Women Writers and the Occult in Literature

and Culture Miriam Wallraven,2015-06-05 Examining the intersection of occult spirituality text and gender this book provides a compelling analysis of the occult revival in literature from the 1880s through the course of the twentieth century Bestselling novels such as The Da Vinci Code play with magic and the fascination of hidden knowledge while occult and esoteric subjects have become very visible in literature during the twentieth century This study analyses literature by women occultists such as Alice Bailey Dion Fortune and Starhawk and revisits texts with occult motifs by canonical authors such as Sylvia Townsend Warner Leonora Carrington and Angela Carter This material which has never been analysed in a literary context covers influential movements such as Theosophy Spiritualism Golden Dawn Wicca and Goddess spirituality Wallraven engages with the question of how literature functions as the medium for creating occult worlds and powerful identities particularly the female Lucifer witch priestess and Goddess Based on the concept of ancient wisdom the occult in literature also incorporates topical discourses of the twentieth century including psychoanalysis feminism pacifism and ecology Hence as an ever evolving discursive universe it presents alternatives to religious truth claims that often lead to various forms of fundamentalism that we encounter today This book offers a ground breaking approach to interpreting the forms and functions of occult texts for scholars and students of literary and cultural studies religious studies sociology and gender studies Re: The Ash Lad , *Traditional Witchcraft for the Seashore* Melusine Draco,2012-01-27 Although we are an island race few are fortunate to live near enough to the sea to use the shoreline as a regular magical working area And yet for the natural witch born and bred by the sea the beach and rocky shore are equally as magical as the inland woods and hills of more traditional approaches to witchcraft The author takes us on a magical journey along the seashore and reveals how to work with the natural oceanic tides and energies Learn how to harness the powers of the deep and collect flotsam and jetsam for use as ritual tools A book like no other The Untraining of a Sea Priestess Stephanie Leon Neal,2017-06-28 The Untraining of a Sea Priestess details the extensive knowledge from author Stephanie Leon Neal gathered from her many years training in the Sea Priestess tradition Every page contains an opportunity for transformation by teaching you how to untangle from your attachments and embrace the joy of cosmic water wisdom Allow yourself to discover your hidden abilities while nurturing your true nature through the seasoned precepts presented by Stephanie Leon Neal Throughout the book Stephanie gives techniques for recovering your own connection with the cosmic water web an infinite source of knowledge and wisdom Guided meditations and introductory techniques to divination provide you with a base to create your own relationship with the cosmic waters that permeate all things This connection with the cosmic water wisdom will push you to reconsider what your genuine core beliefs are and provide a means of communicating with the greater wisdom around us This is your time to change the world through your unique life The greatest mystery on earth is what you will do now that you know the keys are in your hands **The Sacred Life of Modernist Literature** Allan Kilner-Johnson,2022-06-16 Probing the relationship between modernist literary experimentation and several key strands of occult practice which emerged in

Europe from roughly 1894 to 1944 this book sets the work of leading modernist writers alongside lesser known female writers and writers in languages other than English to more fully portray the aesthetic and philosophical connections between modernism and the occult Although the early decades of the twentieth century the era of cocktails motorcars bobbed hair and war are often described as a period of newness and innovation many writers of the time found inspiration and visionary brilliance by turning to the mysterious occult past This book's principle intervention is to reimagine the contours and boundaries of literary modernism by welcoming into the conversation a number of significant female writers and writers in languages other than English who are often still relegated to the fringes of modernist studies Well remembered poets and novelists such as Ezra Pound W B Yeats and Aleister Crowley were tied to occult beliefs and this book sets these leading figures alongside less well remembered but equally splendid modernists including Paul Brunton Mary Butts Alexandra David Neel Florence Farr Dion Fortune Hermann Hesse and Rudolf Steiner From the little magazines where occultism and Fabianism were comfortable companions to consulting rooms of psychoanalysts where archetypes were revealed to be both mystical and mundane to the forbidden mountain trails that led to formidable spiritual teachers the conditions of modernism were invariably those conditions which inspired a return to the occult traditions that many thinkers believed had long evaporated Indeed in many ways these traditions were the making of the modern world By uncovering hidden hopes and anxieties that faced a newly modern Western Europe this book demonstrates how literary modernists understood occultism as a universal form of cultural expression which has inspired creative exuberance since the dawn of civilisation

The Occult Novels of Dion Fortune Georgia van Raalte, 2025-01-28 This monograph explores the work of Dion Fortune one of the most prolific British occult authors of the interwar period and her claim that her books had an initiatory quality She held that reading her books and meditating on their contents could produce a lasting change in consciousness which in turn could lead to lasting changes in an individual's life This book aims to rehabilitate a figure largely forgotten by both the fields of Literature and of Esotericism and proposes a framework for analysing initiatory fiction and the experience of fictional initiation The study presents a new avenue for research and theoretical perspective on literary texts from the Occult Revival as well as on famed modernist texts and more contemporary occult fiction
