Russian And Slavic History:

Russian and Slavic History Don Karl Rowney, George Edward Orchard, 1977 The Origins of the Slavic Nations Serhii Plokhy, 2006-09-07 This book documents developments in the countries of eastern Europe including the rise of authoritarian tendencies in Russia and Belarus as well as the victory of the democratic Orange Revolution in Ukraine and poses important questions about the origins of the East Slavic nations and the essential similarities or differences between their cultures It traces the origins of the modern Russian Ukrainian and Belarusian nations by focusing on pre modern forms of group identity among the Eastern Slavs It also challenges attempts to nationalize the Rus past on behalf of existing national projects laying the groundwork for understanding of the pre modern history of Russia Ukraine and Belarus The book covers the period from the Christianization of Kyivan Rus in the tenth century to the reign of Peter I and his eighteenth century successors by which time the idea of nationalism had begun to influence the thinking of East Slavic elites *Widener Library Shelflist: Slavic history and literatures* Harvard University. Library, 1971 Russian Nationalism and the Russian-Ukrainian War Taras Kuzio, 2022-01-26 This book is the first to provide an in depth understanding of the 2014 crisis Russia s annexation of Crimea and Europe s de facto war between Russia and Ukraine The book provides a historical and contemporary understanding behind President Vladimir Putin Russia s obsession with Ukraine and why Western opprobrium and sanctions have not deterred Russian military aggression The volume provides a wealth of detail about the inability of Russia from the time of the Tsarist Empire throughout the era of the Union of Soviet Socialist Republics USSR and since the dissolution of the latter in 1991 to accept Ukraine as an independent country and Ukrainians as a people distinct and separate from Russians The book highlights the sources of this lack of acceptance in aspects of Russian national identity In the Soviet period Russians principally identified themselves not with the Russian Soviet Federative Republic but rather with the USSR as a whole Attempts in the 1990s to forge a post imperial Russian civic identity grounded in the newly independent Russian Federation were unpopular and notions of a far larger Russian imagined community came to the fore A post Soviet integration of Tsarist Russian great power nationalism and White Russian migr chauvinism had already transformed and hardened Russian denial of the existence of Ukraine and Ukrainians as a people even prior to the 2014 crises in Crimea and the Donbas Bringing an end to both the Russian occupation of Crimea and to the broader Russian Ukrainian conflict can be expected to meet obstacles not only from the Russian de facto President for life Vladimir Putin but also from how Russia perceives its national identity A History of Russian Philosophy 1830-1930 G. M. Hamburg, Randall A. Poole, 2010-04-22 The great age of Russian philosophy spans the century between 1830 and 1930 from the famous Slavophile Westernizer controversy of the 1830s and 1840s through the Silver Age of Russian culture at the beginning of the twentieth century to the formation of a Russian philosophical emigration in the wake of the Russian Revolution This volume is a major history and interpretation of Russian philosophy in this period Eighteen chapters plus a substantial introduction and afterword discuss Russian philosophy

s main figures schools and controversies while simultaneously pursuing a common central theme the development of a distinctive Russian tradition of philosophical humanism focused on the defence of human dignity As this volume shows the century long debate over the meaning and grounds of human dignity freedom and the just society involved thinkers of all backgrounds and positions transcending easy classification as religious or secular The debate still resonates strongly today
