Samora Machel Kok Nam,2018-09 **Samora Machel, a Biography** Iain Christie,1989 First published by Panaf in 1989 this was the first major biography of Samora Machel after his death in 1986 The author a journalist who had known Machel since 1970 presents a portrait of Machel as a revolutionary a military strategist and skilled politician a charismatic leader and influential statesman who had become a living and vibrant symbol of the liberation struggle s inevitable victory

Mozambique's Samora Machel Allen F. Isaacman,Barbara S. Isaacman,2020-09-08 The precipitous rise and controversial fall of a formidable African leader Samora Machel 1933 1986 the son of small town farmers led his people through a war against their Portuguese colonists and became the first president of the People s Republic of Mozambique Machel s military successes against a colonial regime backed by South Africa Rhodesia the United States and its NATO allies enhanced his reputation as a revolutionary hero to the oppressed people of Southern Africa In 1986 during the country s civil war Machel died in a plane crash under circumstances that remain uncertain Allen and Barbara Isaacman lived through many of these changes in Mozambique and bring personal recollections together with archival research and interviews with others who knew Machel or participated in events of the revolutionary or post revolutionary years *The Tasks Ahead* Samora Machel,1975 **S Is for Samora** Sarah Lefanu,2012 *SAMORA MACHEL* ,2024 Mozambique David C. Samora Machel, an African Revolutionary Samora Machel,1987-01-01 *Ebony* ,1997-05 EBONY is the flagship magazine of Johnson Publishing Founded in 1945 by John H Johnson it still maintains the highest global circulation of any African American focused magazine Canciones populares y literatura de África Oriental Aaron Louis Rosenberg,2013 Este estudio es un replanteamiento de la relación entre canciones y literatura en frica oriental Se examinan en t rminos comparativos las obras literarias y musicales de esta parte del continente con el fin de determinar y describir los caminos a partir de los cuales tales formas de la expresión creativa reflejan y transforman caminos prevalecientes y medios de formación de identidad de las personas cuyas vidas se extienden a través de varias fronteras y que desarrollan sentidos superculturales de s mismos El autor se basa en una extensa investigación de campo as como en una multitud de entrevistas La lectura atenta de las canciones y la literatura hace de este libro un estudio convincente para estudiantes de música y literatura africanas y el análisis de las identidades africanas puede ser realmente para los estudiosos del nacionalismo tanto en frica como en el mundo **Mozambique** Philip Briggs,Danny Edmunds,2007 Presents a travel guide to Mozambique and its various provinces including information on geography climate government culture language religion and wildlife with tips on restaurants hikes and other outdoor activities *Samora Machel* Samora Moises Machel,1980 The New Insurgencies Michael Radu, The appearance of ideologically motivated anti communist insurgent groups in the Third World is an important

new phenomenon that has received little serious attention Analysis has focused on American attitudes while the indigenous roots and motivations of such groups have remained largely unexplored Michael Radu fills in the gap in *The New Insurgencies* with case studies and contributions from Anthony Arnold Paul Henze Justus van de Kroef and Jack Wheeler As the authors show more often than not Third World anti communist insurgencies express a general rejection of values and ideologies from outsiders Many of these insurgencies reflect violent opposition to regimes installed by the Soviets during the 1970s yet they only rarely articulate a struggle for liberal democracy Nationalism religion or the preservation of traditional political and economic patterns are more often the true motivations And while insurgents often apply military and occasionally political methods used by successful Marxist Leninist insurgencies of this century they tend to be rural based and close to the aspirations of the peasant masses rather than directed by the educated and urbanized elites *The New Insurgencies* includes case studies of major anti communist movements today including those in Afghanistan Cambodia Ethiopia Mozambique Angola and Nicaragua It shows that in each the role of local powers such as South Africa Thailand and Pakistan rather than direct U S support has been critical to the insurgents effectiveness In part this may be because the old bipartisan Washington consensus based on anti communism has evaporated and Radu explores why this has occurred Regardless of Washington s support the new insurgencies are likely to persist Their impact on U S Soviet and world policy will be profound *The New Insurgencies* combines extensive use of firsthand data including personal knowledge of some of the major personalities involved with extensive bibliographic information It is an essential tool for specialists in international relations military affairs and U S foreign policy as well as those interested in understanding changes in Soviet domestic and international policy **Interview with Comrade President Samora Machel** Samora Machel, John S. Saul, 1974

Christianity the importance of art indigenous oral and modern literature and media a wide range of celebrations and leisure activities ceremonies and cuisine unique music and dance and more Legacies of Socialist Solidarity Tanja R.

Müller,2014-08-06 More than twenty five years after the fall of the Berlin Wall and the end of the Cold War this book looks afresh at some of the lasting legacies of that period in history It does so by focusing on individual life trajectories of a group of people whose adolescence was shaped by the politics of socialism and the transitions within it Through their life histories Legacies of Socialist Solidarity offers an alternative reading of Mozambique s socialist past with important repercussions for the present At the center of the book are the life histories of a group of then youth who attended one of the largest educational exchange projects between two socialist countries Mozambique and former East Germany in the 1980s Having been educated in East Germany to become part of a future socialist elite back home the book s protagonists returned to a Mozambique that had meanwhile embarked on the new path of capitalist development Their qualifications and skills were of little relevance and the new Mozambican government regarded them as a threat rather than an asset The book analyzes the life courses of some of those who spent their adolescence in East Germany with a focus on personal aspirations political orientation collective memories and shared horizons It shows lasting legacies of socialist beliefs and practices In placing those into the context of the broader political developments in Mozambique the book explores an important dimension for the understanding of contemporary Mozambique In addition it makes a significant contribution to the comprehension of socialist cosmopolitanism and resulting patterns of identity and belonging and to the wider literature on post socialist change the decentering of Cold War histories and the pervasiveness of the political in everyday lives **Translations on Sub-Saharan**
