Russia In The Era Of Peter The Great:

Russia in the Era of Peter the Great Lawrence Jay Oliva, 1969 **Russia in the Age of Peter the Great** Lindsey Hughes, 2000-01 Named one of the Best Nonfiction Books of 1998 by the Los Angeles Times Book Review this magisterial volume is a history of Peter the Great and the Russia he governed *The History of Peter the Great* Voltaire, 2014-09-01 French Enlightenment thinker Voltaire saw much to admire in Russian emperor Peter the Great Most significantly Voltaire admired Peter's tireless efforts to drag Russia from its medieval mindset and thrust it into an age of rationality This exhaustive biography focuses more on Peter's philosophy and values than his wartime exploits **Russia in the Era Of Peter the Great** Lj Oliva, 1962 **Peter the Great Changes Russia** Marc Raeff, 1972 [The Image of Peter the Great in Russian History and Thought](#) Nicholas Valentine Riasanovsky, 1992 The image of Peter the Great Tsar of Russia from 1689 to 1725 has been a central theme of Russian history art and literature This study draws on Russian historical accounts folklore and the arts to demonstrate how the image of Peter has reflected the changing cultural values of Russian people **The Military History of the Russian Empire from Peter the Great until Nicholas II** John W. Steinberg, 2024-01-11 This book examines the rise and the fall of the Russian Empire through the lens of its military history While much of the literature on this history tends to focus on epochs *The Russian Military and the Creation of Empire* uses a variety of archival sources to capture this aspect of modern Russia from Peter the Great right up to the present day John W Steinberg analyzes the social dynamic between Russian society and its military over time Through a focus on civil military relations he demonstrates that both the Tsarist and Soviet regimes were built on and ultimately dependent upon the support of the military Case studies of significant battles are also used throughout the volume to reveal insights into the roles missions and capabilities of the Russian military since 1689 *The Russian Military and the Creation of Empire* is a vital study for all students of modern Russia and the history of modern warfare *Events That Formed the Modern World* Frank W. Thackeray, John E. Findling, 2012-05-31 This comprehensive five volume set contains readable essays that describe and interpret the most important global events since the European Renaissance some accompanied by related document excerpts and primary source materials What were the effects of the Age of Exploration on today's ethnic groups and social structure How did the development of moveable type pave the way for Facebook and Twitter Why is the Reformation so critical for understanding today's religious controversies This set will help readers answer these questions by exploring the most significant historical events of the modern world This five volume set covers times from the Renaissance to the present Each volume focuses on a specific historic period and examines 12 events within those time frames that changed the world Each entry provides an introduction that lays out factual material in a chronological manner an in depth essay interpreting the event's significance and an annotated bibliography of the most important current works on the topic Select entries are followed by primary sources pertaining to the event under consideration such as diary entries Targeted to both general readers as well as entry

level university students this book also directly supports high school and undergraduate curricula allowing students to identify and contextualize events in order to think critically about their causes aftermath and legacy Russia in the Age of Peter the Great :1682-1725 Lindsey Hughes,1998 **History of Russia and of Peter the Great** Philippe Paul comte de Ségur,1829 **Peter the Great** Lindsey Hughes,2002-01-01 The definitive short biography of the enigmatic Peter the Great Peter the Great 1672 1725 tsar of Russia for forty three years was a dramatic appealing and unconventional character This book provides a vivid sense of the dynamics of his life both public and private and his reign Drawing on his letters and papers as well as on other contemporary accounts the book provides new insights into Peter s complex character giving information on his actions deliberations possessions and significant fantasy world his many disguises and pseudonyms his interest in dwarfs his clowning and vandalism It also sheds fresh light on his relationships with individuals such as his second wife Catherine and his favorite Alexander Menshikov The book includes discussions of Peter s image in painting and sculpture and there are two final chapters on his legacy and posthumous reputation up to the present **Russian Legends** Charles River Charles River Editors,2018-01-20 Includes pictures of Peter and important people places and events Includes a Bibliography for further reading I have conquered an empire but have not been able to conquer myself Peter the Great A lot of ink has been spilled covering the lives of history s most influential figures but how much of the forest is lost for the trees In Charles River Editors Russian Legends series readers can get caught up to speed on the lives of Russia s most important men and women in the time it takes to finish a commute while learning interesting facts long forgotten or never known For anyone trying to understand the origins of modern Russia the search should begin with Tsar Peter I 1672 1725 who titled himself Peter the Great during his lifetime The moniker is fitting considering the manner in which Peter brought Russia out of the Middle Ages and into the 18th century Through a series of campaigns Peter turned Russia into a formidable empire that would subsequently become a major force on the European continent while also emulating Western Europe and turning Russia into an international state that interacted with the other continental powers By revolutionizing and modernizing Russian arms including the creation of Russia s first naval force Peter was able to pursue an aggressive and expansionist foreign policy that set the stage for the way the European map would be redrawn again and again over the coming centuries Perhaps more remarkably as Peter was stretching Russia s borders he was transforming Russia from the inside as well Fond of the cultures to the west Peter embraced technology science and the arts developing a new educational system for his people and supporting a number of institutions of higher learning in Russia He built a European style capital at St Petersburg and also established new ports and access to the Baltic Sea for the purposes of opening up trade with the west At the same time if Peter was responsible for the modernization of Russia he can also be held responsible for some of its more unsavory features Though he accomplished a great many achievements during his reign he also formally defined the status of Russian serfs for more than 200 years and bankrupted the Russian state with his navy wars and building campaigns in St Petersburg

Remedying the situations left by Peter would fall upon his successors and not all of them would prove up to the challenges Russian Legends The Life and Legacy of Peter the Great chronicles the life of the Russian Tsar and the profound historical legacy he left Along with pictures of important people places and events you will learn about Peter the Great like you never have before in no time at all *Russia's New Era* R. J. Barrett,1908 **The 17th and 18th Centuries** Frank N.
