of Russia's national mythology This work examines this crucial period focusing on the place of the Russian nobility in relation to their ruler and the accompanying debate between reform and the status quo between a Russia old and new and between different visions of what Russia could become Drawing on extensive archival research and placing a long neglected emphasis on this aspect of Alexander I's reign this book is an important work for students and scholars of imperial Russia as well as the wider Napoleonic and post Napoleonic period in Europe **Exploring Russia's Exceptionalism in International Politics**

Raymond Taras,2023-12-19 This book explores Russia's sense of its own uniqueness and the impact this has had on Russia's conduct of international relations Examining concepts such as Russia's special civilising mission its difference from the West its proneness to conduct violent warfare and more and discussing these concepts in relation to Russia's history and its present behaviour and also in relation to other countries views of themselves as exceptional the book highlights Russia's sense of its own identity as a key factor shaping current international events [A Psychoanalytic Study of Political Leadership in the United States and Russia](#) Karyne E. Messina,2024-05-20 A Psychoanalytic Study of Political Leadership in the United States and Russia Searching for Truth provides psychoanalytic insight into the motives of this complex and contradictory figure The contributors from different professional and academic backgrounds use a range of methods including quantitative research and literary analysis to shed light on Putin's background outlook and current actions Reflecting a range of perspectives on how Putin's background may have informed his beliefs and his actions particularly with respect to the invasion of Ukraine the book brings together diverse viewpoints A Psychoanalytic Study of Political Leadership in the United States and Russia will be of great interest to psychoanalysts and to readers seeking to understand the complex dynamics of populist leadership [Remembering the Road to World War Two](#) Patrick Finney,2010-09-13 Remembering the Road to World War Two is a broad and comparative international survey of the historiography of the origins of the Second World War It explores how in the case of each of the major combatant countries historical writing on the origins of the Second World War has been inextricably linked with conceptions of national identity and collective memory **China In The Post-utopian Age** Christopher J. Smith,2019-04-11 China in the Post Utopian Age is an interdisciplinary book about

China in the post utopian age focusing on the transformations that have occurred during the leaderships of Deng Xiaoping and Jiang Zemin throughout the 1980s and 1990s
