Sacred Passions The Life And Music Of Manuel De Falla:

Sacred Passions : The Life and Music of Manuel de Falla Carol A. Hess Assistant Professor of Music Bowling Green State University, 2004-11-11 The work of composer Manuel de Falla 1876 1946 ranges from late romantic salon pieces to evocations of flamenco to stark neoclassicism Yet his music has met with conflicting reactions depending on the audience In his native Spain Falla is considered the most innovative composer of the first half of the twentieth century Likewise in the United States Falla enjoyed a strong following in the concert hall But many of his works especially some of the colorful or exotic dances from *The Three Cornered Hat* and *El Amor Brujo* were taken up during the Latin music craze of the 1930s and 40s and appeared in everything from jazz and pop arrangements to MGM musicals Similarly enigmatic are the details of Falla's life He never sustained a lasting intimate relationship with a woman yet he created compelling female roles for the lyric stage Although he became incensed when publishers altered his music he more than once tinkered with Chopin and Debussy Despite insisting that he was apolitical Falla ultimately took sides in the Spanish Civil War initially allying himself rather half heartedly with Franco's Nationalists but later rejecting the honors they proffered All his life his rigorous brand of Roman Catholicism brought him both solace and agony in his quest for spiritual and artistic perfection In *Sacred Passions The Life and Music of Manuel de Falla* Carol A Hess explores these contradictions and offers a fresh understanding of this fascinating composer Building on over a decade of research Hess examines Falla's work in terms of musical style and explores the cultural milieus in which he worked During a seven year sojourn to Paris just prior to World War I Falla associated with composers Dukas Stravinsky Ravel and the rest of the group known as *les Apaches* Later back in Spain he played a pivotal role in the remarkable cultural renaissance known as the Silver Age during which Lorca Bunuel Dali Unamuno and of course Falla himself made some of their boldest artistic statements Hess also explores a number of myths cultivated in earlier biographies including Falla's supposed misogynistic tendencies and accusations of homosexuality which have led some biographers to consider him a saint like ascetic She offers a balanced view of his behavior during the Spanish Civil War a wrenching event for a Spaniard of his generation and one that Falla biographers have left largely untouched With superb analysis of his music and enlightening detail about its critical reception Hess also examines Falla's status in some circles as little more than a high class pop composer given the mass appeal of much of his music She incorporates recent research on Falla draws upon untapped sources in the Falla archives and reevaluates his work in terms of current issues in musicology Ultimately Hess places Falla's variegated oeuvre which straddles popular and serious idioms securely among the best of his better known European contemporaries What emerges is a gracefully written balanced portrait of a man whose lofty spiritual values inspired singular musical utterances but were often at odds with the decidedly imperfect world he inhabited

Gerardo Diego's Creation Myth of Music Judith Stallings-Ward, 2020-01-29 Since its publication nearly eight decades ago the consensus among scholars about *Fuera de Equis y Zeda* by the Spanish poet Gerardo Diego 1896-1987 remains unchanged *Fuera* is an enigmatic avant garde curiosity It seems to rob the reader of the reason necessary to interpret it even as it lures him or her ineluctably to the task nevertheless the present study makes the case that this work is in fact not inaccessible and that what the *anhelante arquitecto* intended with his masterpiece was a creation myth that explains the evolution of music in his day This monograph unlocks the fullness of the poem's meaning sourced in music's mythical consciousness and expressed in a poetic idiom that replicates aesthetic concepts and cubist strategies of form embraced by the neoclassical composers Bartok Falla Ravel and Stravinsky *Sourcebook for Research in Music, Third Edition* Allen Scott, 2015-06-01 Since it was first published in 1993 the *Sourcebook for Research in Music* has become an invaluable resource in musical scholarship The balance between depth of content and brevity of format makes it ideal for use as a textbook for students a reference work for faculty and professional musicians and as an aid for librarians The introductory chapter includes a comprehensive list of bibliographical terms with definitions bibliographic terms in German French and Italian and the plan of the Library of Congress and the Dewey Decimal music classification systems Integrating helpful commentary to instruct the reader on the scope and usefulness of specific items this updated and expanded edition accounts for the rapid growth in new editions of standard works in fields such as ethnomusicology performance practice women in music popular music education business and music technology These enhancements to its already extensive bibliographies ensures that the *Sourcebook* will continue to be an indispensable reference for years to come *A Light in the Darkness: The Music and Life of Joaquín Rodrigo* Javier Suárez-Pajares, Walter Aaron Clark, 2024-05-07 A composer of singular vision Joaquín Rodrigo 1901-1999 is best known as the composer of one of the most popular works of music in the twentieth century the *Concierto de Aranjuez* for guitar and orchestra It's been featured in movies and television commercials and remains a staple of concert programs for orchestras around the world Miles Davis said After listening to it for a couple of weeks I couldn't get it out of my mind and he used it as inspiration for his album *Sketches of Spain* But as Javier Suárez-Pajares and Walter Aaron Clark reveal in this musical biography the first complete study in English Rodrigo's work and influence extend far beyond that singular composition *A Light in the Darkness* takes us through Rodrigo's childhood in Valencia the onset of blindness at the age of three and the beginnings of his musical education He achieved some early success in Spain as a

composer before moving to Paris in 1927 to advance his studies following in the footsteps of other eminent Spanish composers like Isaac Albéniz, Joaquín Turina and Manuel de Falla. There he enrolled in courses with composer Paul Dukas, met the woman who would become his wife and earned the respect and friendship of Falla who became his champion. Along the way, Rodrigo's musical voice developed and matured as his horizons widened. Suárez-Pajares and Clark present a definitive account of the making of Rodrigo's celebrated guitar concerto even as they capture the breadth of Rodrigo's compositional output from solo works for piano and guitar through chamber music and vocal works to concertos and orchestral pieces. As they demonstrate, Rodrigo's music is unmistakably Spanish but with his own unique accent. Rodrigo's life and career spanned a period of great tumult in Spain and he had to navigate strong shifting political and cultural currents before, during and after Franco. An authoritative life of one of the twentieth century's great musical geniuses, *A Light in the Darkness* becomes a stunning tale of how art gets made under even the most challenging circumstances.

Lorca in Tune with Falla Nelson R. Orringer, 2014-02-05 Federico García Lorca (1889-1936) is widely regarded as the greatest Spanish poet of the twentieth century. Manuel de Falla (1876-1946) is Spain's most performed composer of the same period. The two were very different: Lorca was gay, liberal and a member of the avant-garde while Falla was a devout Catholic, yet they had a profound mutual influence. The two developed an intimate friendship which ended when Lorca was shot by Nationalist forces at the beginning of the Spanish Civil War. *Lorca in Tune with Falla* is the first book to trace Lorca's impact on Falla's music and Falla's influence on Lorca's writings. Nelson R. Orringer explores the music underlying *Poem of Deep Song*, *Gypsy Ballads* and *Lament for Ignacio Sánchez Mejías* as bringing out the analogous sounds and ideas that emerge in the active ongoing connection between the artworks of both creators. The book emphasizes how this harmony increases knowledge and appreciation of both artists.

Whose Spain? Samuel Llano, 2013 In this book Llano analyzes the socio-political discourses underpinning critical and musicological descriptions of Spanish music at the beginning of the nineteenth century and the discourse's connection with French politics and culture of the era. Llano studies operas and other musical works for the stage as privileged sites for the production of Spanish musical identities and ultimately demonstrates that definitions of French and Spanish music during this period were to some extent interdependent.

"Music's Obedient Daughter" Sabine Lichtenstein, 2014-03-01 A libretto is an indispensable part of an opera as a musical genre; with few exceptions, operas have been the subject of musicological studies and instrumental versions of sung or unsung opera numbers may be heard but we never listen to libretto texts being performed without the music. Thus, as a literary form, the libretto is a highly specific genre with its own particular attributes. This volume offers an approach to the libretto through the discussion of these attributes in many different examples. It explores what may be expected of a librettist in response to the demands of the genre's characteristics, his trials and tribulations, his exchanges with the composer while adapting or converting a source almost always a literary source into the eventual libretto and about the different musical ways of dealing with the text. In this way, the volume clarifies the

fundamental differences between the libretto and other literary genres *Music Criticism and Music Critics in Early Francoist Spain* Eva Moreda Rodríguez,2017 In *Music Criticism and Music Critics in Early Francoist Spain* Eva Moreda Rodríguez presents a kaleidoscopic portrait of the diverse and often divergent writings of music critics in the early years of the Franco regime Carefully selecting contemporary writings by well known music critics Moreda Rodríguez contextualizes music criticism written during the Franco regime within the broader intellectual history of Spain from the nineteenth century onwards *The Requiem of Tomás Luis de Victoria (1603)* Owen Rees,2019-03-28 The first substantial study of Victoria's Requiem among the most prominent Renaissance musical works encompassing its genesis style and impact **Nation and Classical Music** Matthew Riley,Anthony D. Smith,2016 How and why do listeners come over time to feel the nation through particular musical works This book develops a comparative analysis of the relationship between western art music nations and nationalism It explores the influence of emergent nations and nationalism on the development of classical music in Europe and North America and examines the distinctive themes sounds and resonances to be found in the repertory of each of the nations Its scope is broad extending well beyond the period 1848 1914 when national music flourished most conspicuously The interplay of music and nation encompasses the oratorios of Handel the open air music of the French Revolution and the orchestral works of Beethoven and Mendelssohn and extends into the mid twentieth century in the music of Prokofiev Shostakovich and Copland The book addresses the representation of the national community the incorporation of ethnic vernacular idioms into art music the national homeland in music musical adaptations of national myths and legends the music of national commemoration and the canonisation of national music Bringing together insights from nationalism studies musicology and cultural history it will be essential reading not only for musicologists but for cultural historians and historians of nationalism as well MATTHEW RILEY is Reader in Music at the University of Birmingham The late ANTHONY D SMITH was Professor Emeritus of Nationalism and Ethnicity at the London School of Economics **Uniting Music and Poetry in Twentieth-Century Spain** Nelson R. Orringer,2021-04-15 In *Uniting Music and Poetry in Twentieth Century Spain* Nelson R Orringer uses both literary and musical analysis to study sung poems in twentieth century Spain In nine chapters each focusing on an individual sung poem song cycle or various poems set by the same composer Orringer enriches and deepens interpretations of the art songs by comparing the poet's vision to the composer's In examining composers such as Falla Turina Mompou Toldrà Rodrigo Montsalvatge and Rodolfo Halffter Orringer shows that Spanish art song is an exceptional product of Spain's Silver Age and reveals a new way to understand and appreciate poems set to music in twentieth century Spain *Federico Moreno Torroba* Walter Aaron Clark,William Craig Krause,2013-05-30 The last of the Spanish Romantics composer conductor and impresario Federico Moreno Torroba 1891 1982 left his mark on virtually every aspect of Spanish musical culture during a career which spanned six decades and saw tremendous political and cultural upheavals Federico Moreno Torroba *A Musical Life in Three Acts* explores not only his life and work but also the relationship

of his music to the cultural milieu in which he moved
