*Seafaring and the Jews* Nadav Kashtan, 2013-04-03 This collection studies Jewish involvement in seafaring from Biblical through Greco Roman Medieval and Early Modern periods to the present This broad historical perspective allows a closer look at various attitudes of Jews to maritime activities especially as shipowners and traders in the Mediterranean regions

**The Children of Noah** Raphael Patai, 1999-12-05 The late Raphael Patai recreates the fascinating world of Jewish seafaring from Noah's voyage through the Diaspora of late antiquity Patai weaves together Biblical stories Talmudic lore and Midrash literature to bring alive the world of these ancient mariners Illustrations **"They Took to the Sea" : Jewish**

**History and Culture in Maritime Perspective(s)** Björn Siegel, Joachim Schlör, Kobi Cohen-Hattab, Franziska Weinmann, Dalia Wassner, Michael Studemund-Halévy, Frank Jacob, Allison Schachter, Sebastian Schirrmeister, Caroline Jessen, Elias S. Jungheim, Saskia Fischer, Jessica Cooperman, Caroline Emig, Shai Ginsburg, 2023-03-22 The sea and maritime spaces have long been neglected in the field of Jewish studies despite their relevance in the context of Jewish religious texts and historical narratives The images of Noah's ark king Solomon's maritime activities or the miracle of the parting of the Red Sea immediately come into mind however only illustrate a few aspects of Jewish maritime activities Consequently the relations of Jews and the sea has to be seen in a much broader spatial and temporal framework in order to understand the overall importance of maritime spaces in Jewish history and culture Almost sixty years after Samuel Tolkowsky's pivotal study on maritime Jewish history and culture and the publication of his book *They Took to the Sea* in 1964 this volume of PaRDeS seeks to follow these ideas revisit Jewish history and culture from different maritime perspectives and shed new light on current research in the field which brings together Jewish and maritime studies The articles in this volume therefore reflect a wide range of topics and illustrate how maritime perspectives can enrich our understanding of Jewish history and culture and its entanglement with the sea especially in modern times They study different spaces and examine their embedded narratives and functions They follow in one way or another the discussions which evolved in the last decades focused on the importance of spatial dimensions and opened up possibilities for studying the production and construction of spaces their influences on cultural practices and ideas as well as structures and changes of social processes By taking these debates into account the articles offer new insights into Jewish history and culture by taking us out to sea and inviting us to revisit Jewish history and culture from different maritime perspectives New Directions in Mediterranean Maritime History Gelina Harlaftis, Carmel Vassallo, 2017-10-18 This study seeks to correct the underrepresentation of Mediterranean maritime history in academic publications in attempt to understand the multi cultural and multi ethnic environment in which

maritime activity takes place by compiling ten essays from maritime historians concerning Spain France Italy Malta Slovenia Greece Turkey and Israel The aim of the collection is to provide an insight into Mediterranean maritime history to those who could not previously access such information due to language barriers or difficulty securing non English publications some of the essays have translated into English specifically for this publication The majority of the essays concern the Early Modern period and the remainder concern the contemporary

**Writing Travel** John Zilcosky,2008-01-01 Examining a broad range of texts and travellers from across the world the contributors discuss canonical authors such as Homer Goethe and Baudelaire alongside lesser known writers such as Theodor Herzl Hans Erich Nossack and William Gibson This theoretically rich volume draws connections between travel and narrative and provides powerful insights into the relationship between travel and the spoken act of storytelling as well as the more ambivalent act of story writing

**Muscular Judaism** Todd Samuel Presner,2007-04-30 Providing valuable insights into an element of European nationalism and modernist culture this book explores the development of the Zionist body as opposed to the traditional stereotype of the physically weak intellectual Jew It charts the cultural and intellectual history showing how the Muscle Jew developed as a political symbol of national regeneration

*Mobile Modernity* Todd S Presner,2007-04-19 Though the history of the German railway system is often associated with the transportation of Jews to labor and death camps Todd Presner looks instead to the completion of the first German railway lines and their role in remapping the cultural geography and intellectual history of Germany's Jews Treating the German railway as both an iconic symbol of modernity and a crucial social technological and political force Presner advances a groundbreaking interpretation of the ways in which mobility is inextricably linked to German and Jewish visions of modernity Moving beyond the tired model of a failed German Jewish dialogue Presner emphasizes the mutual entanglement of the very categories of German and Jewish and the many sites of contact and exchange that occurred between German and Jewish thinkers Turning to philosophy literature and the history of technology and drawing on transnational cultural and diaspora studies Presner charts the influence of increased mobility on interactions between Germans and Jews He considers such major figures as Kafka Heidegger Arendt Freud Sebald Hegel and Heine reading poetry next to philosophy architecture next to literature and railway maps next to cultural history Rather than a conventional linear history that culminates in the tragedy of the Holocaust Presner produces a cultural mapping that articulates a much more complex story of the hopes and catastrophes of mobile modernity By focusing on the spaces of encounter emblematically represented by the overdetermined triangulation of Germans Jews and trains he introduces a new genealogy for the study of European and German Jewish modernity

**Jewish Topographies** Julia Brauch,Anna Lipphardt,2016-05-06 How have Jews experienced their environments and how have they engaged with specific places How do Jewish spaces emerge how are they contested performed and used With these questions in mind this anthology focuses on the production of Jewish space and lived Jewish spaces and sheds light on their diversity inter connectedness and multi dimensionality By

exploring historical and contemporary case studies from around the world the essays collected here shift the temporal focus generally applied to Jewish civilization to a spatially oriented perspective The reader encounters sites such as the gardens cultivated in the Ghettos during World War II the Israeli development town of Netivot Thornhill an Orthodox suburb of Toronto or new virtual sites of Jewish Second Life on the Internet and learns about the Jewish landkentenish movement in Interwar Poland the Jewish connection to the sea and the culinary landscapes of Russian Jews in New York Employing an interdisciplinary approach with a strong foothold in cultural history and cultural anthropology this anthology introduces new methodological and conceptual approaches to the study of the spatial aspects of Jewish civilization

**Zionism's Maritime Revolution** Kobi Cohen-Hattab, 2019-07-08 Research on Jewish settlement of the Land of Israel in the modern era has long neglected the sea and its shores This book explores the Yishuv's hold on the Mediterranean and other bodies of water during the British Mandate in Palestine and the Zionist maritime revolution a shift from a focus on land based development to an embrace of the sea as a source of security economic growth clandestine immigration haapala and national pride The transformation is tracked in four spheres ports seamanship fishery and education and viewed within the context of the Jewish Arab conflict internal Yishuv politics and the Second World War Archives memoirs press and secondary sources all help illuminate the Zionist Movement's road to maritime sovereignty By the State of Israel's founding in 1948 the Yishuv had a flourishing nautical presence a national shipping company control over the country's three active ports maritime athletics fish farming and a nautical training school

*The Jewish Community of Acre in Mandatory Palestine* Anat Kidron, Shuli Linder Yarkony, 2024-05-20 For a brief moment in the history of Acre there was a Hebrew community that linked old and new settlements It had a national Zionist orientation and consisted of Jews of local and Mizrahic origin This community is no longer visible in the cityscape and its history has disappeared from the collective Zionist memory but it played a role in building the Jewish national community in Palestine The unusual history of Acre shows how it succeeded in attracting new nationalist settlers The book seeks to illuminate the complexity and diversity of the Zionist enterprise in relation to the Arab and mixed towns of Mandatory Palestine by raising questions about the relationship between the history of a place and national history By describing the failure of the Hebrew settlement in the Mandate territory of Acre the book views the Zionist project as a fascinating intersection between the dreams of those who created the leading narratives and between local interests and the unique geographical conditions of the region

**Place in Modern Jewish Culture and Society** Richard I. Cohen, 2018-07-12 Notions of place have always permeated Jewish life and consciousness The Babylonian Talmud was pitted against the Jerusalem Talmud the worlds of Sepharad and Ashkenaz were

viewed as two pillars of the Jewish experience the diaspora was conceived as a wholly different experience from that of Eretz Israel and Jews from Eastern Europe and German Jews were often seen as mirror opposites whereas Jews under Islam were often characterized pejoratively especially because of their allegedly uncultured surroundings Place or makom is a strategic opportunity to explore the tensions that characterize Jewish culture in modernity between the sacred and the secular the local and the global the historical and the virtual Jewish culture and others The plasticity of the term includes particular geographic places and their cultural landscapes theological allusions and an array of other symbolic relations between locus location and the production of culture The 30th volume of Studies in Contemporary Jewry includes twelve essays that deal with various aspects of particular places making each location a focal point for understanding Jewish life and culture Scholars from the United States Europe and Israel have used their disciplinary skills to shed light on the vicissitudes of the 20th century in relation to place and Jewish culture Their essays continue the ongoing discussion in this realm and provide further insights into the historiographical turn in Jewish studies

Madsen, Seth Ward, 2001 Covenant and chosenness resonate deeply in both Mormon and Jewish traditions For both of these communities covenant and chosenness represent enduring interpretations of scriptural texts and promises ever present in themes of divine worship and liturgy The chapters of this volume written by leading scholars of both communities debate scriptural foundations the signs of the covenant the development of theological ideas about covenant and issues of inclusivity and exclusivity implied by chosenness

*Late Antique Jewish and Christian Travelogues* Reuven Kiperwasser, Aryeh Kofsky, Serge Ruzer, 2024-12-16 Focusing on travel narratives as a setting for spelling out both cultural exchanges and identity building the present volume maps a variety of strategies employed in travelogues by Christians and Jews in the late antique Roman East The first part sheds light on the shared cultural background folkloric or mythic reflected in late antique Jewish and Christian sea travel stories and the various attempts to adapt it to a specific religious agenda While the comparative analysis of the sources from two textual communities emphasizes their different religious agendas it also allows for restoring patterns of the broader background with which they converse The second part highlights Christian perceptions of the Land of Israel in missionary enterprises and in the eschatological visions The travelogues offer a window on the interplay between shared inheritance and new agendas within the dialectical development of religious traditions in Late Antiquity
