Resistance and Control in Pakistan Akbar S. Ahmed,2004-08-02 How can people in the West make sense of contemporary unrest in the Muslim world Is Islamic fundamentalism to be understood purely in religious terms In *Resistance and Control in Pakistan* one of the world s leading authorities on Islam Akbar S Ahmed illuminates what is happening in the Muslim world today and assesses the underlying causes He does this by telling the dramatic story of the revolt of the Mullah of Waziristan in northwest Pakistan and by placing it within the context of other movements occurring elsewhere in the Islamic world He also examines the social structure and operative principles in Muslim society and scrutinizes the influence of religion in a society that is undergoing modernization Till now there has been little available literature on this topic This book written by an eminent scholar with an international reputation fills this gap giving students of politics sociology and Asian studies a revealing examination of the Muslim world today *Mountaineering Literature* Jill Neate,1986 Long established as a

standard reference work worldwide this is a thorough bibliography of all mountaineering books that are of practical use to climbers or for reading pleasure or historical interest Documenting more than 2000 books of mountaineering literature it also includes nearly 900 climber s guidebooks a sampling of more than 400 works of mountaineering fiction plus journals and bibliographies **Sadhu Sundar Singh - A Personal Memoir** C. F. Andrews,2012-11-29 This early personal memoir of

Sadhu Sundar Singh is both expensive and hard to find in its first edition It details the life of an Indian Christian Missionary and his work This fascinating work is thoroughly recommended for inclusion on the bookshelf of anyone interested in the history of Indian missionaries Many of the earliest books particularly those dating back to the 1900s and before are now extremely scarce We are republishing these classic works in affordable high quality modern editions using the original text

and artwork **Rethinking the Mahabharata** Alf Hiltebeitel,2001-10-30 The ancient Indian Sanskrit tradition produced no text more intriguing or more persistently misunderstood or underappreciated than the Mahabharata Its intricacies have waylaid generations of scholars and ignited dozens of unresolved debates In *Rethinking the Mahabharata* Alf Hiltebeitel offers a unique model for understanding the great epic Employing a wide range of literary and narrative theory Hiltebeitel

draws on historical and comparative research in an attempt to discern the spirit and techniques behind the epic's composition. He focuses on the education of Yudhisthira, also known as the Dharma King, and shows how the relationship of this figure to others, especially his author grandfather Vyasa and his wife Draupadi, provides a thread through the bewildering array of frames and stories embedded within the story. Hiltebeitel also offers a revisionist theory regarding the dating and production of the original text and its relation to the Veda. No ordinary reader's guide: this volume will illuminate many mysteries of this enigmatic masterpiece. This work is the fourth volume in Hiltebeitel's study of the Draupadi cult. Other volumes include *Mythologies From Gingee to Kuruksetra* (Volume One), *On Hindu Ritual and the Goddess* (Volume Two), and *Rethinking India's Oral and Classical Epics* (Volume Three). **The Way of Tao Part II**, **Snacks For The Soul** J.P. Vaswani, 2008-01-01. *Snacks For The Soul* is a collection of stories that offer emotional, intellectual, and spiritual nourishment. The snacks come in a variety of flavors: the sweet, the bitter, the sad, the joyous, the spicy, and the pungent. There are tastes to suit every palate; tastes that will linger long in your mind. This collection is not to be read at one sitting, nor is it for idle page turning. Read these stories for inspiration and guidance; read them to have your mind and spirit uplifted. They are slices of life, and they strike a chord that is rarely heard in your heart; they make you feel instinctively that this might have happened to me.

A guide to series fiction lists popular series, identifies novels by character, and offers guidance on the order in which to read unnumbered series. *Religion and Politics in Muslim Society* Akbar S. Ahmed, 1983-10-28. This analysis of Muslim unrest is based on an extended case study of northwestern Pakistan. Professor Ahmed examines power, authority, and religious status as the critical intermediary level of society, that of the district or Agency, which was the key unit of administration in British India. Ahmed has joined his insights as an anthropologist with his experience as a political agent in Waziristan to produce an innovative and detailed work. The book focuses on the emergence of a mullah in Waziristan who challenges the state. A religious leader's challenge of the state is not new, but contemporary Muslim society's widespread concern over these conflicts reveals that the influence of religion in a traditional society undergoing modernization is greater than many scholars have assumed. The author identifies three types of leaders: traditional leaders, usually elders, representatives of the established state authority and religious functionaries. From this analysis, he constructs an Islamic district paradigm, which he uses not only in making sense of contemporary Muslim society but also in understanding some aspects of the legacy of the colonial encounter.
