Paratext and Megatext as Channels of Jewish and Christian Traditions August den Hollander, Ulrich Schmid, Willem Smelik, 2020-01-29 Religious traditions are channeled to new audiences by textual markers which inform their understanding and influence Such markers are signs of contextualisation which belong to the paratext of a tradition textual elements that do not belong to the core text itself but belong to their embedding and as such affect their reception Alternatively some texts function purposely in tandem with another text and cannot be understood without that text While the second text informs the way the first one is being understood it can hardly function independently The discussions include the arrangement of textual blocks in the Hebrew Bible how the oral transmission of Jewish Aramaic Bible translations had to be recited as a counterpoint to the Hebrew chant how synagogue poetry presupposes the channels of liturgical instruction how the Talmud can be perceived as a translation of Mishnah how the presence of paratextual elements such as annotations and prefaces influenced the Index Librorum Prohibitorum concerning 16th century Bibles the function of paratext and scope for modern Bible translations This volume will tentatively explore the wide range of paratext and megatext as devices of channeling religious traditions

The Politics of Economic Life Martin Beckstein, 2015-09-07 In recent years economic life has become increasingly politicized now every company has a philosophy promising its customers some ethical surplus in return for buying their products consumers shop for change workers engage in individualized forms of employee activism such as whistleblowing and governments contribute to the re configuration of the economic sphere as a site of political contestation by reminding corporate and private economic actors of their duty to do their bit The Politics of Economic Life addresses this trend by exploring the ways in which practices of consumption work production and

entrepreneurship are imbued with political strategy and ideology and assesses the potentials and perils of the politicization of economic activity for democracy in the 21st century

Religious Identity and the Problem of Historical Foundation Judith Frishman, Willemien Otten, Gerard Rouwhorst, 2004-02-01 The essays collected in this book deal with the question how throughout the history of Christianity Christian communities have tried to construct their identity by anchoring their views in authoritative and normative sources The main focus is upon the problem of historical foundation through textual traditions but other authoritative sources role of religious leaders ritual traditions are taken into consideration as well The book takes as its point of departure the fact that with the rise of modernity the former dependence of western church and society on authoritative sources was called into question Ever since appeal to such sources is no longer self evident at times it is even regarded as problematic Based on this radical change brought about by modernity the book is divided in two main parts The first part deals with the question how Christian churches and confessions Roman Catholic and Protestant confronted modernity and which role was played by authoritative sources in the tradition to the modern era Special attention will be paid to the way in which Judaism reacted to many of the same impulses both societal and religious ones The second part deals with the premodern period from early Christianity to the post Reformation era and focuses on the role authoritative traditions textual or otherwise have played in providing various Christian communities with a relative stable identity The aim of the book is to elucidate processes resulting in the formation of authoritative traditions as well as the effects of these traditions on the identity of Christian and Jewish communities In addition the book attempts to clarify the various ways in which Christian and Jewish communities have reacted to the growing suspicion authoritative traditions aroused in the western world since the rise of modernity

Holiness Stephen C. Barton, 2003-01-01 Stephen Barton has commissioned social scientists philosophers of religion feminists biblical scholars historians moral theologians and systematic theologians international experts from a wide range of theological and related disciplines to reflect on holiness The book is divided into four parts the idea of holiness holiness and scripture holiness and Christian tradition and holiness and contemporary issues The contributions are inter denominational and inter religious There is nothing comparable on holiness available at present so this collection fills a significant gap in the literature Its comprehensive range and its interdisciplinary style will make it an important resource for students and scholars in theology church history ethics and religious studies

Saints and Role Models in Judaism and Christianity Marcel Poorthuis, Joshua J. Schwartz, 2004-01-01 This volume deals with the role of saints and exemplary individuals in Judaism and Christianity Although sharing the Hebrew Bible and recognizing the same Biblical figures there both religions have developed widely divergent perspectives upon the significance of these figures although there are occasional common motifs and themes Moreover even the contrasting themes betray an underlying interaction between both religions as is clear from the contributions on for example Melchizedek Elijah the Desert Fathers Rabbis on clothing the Apostle Peter in Jewish tradition the Maccabees in Christian tradition and the Biblical examples in

Saint Antony the Hermit The book examines Jewish and Christian perspectives upon saints and role models from the Biblical period to the present time It will be of special importance to scholars and general readers interested in an interdisciplinary approach to theology rabbinics history art history and much more **Purity and Holiness** Marcel Poorthuis, Joshua J. Schwartz, 2020-01-29 Purity has long been recognized as one of the essential drives which determines humankind's relationship with the holy Codes of purity and impurity dealing with such far ranging topics as external stains and inner remorse represent the physical and bodily side of religious experience and provide the key to the understanding of human orientation to nature and the structure of society including even relationships between the sexes Starting with the Hebrew Bible a number of articles study some rather neglected passages from both exegetical and cultural anthropological standpoints Next it is shown that the concept of purity is far more central to the New Testament than previously thought Luke is portrayed as a Jewish oriented writer The discussion of purity in Mark is compared with Rabbinical and Qumranic material Patristic discussions of purity reflect both allegorical and literal interpretations while rabbinical rulings display a fine sense for detail and realia Biblical references to illness are interpreted both in Christian and Jewish traditions as a metaphor for immoral behavior The present collection of studies proceeds far beyond other collections on purity studying both the medieval and modern periods Purity rules in both Christian and Jewish society do not disappear in the Middle Ages but become increasingly stronger Sometimes there appear unexpected and surprising similarities between both societies Modern society sees a decline in the importance of purity reflecting a growing ambiguous attitude to the relationship between the body and the holy A feminist perspective is also provided examining the intertwined relationship between religion gender and power Exegesis archaeology liturgy anthropology and even architecture are all used to study the complex phenomena of purity in their religious and social dimensions from both Christian and Jewish perspectives **Jews in Israel** Uzi Rebhun, Chaim Isaac Waxman, 2004 Offers a complete sociological perspective of Jews and Jewish life in Israel from 1948 to the present A Holy People Marcel Poorthuis, Joshua J. Schwartz, 2006-05-01 A Holy People investigates the various ways in which Jews and Christians define their religious identity people or community as being holy Keeping in mind that historical studies can offer food for thought regarding contemporary issues the study offers a large collection of essays relating to the biblical patristic and medieval period and especially to the modern period The obvious question of many in the modern world as to whether the attribute of the holiness allows for acknowledgement of authentic religion outside the own religious community deserves an honest answer and well documented study too easily the claim of holiness intertwines with claims of power whether by rivalling groups within the religious community by groups divided along gender lines or on the level of territorial claims It will be of special importance to scholars and general readers interested in an interdisciplinary approach to theology rabbinics history political science and much more **After Eden** Hanneke Reuling, 2005-10-01 This volume charts the interpretation of Genesis 3 16 21 in a number of patristic and classical rabbinic sources It is a case study

in the reception of a biblical fragment in two intrinsically related yet distinct interpretative communities early Christianity and rabbinic Judaism Following the lead of the biblical text this study sheds new light on each traditions view of the human condition more specifically on the way Church Fathers and Rabbis approach the themes of procreation labour mortality and corporeality The book carefully studies the reading of the biblical text as proposed by a number of representative and influential authors or documents including Ambrose of Milan Didymus the Blind John Chrysostom and Augustine as well as Genesis Rabbah and Avot de Rabbi Nathan The introductions at the beginning of each chapter enable also the non specialist to enter the distinct literary worlds of midrash and patristic Bible interpretation

Jerusalem and Other Holy Places as Foci of Multireligious and Ideological Confrontation, 2020-12-07 Jerusalem and Other Holy Places as Foci of Multireligious and Ideological Confrontation brings together the papers that were read at an international conference at the Schechter Institute in Jerusalem in May 2018 The contributions to this volume develop a multi disciplinary perspective on holy places and their development rhetorical force and oft contested nature Through a particular focus on Jerusalem this volume demonstrates the variety in the study of holy places as well as the flexibility of geographic and historical aspects of holiness

Israel Celebrates Hizky Shoham, 2017-04-03 Israel Celebrates is about the intersection where Israeli inventiveness and Jewish tradition meet the holidays It employs the anthropological history of four Jewish holidays as celebrated in Israel in order to track the naturalization of Jewish rituals myths and symbols in Israeli culture throughout the long twentieth century of Zionism and on to the present and to demonstrate how a new strand of Judaism developed in Israel from the grassroots But could this grassroots Israeli culture develop into a shared symbolic space for both Jews and Arabs By probing the political implications of the minutiae of life the book argues that this popular culture might come to define Jewish identity in Israel of the 21st century

Gated Luxury Condominiums in India Dhara Patel, 2024-06-17 *Gated Luxury Condominiums in India A Socio Spatial Arena for New Cosmopolitans* critically examines gated luxury condominiums in contemporary India exploring their role in shaping elite power and identity within the framework of neoliberalism It delves into the spatial structure perception and post occupancy experience of these enclaves offering valuable insights into India's urban development This book convincingly elucidates the complex socio spatial transformations underway in India inviting readers to understand the depth and breadth of these changes particularly within the rapidly expanding middle and upper middle classes It adopts a robust multi disciplinary approach combining methodologies such as spatial ethnography threshold mapping qualitative interviews and discourse analysis Focused on the architectural typology of luxury condominiums the study serves as a lens for broader social transformations grounded in case studies from Mumbai and Pune Through a meticulous dissection of the lived experiences of various categories of users owners visitors and service staff the book unveils the complex socio spatial hierarchies perpetuated within these enclaves Drawing on theories of cosmopolitanism and postcolonial critiques the monograph makes a significant scholarly contribution to the disciplines of architecture and the built environment It fills a gap in the existing literature on modern domesticity in India offering original research that highlights how architecture is instrumental in socially divisive practices of elite formation It will appeal to scholars researchers and students across disciplines like architecture landscape design spatial sociology urban studies and area studies focusing on India and South Asia It is particularly compelling for those interested in the sociocultural dynamics of the middle class encompassing themes such as domesticity material culture and spatial politics within the context of Indian condominiums

Mitzvot Ethics and the Jewish Bible Gershom M. H. Ratheiser, 2007-03-01 Ratheiser's study provides the framework for a non confessional mitzvot ethics centered and historical philological approach to the Jewish bible and deals with the basic steps of an alternative paradigmatic perspective on the biblical text The author seeks to demonstrate the ineptness of confessional and ahistorical approaches to the Jewish bible Based on his observations and his survey of the history of interpretation of the Jewish bible Ratheiser introduces an alternative hermeneutical exegetical approach to the Jewish bible the paradigm of examples His study concludes that the biblical text is a collection of writings designed and formed from a specifically ethical ethnic outlook In other words he regards the Jewish bible to be written as an etiology of ancient instruction by ancient Jews to Jews and for Jews As such it serves as a religious ethical identity marker that provides ancient Jews and their descendants with an etiology of Jewish life Ratheiser regards this religious ethical agenda to have been the driving force in the minds of the final editors compilers of the biblical text as we have it today

Between Jerusalem and Mecca Uri Rubin (z"l), 2023-10-04 This book sheds new light on Jerusalem's status in early Islam The sanctity of the city is already discerned in the Qur'an The vision of redemption that the Qur'an displays coincides with the messianic expectations that have swept throughout the entire region

especially among the Jews due to the attempted renewal of Jewish liturgy in Jerusalem following the Persian victory over Byzantium in 614. On the other hand the Qur'an also portrays the holiness of Mecca and the Ka'ba. This book shows how it promotes their pre-Islamic holiness around the image of Abraham and Ishmael. The changing balance between the sanctity of Jerusalem and the sanctity of Mecca in favor of the latter is noticeable in the Qur'an as one proceeds from the Meccan suras to the Medinan ones. The change occurs against the background of the twist in relations between Muhammad and the Jews. This book also points out the correlation between Muhammad's situation in Medina and events in Palestine involving the victory of the Byzantines over the Persians in 628 as alluded to in the opening passage of Surat al-Rum 30. This work illuminates the growing sanctity of Jerusalem following the arrival of the first Muslims to Palestine. As in the Qur'an Mecca continued to struggle to preserve its status as a holy city vis-à-vis that of Jerusalem. Key aspects of this struggle are reflected in traditions in which patterns of sanctity move from Jerusalem to Mecca and which this book also scrutinizes.
