later after a stock market crash he felt confident of his ability to earn a living for his family by painting and he resigned his position and took up the painter's brush full time. Following the lead of Cézanne, Gauguin painted still lifes from the very beginning of his artistic career. He even owned a still life by Cézanne which is shown in Gauguin's painting *Portrait of Marie Lagadu*. The year 1891 was crucial for Gauguin. In that year he left France for Tahiti where he stayed till 1893. This stay in Tahiti determined his future life and career. In 1895, after a sojourn in France, he returned there for good. In Tahiti, Gauguin discovered primitive art with its flat forms and violent colours belonging to an untamed nature. With absolute sincerity he transferred them onto his canvas. His paintings from then on reflected this style: a radical simplification of drawing, brilliant pure bright colours, an ornamental type composition and a deliberate flatness of planes. Gauguin termed this style 'synthetic symbolism'.

Gauguin Belinda Thomson, 2021-04-06 This authoritative account of the life and work of Paul Gauguin, one of the most original artists of the late nineteenth century, is revised and updated with color illustrations throughout. Artist Paul Gauguin achieved a high public profile during his lifetime and was one of the first artists of his generation to achieve international recognition. But his prominence has always been tangled up with the dramatic and problematic events of his life: his self-imposed exile on a remote South Sea island and his turbulent relationships with his peers as with the appeal of his art. In this revised and updated edition, art historian Belinda Thomson gives a comprehensive and accessible account of the life and work of one of the most complicated artists of the late nineteenth century. Gauguin's painting, sculpture, prints and ceramics are discussed in the light of his public persona, his relations with his contemporaries, his exhibitions and their critical reception. His private world, beliefs and aspirations emerge through his extensive cache of journals, letters and other writings. Fully illustrated in color and drawing on the new, more global conversation surrounding the artist, Gauguin is the definitive volume on this controversial and often contradictory figure.

Painting and Sculpture in Europe, 1880-1940

George Heard Hamilton, 1993-01-01 This new edition of a book that offers the best available grounding in its huge subject, as the *Sunday Times* called it, includes color plates and a revised and expanded bibliography. Professor Hamilton traces the origins and growth of modern art, assessing the intrinsic qualities of individual works and describing the social forces in play. The result is an authoritative guide through the forest of artistic labels: Impressionism and Expressionism, Symbolism, Cubism, Constructivism, Surrealism, etc., and to the achievements of Degas and Cézanne, Ensor and Munch, Matisse and Kandinsky, Picasso, Braque and Epstein, Mondrian, Dalí, Modigliani, Utrillo and Chagall, Klee, Henry Moore and many other artists in a revolutionary age.

In this volume, both long established and more recent

Gauguin scholars offer a provocative picture of the evolution of Gauguin scholarship in the recent postmodern era as they confront and consider how the dismantling of the longstanding Gauguin myth positions us now in the 21st century to deal with and assess the life work and legacy of this still perennially popular artist To reassess the challenges that Gauguin faced in his own day as well as those that he continues to present to current and future scholarship they explore the multiple contexts that influenced Gauguin's thought and behavior as well as his art and incorporate a variety of interdisciplinary approaches from anthropology philosophy and the history of science to gender studies and the study of Pacific cultural history Dealing with a wide range of Gauguin's production they challenge conventional art historical thinking highlight transnational perspectives and offer clues to the direction of future scholarship as audiences worldwide seek to make multicultural peace with Gauguin and his art Broude has raised the bar of Gauguin scholarship ever higher in this groundbreaking volume which will be necessary reading for students and scholars of art history late 19th century French and Pacific culture gender studies and beyond

Gauguin's 'nirvana' Paul Gauguin, Wadsworth Atheneum Staff, Stephen H. Kornhauser, Wadsworth Atheneum Museum of Art, Wadsworth Atheneum, 2001-01-01 Shortly before Gauguin made his first Tahitian journey in 1891 he spent nearly two years in the remote Breton fishing village of Le Pouldu Seeking creative isolation in a primitive setting he pursued his art accompanied by several followers One of them was the Dutch painter Meyer de Haan who was able to pay the living expenses in Le Pouldu and was also knowledgeable in literary and philosophical matters that fascinated Gauguin Their association resulted in some of Gauguin's most remarkable works including the Wadsworth Atheneum's symbolist portrait of de Haan inscribed Nirvana This and the rich variety of paintings and sculpture by Gauguin produced in 1889-90 are the focus of this beautiful book Gauguin and de Haan settled into an inn at Le Pouldu run by an attractive unwed mother named Marie Henry who began a liaison with de Haan despite the fact that he was a sickly hunchback The intensity of relations between Gauguin and de Haan is reflected in many of the works including frescoes which they installed in the inn Gauguin's time in Le Pouldu was crucial to the advancement of his art and the vivid Breton subjects and personality of Meyer de Haan remained in his imagination to reappear even during his later Tahitian period In this book several distinguished experts draw on previously unavailable sources to examine in depth the history of this period Gauguin's relationship with de Haan their interest in religion and exotic cultures and the meaning of the many innovative symbolist works they produced
