

Russia Ukraine And The Breakup Of The Soviet Union

D. Marples

Russia Ukraine And The Breakup Of The Soviet Union:

Russia, Ukraine, and the Breakup of the Soviet Union Roman Šporlúk, Roman Szporluk, 2000 Focusing on the critical relationship between Ukraine and Russia renowned scholar Roman Szporluk chronicles the final two decades in the history of the Soviet Union and presents a story that is often lost in the standard interpretations of the collapse of communism

Russia, Ukraine, and the Breakup of the Soviet Union Roman Szporluk, 2020-02-24 This book chronicles the final two decades in the history of the Soviet Union and presents a story that is often lost in the standard interpretations of the collapse of communism in Eastern Europe and the USSR Although there were numerous reasons for the collapse of communism it did not happen as it may have seemed to some overnight Indeed says Roman Szporluk the root causes go back even earlier than 1917 To understand why the USSR broke up the way it did it is necessary to understand the relationship between the two most important nations of the USSR Russia and Ukraine during the Soviet period and before as well as the parallel but interrelated processes of nation formation in both states Szporluk details a number of often overlooked factors leading to the USSR's fall how the processes of Russian identity formation were not completed by the time of the communist takeover in 1917 the unification of Ukraine in 1939 1945 and the Soviet period failing to find a resolution of the question of Russian Ukrainian relations The present day conflict in the Caucasus he asserts is a sign that the problems of Russian identity remain

The Ukrainian-Russian Borderland Volodymyr V. Kravchenko, 2022-08-26 The eastern edge of Europe has long been in flux The nature of the Ukrainian Russian relationship is both complex and ambiguous Prompted by the countries historical and geographical entanglement Volodymyr Kravchenko asks what the words Ukraine and Russia really mean The Ukrainian Russian Borderland abandons linear historical interpretation and addresses questions of identity and meaning through imperial and geographic contexts Dominated by imperial powers Eastern Europe and its boundaries were in a constant state of flux and re identification during the Russian imperial period Here the Little Russian early modern identity discourse both connects and separates modern Russian and Ukrainian identities and gives rise to issues of historical terminology Mirroring the historical ambiguity is the geographical fluidity of the borders between Ukraine and Russia Kravchenko situates this issue in the city of Kharkiv and Kharkiv University as both real and imagined markers of the borderland Putting the centuries long Ukrainian Russian relationship into imperial and regional contexts Kravchenko adds a new perspective to the ongoing discourse about relations between the two nations

Ukrainian Historical Writing in North America during the Cold War Volodymyr V. Kravchenko, 2022-12-13 This book is the first comprehensive survey of Ukrainian historical writing in North America during the Cold War The author describes the development of Ukrainian historical studies in Canada and the United States as an open sometimes difficult dialogue between the Ukrainian ethnic and academic communities on the one hand and between Ukrainian scholars and Western academic mainstream on the other He focuses on the institutional and the intellectual issues including various interpretations of major topics related to the Ukrainian national

grand narrative considering them in the evolving academic and political contexts of Slavic East European and Soviet studies

Living Soviet in Ukraine from Stalin to Maidan Michael T. Westrate, 2016-04-29 What the world is now witnessing in Ukraine is the cumulative effect of history and memory in the lives of the people of the region and this book directly addresses those subjects Although the majority of scholarship on the Soviet Union focuses on top level political and intellectual elites these groups were only tiny minorities What was life like for the rest of society What was it like for the vast population that usually supported the regime mostly accepted the rules essentially internalized the ideology and generally made the same choices as their neighbors and friends What was it like to live Soviet as the USSR hit its peak as a superpower and then fell apart What was it like to live Soviet in Ukraine in the decade after independence This book answers those questions It is an oral history of a group of military colonels and their wives children and contemporaries covering their lives from childhood to the present During this period these military families went from comfortable economic circumstances professional prestige and political influence as part of the Soviet upper stratum to destitution and disgrace in the 1990s Today many of them are part of Europe's largest ethnic minority Russians in Ukraine The geographic focus is Kharkiv the second largest city in Europe's second largest country a Russian speaking city in eastern Ukraine Based on 3 000 pages of interview transcripts and supplemented with materials gleaned from unprecedented access to personal family and institutional archives the book investigates how families endured shifting social cultural and political realities By analyzing the lives of individuals in context Westrate provides insights at the grassroots level He reveals how ideological professional gender ethnic and national imperatives as developed and transmitted by elites were internalized transformed or rejected by the rank and file He reveals how the subjective identities of individuals and small groups developed and changed over time and how that process relates to the parallel projects pursued by the leaders of their countries In the process he shows what those experiences have to offer the study of Soviet post Soviet and transnational history bridging the boundaries created by the collapse of the USSR and exploring the foundations of both twenty first century Ukraine and today's conflicts *Nuclear Energy And Security In The Former Soviet Union* David R Marples, Marilyn J Young, 2018-02-19 Only several years after the collapse of the Soviet Union nuclear security issues are again at the forefront of international concern This timely collection addresses issues of cleanup at Chernobyl and other sites of nuclear disasters nuclear smuggling safety concerns in the Ukrainian and Russian nuclear industries and Ukraine's negotiations with Russia and the West regarding the transference of its nuclear weapons to Russia Preeminent scholars in their fields the contributors provide up to the minute information and fresh insights into questions critical to the future of the former Soviet Union and to Russian and Ukrainian relations with the West Revolution and War in Contemporary Ukraine Olga Bertelsen, 2017-03-28 What are the reasons behind and trajectories of the rapid cultural changes in Ukraine since 2013 This volume highlights the role of the Revolution of Dignity and the Russian Ukrainian war in the formation of Ukrainian civil society the forms of warfare waged by Moscow against Kyiv

including information and religious wars Ukrainian and Russian identities and cultural realignment sources of destabilization in Ukraine and beyond memory politics and Russian foreign policies the Kremlin's geopolitical goals in its near abroad and factors determining Ukraine's future and survival in a state of war The studies included in this collection illuminate the growing gap between the political and social systems of Ukraine and Russia The anthology illustrates how the Ukrainian revolution of 2013-2014 Russia's annexation of the Crimean peninsula and its invasion of eastern Ukraine have altered the post Cold War political landscape and with it regional and global power and security dynamics *Historical Dictionary of Ukraine* Ivan Katchanovski, Zenon E. Kohut, Bohdan Y. Nebesio, Myroslav Yurkevich, 2013-07-11 Although present day Ukraine has only been in existence for something over two decades its recorded history reaches much further back for more than a thousand years to Kyivan Rus Over that time it has usually been under control of invaders like the Turks and Tatars or neighbors like Russia and Poland and indeed it was part of the Soviet Union until it gained its independence in 1991 Today it is drawn between its huge neighbor to the east and the European Union and is still struggling to choose its own path although it remains uncertain of which way to turn Nonetheless as one of the largest European states with considerable economic potential it is not a place that can be readily overlooked The problem is or at least was where to find information on this huge modern Ukraine and since 2005 the answer has been the *Historical Dictionary of Ukraine* in its first edition and now even more so with this second edition It now boasts a dictionary section of about 725 entries these covering the thousand years of history but particularly the recent past and focusing on significant persons places and events political parties and institutions as well as more broadly international relations the economy society and culture The chronology permits readers to follow this history and the introduction is there to make sense of it It also features the most extensive and up to date bibliography of English language writing on Ukraine Constitutional Referendums Stephen Tierney, 2012-04-05 The use of referendums around the world has grown remarkably in the past thirty years and in particular referendums are today deployed more than ever in the settlement of constitutional questions even in countries with little or no tradition of direct democracy This is the first book by a constitutional theorist to address the implications of this development for constitutional democracy in a globalizing age when many of the older certainties surrounding sovereignty and constitutional authority are coming under scrutiny The book identifies four substantive constitutional processes where the referendum is regularly used today the founding of new states the creation or amendment of constitutions the establishment of complex new models of sub state autonomy particularly in multinational states and the transfer of sovereign powers from European states to the European Union The book as a study in constitutional theory addresses the challenges this phenomenon poses not only for particular constitutional orders which are typically structured around a representative model of democracy but for constitutional theory more broadly The main theoretical focus of the book is the relationship between the referendum and democracy It addresses the standard criticisms which the referendum is subjected to by democratic theorists and deploys

both civic republican theory and the recent turn in deliberative democracy to ask whether by good process design the constitutional referendum is capable of facilitating the engagement of citizens in deliberative acts of constitution making With the referendum firmly established as a fixture of contemporary constitutionalism the book addresses the key question for constitutional theorists and practitioners of how might its operation be made more democratic in age of constitutional transformation

The Conflict in Ukraine Serhy Yekelchuk, 2015 When guns began firing again in Europe why was it Ukraine that became the battlefield Conventional wisdom dictates that Ukraine's current crisis can be traced to the linguistic differences and divided political loyalties that have long fractured the country However this theory only obscures the true significance of Ukraine's recent civic revolution and the conflict's crucial international dimension The 2013-14 Ukrainian revolution presented authoritarian powers in Russia with both a democratic and a geopolitical challenge President Vladimir Putin reacted aggressively by annexing the Crimea and sponsoring the war in eastern Ukraine and Russia's actions subsequently prompted Western sanctions and growing international tensions reminiscent of the Cold War Though the media portrays the situation as an ethnic conflict an internal Ukrainian affair it is in reality reflective of a global discord stemming from differing views on state power civil society and democracy

The Conflict in Ukraine What Everyone Needs to Know explores Ukraine's contemporary conflict and complicated history of ethnic identity and it does so by weaving questions of the country's fraught relations with its former imperial master Russia throughout the narrative In denying Ukraine's existence as a separate nation Putin has adopted a stance similar to that of the last Russian tsars who banned the Ukrainian language in print and on stage Ukraine emerged as a nation state as a result of the imperial collapse in 1917 but it was subsequently absorbed into the USSR When the former Soviet republics became independent states in 1991 the Ukrainian authorities sought to assert their country's national distinctiveness but they failed to reform the economy or eradicate corruption As Serhy Yekelchuk explains for the last 150 years recognition of Ukraine as a separate nation has been a litmus test of Russian democracy and the Russian threat to Ukraine will remain in place for as long as the Putinist regime is in power In this concise and penetrating book Yekelchuk describes the current crisis in Ukraine the country's ethnic composition and the Ukrainian national identity He takes readers through the history of Ukraine's emergence as a sovereign nation the after effects of communism the Orange Revolution the EuroMaidan the annexation of the Crimean Peninsula the war in the Donbas and the West's attempts at peace making The Conflict in Ukraine is essential reading for anyone who wants to understand the forces that have shaped contemporary politics in this increasingly important part of Europe

What Everyone Needs to Know is a registered trademark of Oxford University Press

The Ukrainian West William Jay Risch, 2011-06-06 Months before crowds in Moscow dismantled monuments to Lenin residents of the western Ukrainian city of Lviv toppled theirs Risch argues that Soviet politics of empire created this anti Soviet city and that opposition from the periphery as much as from the imperial center was instrumental in unraveling the Soviet Union

Russian Politics and

Presidential Power Donald R. Kelley, 2016-10-05 Russian Politics and Presidential Power takes an in depth look at the Russian presidency and uses it as a key to understanding Russian politics Donald R Kelley looks at presidents from Gorbachev to Putin as authoritarian transformational leaders who set out to build the future while sometimes rejecting and reinterpreting the work of past modernizers Placing the presidency in this context helps readers understand both the disintegration of the Soviet Union and the nature of the Russian Federation that rose in its place And by setting the presidency within a longer historical context Kelley shows how the future of the presidency is dependent on other features of the political system

The Encyclopedia of the Cold War Spencer C. Tucker, 2007-09-12 A comprehensive five volume reference on the defining conflict of the second half of the 20th century covering all aspects of the Cold War as it influenced events around the world The conflict that dominated world events for nearly five decades is now captured in a multivolume work of unprecedented magnitude from a publisher widely acclaimed for its authoritative military and historical references Under the direction of internationally known military historian Spencer Tucker ABC CLIO's The Encyclopedia of the Cold War A Political Social and Military History offers the most current and comprehensive treatment ever published of the ideological conflict that not so long ago enveloped the globe From the Second World War to the collapse of the Soviet Union The Encyclopedia of the Cold War provides authoritative information on all military conflicts battlefield and surveillance technologies diplomatic initiatives important individuals and organizations national histories economic developments societal and cultural events and more The nearly 1 300 entries plus topical essays and an extraordinarily rich documents volume draw heavily on recently opened Russian Eastern European and Chinese archives The work is a definitive cornerstone reference on one of the most important historical topics of our time

What Do We Know about War? Sara McLaughlin Mitchell, John A. Vasquez, 2024-01-09 This invaluable text assesses the current research on the causes of both war and peace In this revised third edition now with a brand new chapter on the Russian Ukraine War leading international relations scholars explore the role of territorial disputes power alliances arms races rivalry and nuclear weapons in bringing about war the outcomes and consequences of war and the factors that promote peace including democracy norms capitalist economies and stable borders The revised third edition includes a section on emerging trends in research on cyber war the environment and climate change leaders war financing and trends in interstate conflict Reviewing fifty years of scientific research the contributors provide an accessible and up to date overview of current knowledge and a road map for future research

Conflict in Ukraine Rajan Menon, Eugene B. Rumer, 2015-01-16 One of The New York Times 6 Books to Read for Context on Ukraine A short and insightful primer to the crisis in Ukraine and its implications for both the Crimean Peninsula and Russia's relations with the West New York Review of Books The current conflict in Ukraine has spawned the most serious crisis between Russia and the West since the end of the Cold War It has undermined European security raised questions about NATO's future and put an end to one of the most ambitious projects of U S foreign policy building a partnership with Russia It also threatens to undermine U S diplomatic

efforts on issues ranging from terrorism to nuclear proliferation And in the absence of direct negotiations each side is betting that political and economic pressure will force the other to blink first Caught in this dangerous game of chicken the West cannot afford to lose sight of the importance of stable relations with Russia This book puts the conflict in historical perspective by examining the evolution of the crisis and assessing its implications both for the Crimean Peninsula and for Russia's relations with the West more generally Experts in the international relations of post Soviet states political scientists Rajan Menon and Eugene Rumer clearly show what is at stake in Ukraine explaining the key economic political and security challenges and prospects for overcoming them They also discuss historical precedents sketch likely outcomes and propose policies for safeguarding U S Russia relations in the future In doing so they provide a comprehensive and accessible study of a conflict whose consequences will be felt for many years to come **Expert Political Judgment** Philip E.

Tetlock,2017-08-29 Since its original publication *Expert Political Judgment* by New York Times bestselling author Philip Tetlock has established itself as a contemporary classic in the literature on evaluating expert opinion Tetlock first discusses arguments about whether the world is too complex for people to find the tools to understand political phenomena let alone predict the future He evaluates predictions from experts in different fields comparing them to predictions by well informed laity or those based on simple extrapolation from current trends He goes on to analyze which styles of thinking are more successful in forecasting Classifying thinking styles using Isaiah Berlin's prototypes of the fox and the hedgehog Tetlock contends that the fox the thinker who knows many little things draws from an eclectic array of traditions and is better able to improvise in response to changing events is more successful in predicting the future than the hedgehog who knows one big thing toils devotedly within one tradition and imposes formulaic solutions on ill defined problems He notes a perversely inverse relationship between the best scientific indicators of good judgement and the qualities that the media most prizes in pundits the single minded determination required to prevail in ideological combat Clearly written and impeccably researched the book fills a huge void in the literature on evaluating expert opinion It will appeal across many academic disciplines as well as to corporations seeking to develop standards for judging expert decision making Now with a new preface in which Tetlock discusses the latest research in the field the book explores what constitutes good judgment in predicting future events and looks at why experts are often wrong in their forecasts *The History of Ukraine* Paul Kubicek,2023-06-30 The

Russia Ukraine war that began in 2022 turned the world's attention on Ukraine the second largest country in Europe and one of the leading global exporters of wheat and other valuable commodities Though some Russian leaders have long denied and continue to reject Ukrainian sovereignty this book presents a comprehensive picture of Ukraine that is both intertwined with and distinct from Russian history From its days as Kyivan Rus and its inclusion in the Russian Empire to the fall of the Soviet Union the Euromaidan demonstrations and the outbreak of war with Russia Ukraine as this book demonstrates has developed its own identity territory and culture With an up to date timeline of events short biographies of contemporary and historical

figures and a useful annotated bibliography this book unpacks the historical claims and issues relevant to the conflict with Russia and provides an accessible introduction to Ukraine and its peoples

Returning People to the Moon After Apollo Pat Norris, 2019-06-04 July 2019 marks 50 years since Neil Armstrong took his famous first steps on the surface of the Moon. As people around the world celebrate the anniversary of this great American achievement they might wonder why there have been no further human missions to the Moon since Apollo 17 in 1972. This book assesses the legacy of the Apollo missions based on several decades of space developments since the program's end. The question of why we haven't sent humans back to the Moon is explored through a multidisciplinary lens that weaves together technological and historical perspectives. The nine manned Apollo missions including the six that landed on the Moon are described here by an author who has 50 years of experience in the space industry and whose work spanned the Apollo 8-13 missions. The final section of the book provides a comprehensive assessment of today's programs and current plans for sending humans to the Moon.

STALINISM in UKRAINE in the 1940s D. Marples, 1992-10-27 Stalinism in Ukraine in the 1940s focuses on the economic and social problems in Ukraine particularly during the war years and the collectivization of agriculture in Western Ukraine in the late 1940s. It compares the imposition of the Stalinist system in Eastern Ukraine in the 1930s to that in Western Ukraine in the following decade using recently released Soviet archival information and historical works.

The Economics of Soviet Breakup Bert van Selm, 2012-10-12 This book analyzes the effects of the break up of the Soviet Union into fifteen independent states. Topics discussed include past and present economic relations between the republics and forecasts for the future discussion of Customs Unions, Monetary Union or Payments Union as possible ways forward for these states. Economic integration theory, how the states of the Soviet Union functioned before the dissolution.

Russia Ukraine And The Breakup Of The Soviet Union Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Russia Ukraine And The Breakup Of The Soviet Union PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Russia Ukraine And The Breakup Of The Soviet Union PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms

offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Russia Ukraine And The Breakup Of The Soviet Union free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Russia Ukraine And The Breakup Of The Soviet Union Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Russia Ukraine And The Breakup Of The Soviet Union is one of the best book in our library for free trial. We provide copy of Russia Ukraine And The Breakup Of The Soviet Union in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Russia Ukraine And The Breakup Of The Soviet Union. Where to download Russia Ukraine And The Breakup Of The Soviet Union online for free? Are you looking for Russia Ukraine And The Breakup Of The Soviet Union PDF? This is definitely going to save you time and cash in something you should think about.
