**Hussin A.Rothana**

## **Ruxton Of The Rockies Autobiographical Writings:**

**Ruxton of the Rockies** George Frederick Augustus Ruxton,1950      *Ruxton of the Rockies* George F. Ruxton,1982

**The Indianization of Lewis and Clark** William R. Swagerty,2012-10-29 Although some have attributed the success of the Lewis and Clark expedition primarily to gunpowder and gumption historian William R Swagerty demonstrates in this two volume set that adopting Indian ways of procuring processing and transporting food and gear was crucial to the survival of the Corps of Discovery The Indianization of Lewis and Clark retraces the well known trail of America s most famous explorers as a journey into the heart of Native America a case study of successful material adaptation and cultural borrowing Beginning with a broad examination of regional demographics and folkways Swagerty describes the cultural baggage and material preferences the expedition carried west in 1804 Detailing this baseline reveals which Indian influences were already part of Jeffersonian American culture and which were progressive adaptations the Corpsmen made of Indian ways in the course of their journey Swagerty s exhaustive research offers detailed information on both Indian and Euro American science medicine cartography and cuisine and on a wide range of technologies and material culture Readers learn what the Corpsmen wore what they ate how they traveled and where they slept and with whom before during and after the return Indianization is as old as contact experiences between Native Americans and Europeans Lewis and Clark took the process to a new level accepting the hospitality of dozens of Native groups as they sought a navigable water route to the Pacific This richly illustrated interdisciplinary study provides a unique and complex portrait of the material and cultural legacy of Indian America offering readers perspective on lessons learned but largely forgotten in the aftermath of the epic journey

**Ruxton of the Rockies** George Frederick Augustus Ruxton,1979-01-01      **The Rockies** David Sievert

Lavender,2003-06-01 From the time of Coronado s discovery to the era of modern ski resorts and sport climbing routes adventurers have been lured irresistibly to the Rocky Mountains In this book distinguished writer David Lavender traces the colorful history of the Rockies focusing on the period that began in 1859 with the first gold strikes The real and fabled attractions of gold silver furs lumber and lead brought swarms of people into the mountains eagerly seeking wealth A get rich quick spirit pervaded the Rockies leading to lawlessness violence vigilantism and political expediency The Rockies is particularly revealing about the struggles which resulted in codes peculiar to the mountainous West Duane A Smith provides a new introduction to this Bison Books edition of The Rockies      **Here Lies Hugh Glass** Jon T. Coleman,2025-09-23 In the summer of 1823 a grizzly bear mauled Hugh Glass The animal ripped the trapper up carving huge hunks from his body Glass s fellows rushed to his aid and slew the bear but Glass s injuries mocked their first aid The expedition leader arranged for his funeral two men would stay behind to bury the corpse when it finally stopped gurgling the rest would move on Alone in Indian country the caretakers quickly lost their nerve They fled taking Glass s gun knife and ammunition with them But Glass wouldn t die He began crawling toward Fort Kiowa hundreds of miles to the east and as his speed picked up so did his ire

The bastards who took his gear and left him to rot were going to pay Here Lies Hugh Glass springs from this legend The acclaimed historian Jon T Coleman delves into the accounts left by Glass s contemporaries and the mythologizers who used his story to advance their literary and filmmaking careers A spectacle of grit in the face of overwhelming odds Glass sold copy and tickets But he did much more Through him the grievances and frustrations of hired hunters in the early American West and the natural world they traversed and explored bled into the narrative of the nation A marginal player who nonetheless sheds light on the terrifying drama of life on the frontier Glass endures as a consummate survivor and a complex example of American manhood Here Lies Hugh Glass a vivid often humorous portrait of a young nation and its growing pains is a Western history like no other      **The Taos Massacres** John Durand,2004 A well written story that follows several real life characters through the turmoil of the rebellion that rocked northern New Mexico in 1847 Supplemented by battle diagrams from the official military history of the campaign to put down the rebellion and a first ever chronology of events

*Imagining the African American West* Blake Allmendinger,2005-01-01 The literature of the African American West is the last racial discourse of the region that remains unexplored Blake Allmendinger addresses this void in literary and cultural studies with *Imagining the African American West* the first comprehensive study of African American literature on the early frontier and in the modern urban American West Allmendinger charts the terrain of African American literature in the West through his exploration of novels histories autobiographies science fiction mysteries formula westerns melodramas experimental theater and political essays as well as rap music and film He examines the histories of James P Beckwourth and Oscar Micheaux slavery the Civil War and the significance of the American frontier to blacks and the Harlem Renaissance the literature of urban unrest rap music black noir and African American writers including Toni Morrison and Walter Mosley His study utilizes not only the works of well known African American writers but also some obscure and neglected works out of print books and unpublished manuscripts in library archives Much of the scholarly neglect of the Black West can be blamed on how the American West has been imagined constructed and framed in scholarship to date In his study Allmendinger provides the appropriate theoretical cultural and historical contexts for understanding the literature and suggests new directions for the future of black western literature      **Ruxton of the Rockies** George Frederick Augustus Ruxton,1950

**Western Art, Western History** Ron Tyler,2019-03-07 For nearly half a century celebrated historian Ron Tyler has researched interpreted and exhibited western American art This splendid volume gleaned from Tyler s extensive career of connoisseurship brings together eight of the author s most notable essays reworked especially for this volume Beautifully illustrated with more than 150 images *Western Art Western History* tells the stories of key artists both famous and obscure whose provocative pictures document the people and places of the nineteenth century American West The artists depicted in these pages represent a variety of personalities and artistic styles According to Tyler each of them responded in unique ways to the compelling and exotic drama that unfolded in the West during the nineteenth century an age of exploration surveying

pleasure travel and scientific discovery In eloquent and engaging prose Tyler unveils a fascinating cast of characters including the little known German Russian artist Louis Choris who served as a draftsman on the second Russian circumnavigation of the globe the exacting and precise Swiss artist Karl Bodmer who accompanied Prince Maximilian of Wied on his sojourn up the Missouri River and the young American Alfred Jacob Miller whose seemingly frivolous and romantic depictions of western mountain men and American Indians remained largely unknown until the mid twentieth century Other artists showcased in this volume are John James Audubon George Caleb Bingham Alfred E Mathews and finally Frederic Remington who famously sought to capture the last glimmers of the old frontier A common thread throughout Western Art Western History is the important role that technology especially the development of lithography played in the dissemination of images As the author emphasizes many works by western artists are valuable not only as illustrations but as scientific documents imbued with cultural meaning By placing works of western art within these broader contexts Tyler enhances our understanding of their history and significance     Encyclopedia of Frontier Biography: P-Z Dan L. Thrapp,1991-06-01 Includes biographical information on 4 500 individuals associated with the frontier     The Colorado Magazine ,1951     *Horizontal Yellow* Dan Flores,1999-09 Personal and historical meditations explore the human and natural history of the large expanse of land the Navajos once named the Horizontal Yellow     **The Journal of Arizona History** ,1980     *South Dakota History* ,1984     The Pacific Historian ,1980     **Colorado Magazine** ,1952     **Murder & Justice in Frontier New Mexico, 1821-1846** Jill Mocho,1997 This volume recounts eleven homicides in New Mexico during the Mexican period In colorfully written vignettes the author explores the social and cultural tensions that erupted in lethal violence in this isolated Mexican territory Homicide in frontier New Mexico was the culmination of violence between family members between neighbors and against and by foreigners The author describes and analyzes the murder motive investigation trial and sentencing in each case Even on this remote frontier civil authorities aggressively applied their legal tools to bring the violent offenders to justice although sentences were rarely executed Homicide and its aftermath provide an intimate view of social and cultural history The testimony of farmers laborers and artisans reveals their struggle to live and prosper in the deserts and mountains of New Mexico Preceding each chapter is a case summary listing the murder investigators alcaldes prosecutors defenders lawyers witnesses and others     **Saturday Review of Literature** ,1950     *AB Bookman's Weekly* ,1991
