pursuit of a meaningful life Hayen examines the ancient Egyptians possession of a concept contemporary academics have labeled consciousness of the heart an innate knowledge of the entirety of the universe While all human beings possess this consciousness of the heart our modern culture has largely lost the ability to tap into this inborn knowledge By examining the material accomplishments of ancient Egypt and how their seemingly deeper awareness of their inner world created a harmonious outer world we can begin to understand how modern psychotherapy through a Jungian perspective could be instrumental in achieving a more profound and meaningful personal experience of life Ancient Egypt and Modern Psychotherapy will be insightful reading for analytical psychologists in practice and in training Jungian psychotherapists and psychologists and academics and students of Jungian and post Jungian studies and ancient spirituality Who's who in Egyptian Mythology Anthony S. Temple in the Sand Marjorie Vernelle,2023-09-19 Seti I is most frequently known as the father of Ramesses II but in fact he was a great pharaoh himself though with a relatively short reign of just eleven years A great warrior king a strategic thinker and a man who knew the life of the ordinary people he was an extraordinary ruler His brand was excellence and he used that in many forms to win his people to a king who was not born royal A warrior with the soul of an artist his Great Hypostyle Hall at Karnak is a wonder His tomb in the Valley of the Kings is the most beautiful with a burial chamber referred to as the Sistine Chapel of Ancient Egypt His mortuary temple in Abydos venerates the main deities of old Egypt with some of that ancient culture s most beautiful raised relief art It is that temple the Temple of Seti that forms the structure of this novel which attempts to recreate the diary of the pharaoh It is written on the temple walls that the king kept a diary and had it hidden somewhere in the temple As yet it has not been found but one can easily imagine the king in the solitude of the night writing of his life as he realizes his shortness of breath and pressure in the chest may mean it is the last year of that magnificent life Temple in the Sand the Memoirs of a Pharaoh is a tribute to the mysterious and beautiful sacred structure built by Pharaoh Seti I in Abydos and to the man behind the royal regalia

Seeds of Western Culture: Universal Chronology, the Exoduses and Archilochus' Odyssey Graham Peter Scott,2025-01-01 The book rediscovers two of the main seeds of Western Culture the Exodus and the Odyssey which are entwined within the book by both a common link with Egypt and a review of ancient chronology They were both antecedents to the rise of Christianity which is at the heart of Western Culture It was inspired by a desire to understand the spiritual message of the Odyssey which required both geographical and spiritual interpretations of the poem Linked to this was a desire to understand the political context of the Trojan story which required resolving the false hiatus in the archaeology of Troy This resulted in a new paradigm for understanding ancient chronology which revealed the stories behind the Exodus and the location of the Garden of Eden Writing the book has been a long and eventful journey longer than Odysseus 19 years away from home The book is written in five parts Universal Chronology Based on the identification of Menophres with Thutmose III and of the Bubastite Portal s reference to Shoshenq s participation in the Battle of Qarqar the Egyptian Third Intermediate Period is shortened by 120 years with a pharaoh ruling from Tanis and subordinate kings at Bubastis and Thebes The Exodus Using the Universal Chronology and genealogical information and dates provided by the Bible it is demonstrated that the story of the Exodus is a combination of two events being the exodus of the Hyksos led by Abraham in 1406 BC following the eruption of Thera and the exodus of the Atenist Levite priests led by Moses in about the first year of Tutankhamun 1204 BC The story of Abraham

also reveals the location of the Garden of Eden in the heartland of the Levant Radiocarbon Dating The process that created the dendrochronology based radiocarbon calibration curve is demonstrated to be a flawed non scientific process that relied upon circular arguments The Odyssey By comparing the life and work of Archilochus to both the Odyssey and the Iliad it is shown that Archilochus must have been the author of the Odyssey The allegory within the Odyssey is also discussed to provide both geographical and spiritual interpretations of the poem Western Culture The two main streams of Western Culture Ancient Greece and Christianity are shown to have had their foundations in the stories surrounding the Trojan War the spiritual message of the Odyssey and the influences of Egypt on Greece and Judaism It is shown how Greek and Jewish religions were fused to create the Gospels and contributed towards modern astrology The Temples of Light Danielle Rama Hoffman,2009-10-21 A guide to the open heart wisdom and secret rites of passage of thirteen sacred temples in Egypt Provides information on how to thrive as we move from the Piscean to the Aquarian age Offers guided meditations and rituals that connect to the ancient power of the Flower of Life the Djed Pillar the Ka the energy body and more The Temples of Light guides the reader as the initiate on a spiritual journey through thirteen of Egypt s sacred temples a journey into the sanctuary of the open heart Each sacred site is a portal to ancient wisdom that can assist the modern day pilgrim with everyday life issues and struggles love purpose money and health and the deeper questions of enlightenment and our divine origin Danielle Rama Hoffman opens up sacred rites of passage that historically have been kept secret to forge a relationship with the temples of Egypt as allies and spirit guides For example the temple of Sakkara is associated with abundance the temple of Abydos with remembering The initiations in this book awaken intuition and the Sahu the fully realized self allowing connections to the power magic and wisdom of such sacred symbols as the Flower of Life the Djed Pillar the backbone of Osiris the Ka and the energy body Hoffman s guided meditations rituals and exercises also raise the reader s vibration level as we move from the Piscean to the Aquarian age Embodying the wisdom of the open heart of these temples imparts a shift in consciousness from fear to bliss from powerlessness to empowerment opening the body mind and spirit to the infinite possibilities within Reading Jackie William Kuhn,2011-11-29 Jacqueline Kennedy Onassis never wrote a memoir but she told her life story and revealed herself in intimate ways through the nearly 100 books she brought into print as an editor at Viking and Doubleday during the last two decades of her life Many Americans regarded Jackie as the paragon of grace but few knew her as the woman sitting on her office floor laying out illustrations or flying to California to persuade Michael Jackson to write his autobiography William Kuhn provides a behind the scenes look at Jackie at work commissioning books and nurturing authors helping to shape stories that spoke to her Based on archives and interviews with her authors colleagues and friends Reading Jackie reveals the serious and the mischievous woman underneath the glamorous public image **Contesting Antiquity in Egypt** Donald Malcolm Reid,2019-09-03 The history of the struggles for control over Egypt s antiquities and their repercussions during a period of intense national ferment The sensational discovery in 1922 of

Tutankhamun's tomb close on the heels of Britain's declaration of Egyptian independence accelerated the growth in Egypt of both Egyptology as a formal discipline and of pharaonism popular interest in ancient Egypt as an inspiration in the struggle for full independence. Emphasizing the three decades from 1922 until Nasser's revolution in 1952, this compelling follow-up to *Whose Pharaohs?* looks at the ways in which Egypt developed its own archaeologies: Islamic, Coptic, and Greco-Roman, as well as the more dominant ancient Egyptian. Each of these four archaeologies had given birth to and grown up around a major antiquities museum in Egypt. Later, Cairo, Alexandria, and Ain Shams universities joined in shaping these fields. *Contesting Antiquity in Egypt* brings all four disciplines as well as the closely related history of tourism together in a single engaging framework. Throughout this semi-colonial era, the British fought a prolonged rearguard action to retain control of the country, while the French continued to dominate the Antiquities Service as they had since 1858. Traditional accounts highlight the role of European and American archaeologists in discovering and interpreting Egypt's long past. Donald Reid redresses the balance by also paying close attention to the lives and careers of often neglected Egyptian specialists. He draws attention not only to the contests between westerners and Egyptians over the control of antiquities but also to passionate debates among Egyptians themselves over pharaonism in relation to Islam and Arabism during a critical period of nascent nationalism. Drawing on rich archival and published sources, extensive interviews, and material objects ranging from statues and murals to photographs and postage stamps, this comprehensive study by one of the leading scholars in the field will make fascinating reading for scholars and students of Middle East history, archaeology, politics, and museum and heritage studies, as well as for the interested lay reader.
