

SABBATH READINGS

FOR THE HOME CIRCLE

I know not where his islands lift
Their fronded palms in air,
I only know I can not drift
Beyond his love and care.

—Whittier.

Historical Dictionary of the Seventh-Day Adventists Gary Land,2014-10-23 Seventh day Adventism was born as a radical millenarian sect in nineteenth century America It has since spread across the world achieving far more success in Latin America Africa and Asia than in its native land In what seems a paradox Adventist expectation of Christ s imminent return has led the denomination to develop extensive educational publishing and health systems Increasingly established within a variety of societies Adventism over time has modified its views on many issues and accommodated itself to the delay of the Second Advent In the process it has become a multicultural religion that nonetheless reflects the dominant influence of its American origins This second edition of Historical Dictionary of the Seventh Day Adventists covers its history through a chronology an introductory essay appendixes and an extensive bibliography The dictionary section has over 600 cross referenced entries on key people cinema politics and government sports and critics of Ellen White This book is an excellent access point for students researchers and anyone wanting to know more about Seventh day Adventism *The A to Z of the Seventh-Day Adventists* Gary Land,2009-07-29 Covering the Millerite movement of the 1830s and 1840s sabbatarian Adventism prior to organization of the denomination and the Seventh day Adventist Church since its organization in 1861 63 this volume provides a comprehensive history of the denomination The first major element of the book is a chronology of

Adventist history that begins with William Miller's conclusion in 1818 that the Second Advent of Jesus would occur about 1843 and extends through the Science and Theology Conferences of 2002-04. The interpretive introduction that follows places the emergence of Adventism within the context of the Second Great Awakening, describes the development of sabbatarian Adventism from its early opposition to church organization to its highly institutionalized and bureaucratically structured contemporary form, and examines the denomination's geographical expansion from a small North American sect to a global church. The dictionary entries that constitute the bulk of the volume address individuals, organizations, institutions, and doctrines that have been important in the history of the church, including dissident movements and individuals who have emerged as critics of the denomination and its beliefs. Second, there are entries on the development and current situation of Adventism in many individual countries. Finally, thematic entries on such subjects as art, music, literature, health care, and women address other elements important to understanding church life. The dictionary entries are followed by a bibliography of scholarly and popular works published by the denomination, commercial and academic presses, and individuals and organizations.

Thoughts, Critical and Practical, on the Book of Daniel and the Revelation Uriah Smith, 1884

The Annual American Catalog, 1900-1909, 1906 *Publishers Weekly*, 1905 *The Publishers Weekly*, 1905

Ellen Harmon White Terrie Dopp Aamodt, Gary Land, Ronald L. Numbers, 2014. In America as in Britain, the Victorian era enjoyed a long life stretching from the 1830s to the 1910s. It marked the transition from a pre-modern to a modern way of life. Ellen White's life, 1827-1915, spanned those years, and then some, but the last three months of a single year, 1844, served as the pivot for everything else. When the Lord failed to return on October 22 as she and other followers of William Miller had predicted, White did not lose heart. Fired by a vision she experienced, White played the principal role in transforming a remnant minority of Millerites into the sturdy sect that soon came to be known as the Seventh-day Adventists. She and a small group of fellow believers emphasized a Saturday Sabbath and an imminent Advent. Today that flourishing denomination posts twenty million adherents globally and one of the largest education, hospital, publishing, and missionary outreach programs in the world. Over the course of her life, White generated 50,000 manuscript pages and letters and produced 40 books that have enjoyed extremely wide circulation. She ranks as one of the most gifted and influential religious leaders in American history, and Ellen Harmon White tells her story in a new and remarkably informative way. Some of the contributors identify with the Adventist tradition, some with other Christian denominations, and some with no religious tradition at all. Taken together, their essays call for White to be seen as a significant figure in American religious history and for her to be understood within the context of her times.
