Sa Raphine De Senlis:

Women in the Fine Arts Janet A. Anderson, 1991 Many women artists throughout history have generated a brilliant heritage that has been suppressed and left inaccessible for scholarly or public appreciation and study This book provides a remedy by making available literary references to women artists lives and social milieu and more importantly citing illustrations of their work for serious study Most of the references are drawn from unindexed sources in books periodicals exhibition catalogs and newspapers accompanied by an illustration guide that directs the reader to specific pictures for further study Subjects include architects painters and sculptors since the Renaissance photographers recent artists in performance video and computer fields and related areas of feminist aesthetics References are annotated if they represent a major or only work of the artist in question *Dictionnaire général de géographie universelle ancienne et moderne, historique, politique, littéraire et commerciale* Ennery, 1841 *Musées et monuments de France* Paul Vitry, 1946

dans la première moitié du XXe siècle. En effet, un ensemble de problèmes surgit dont le traitement diversifie grandement une masse discursive importante, clairement identifiable, traduisant des enjeux spécifiques et ayant des effets remarquables. La focalisation des débats sur l'art naît et engendre deux grandes tendances. La première homogénéique soutient que seul ce type d'art exprime la véritable authenticité humaine. La seconde, qui adopte une démarche interactive non exclusiviste, labore une version complexe de l'humanité en prenant en considération toutes les propositions artistiques. Ainsi s'est engagée, dans les limites d'un même paradigme, une véritable bataille de discours qui réaffirme la dimension conflictuelle de l'nonciation identitaire.
