remains fixated on rules systems and political bureaucracies A profound human spiritualism on the other hand suggests a cyclical direction of energy that flows without fear suppression oppression exploitation manipulation and falsity Realising and understanding compassion and love is much more important and significant than following set of doctrines in conflict This is attainable in spiritual evolution a self discovery in profound experiences without the confines of specific creed cast or race The discourse includes detailed explorations of different types of Vedic yoga s mantras and consciousness The emphasis placed on the pursuit of divine wisdom and divinity incorporates all of these elements to form a comprehensive insight of profound experience for the inner well ness and peace The reader of A Flight of Delight may also benefit from the organised structure afforded to the text The detailed explanation of the experiential theories familiarises the reader with carefully distilled notions of spiritualism and divinity Here is an extra ordinary work of self healing texts from a very special person who has journeyed through adversities himself The lyrics of this book are particularly special because the author writes from the depth of his heart to express in the profoundest sense the relevance of the ancient Vedic Wisdom to the hectic modern world The mind enriching lyrics bring to us a re awakening of beautiful divinity filled with solace hope and compassionate love Life oh life Let it be a flight of delight **The Publishers Weekly** ,2005 **Making Magic** Briana Saussy,2019-06-04 Re enchant your life with this book of rituals ceremonies and practices for personal growth anchored in the hidden power of everyday things We all have a deep capacity to make magic and to do it as easily as we breathe or open our eyes This is not a matter of belief You can discover your own capacity for magic in your own direct experience Briana Saussy When you think of magic do you imagine something supernatural extraordinary or beyond your everyday reality Many of us are drawn to magic because we think there s something out there that can bring enchantment and wonder back into our lives Yet there s a secret to real magic the extraordinary is much closer than you may think With Making Magic expert teacher Briana Saussy invites you to discover a practice of magic that will bring a new depth and power to each moment act and choice of your life Through teaching stories wisdom from a wide variety of world traditions and no nonsense practices you can easily weave into your daily routine Briana will help you reconnect with the wild and creative force of magic that is always around and within you waiting for you to remember As you explore this path of transformation you ll discover resources of magic that permeate your life including Doors and thresholds ways we cross between worlds Communication creating magic with your voice body intentions and relationships Holy helpers ancestors angels saints and spirit beings who guide and support you Water and washing access the revitalizing energy of water when you drink or bathe Textiles and threads how to loosen mend or bind up supportive energies Candles and fire elemental power to bring light to darkness and burn away what no longer serves you Kitchen magic using food to nourish your whole self and reconnect you with nature Talismans infuse your beloved objects with sacred purpose and supportive power Magic is the most real part of any real life the spark illuminating the authentic core of every experience writes Briana Saussy If you are ready to enter a world that is ripe with possibility and rediscover the
