

POLISH INFLUENCES ON THE BALTIC DÉMARCHES
OF ROMANIAN DIPLOMACY.
1920-1930

FLORIN ANGHEL

Nicolae Iorga Institute of History, Bucharest

Whenever challenged to take up the subject of Poland and the Baltic States informally, in a private circle, Marshal Józef Piłsudski would always bring into discussion his Lithuanian origin and his attraction to the neighbouring state, which he was inclined to consider a rebellious offspring of the Polish Republic. In one of his Lithuanian tales full of meaning, the Marshal would compare Lithuania with a dear old eccentric aunt: 'When someone opens a window, she will rush out to shut it lest her enemies should fly in; and, when some other person knocks on the door, she will fling it wide open and say to some imaginary interlocutors, "Come in, gentlemen!"'¹ (An allusion was being made here to the uncanny friendship between Lithuania and the Soviets). The 'creator' of modern Poland was so much taken with the Lithuanian issue that he provoked a war in order to conquer Wilno (Vilnius) and his native land, and gave instructions that after death his heart be laid in Rasos cemetery of Wilno, where his mother was buried, as a token of his admiration for 'the most beautiful town in the world.'

How proper would it be to speak of a systematic model of common interests, or of the maintenance of independent decision-making within the Polish-Romanian alliance in their relations with the Baltic region?

Any attempt to define a novel attitude towards the Baltic region and its new realities should address in the first place the question whether conditions were laid for the achievement of the targeted results. We should note that, on the geostrategic and political background resulting from World War I and confirmed by the peace conferences, Romanian diplomacy, in want of a long-term strategy,

Aldis Purs, Andrejs Plakans

Search For Security A Study In Baltic Diplomacy 1920 1934:

Search for Security Hugh I. Rodgers, 1975 **The Baltic World 1772-1993** David Kirby, 2014-07-15 This eagerly awaited sequel shares the characteristics of its distinguished predecessor wide geographical and chronological span expert mingling of political social and economic history and Dr Kirby's ability to keep the separate national threads of his account from tangling as he weaves them into the broad regional picture that is his main concern Here he tackles the contrasting experiences of Europe's northern periphery affluence and democracy in the north stagnation and authoritarianism in the south from the French Revolution to the collapse of the USSR and beyond This is a masterly study of a region that is far from peripheral politically to the post Soviet world *The Baltic States* Thomas Lane, Artis Pabriks, Aldis Purs, David J.

Smith, 2013-11-05 Since the end of the Cold War there has been an increased interest in the Baltics The Baltic States brings together three titles Estonia Latvia and Lithuania to provide a comprehensive and analytical guide integrating history political science economic development and contemporary events into one account Since gaining their independence each country has developed at its own pace with its own agenda and facing its own obstacles The authors examine the tensions accompanying a post communist return to Europe after the long years of separation and how each country has responded to the demands of becoming a modern European state Estonia was the first of the former Soviet republics to enter membership negotiations with the European Union in 1988 and is a potential candidate for the next round of EU expansion in 2004 Lithuania and Latvia have also expressed their desire for future membership of NATO and the EU Forgotten Pages in Baltic History Martyn Housden, David J. Smith David J. Smith, 2011-03-29 The years from 1918 to 1945 remain central to European History It was a breath taking time during which the very best and very worst attributes of Mankind were on display In the euphoria of peace which followed the end of the First World War the Baltic States emerged as independent forces on the world stage participating in thrilling experiments in national and transnational governance Later following economic collapse and in the face of rising totalitarianism among even Europe's most cultured nations Baltic communities succumbed to nationalism too During wartime Baltic peoples became both victims and sometimes victimisers Ultimately their victimhood lasted until the end of the Cold War yielding consequences still discernible at the start of the twenty first century Taking the period 1918 to 1945 as pivotal this collection of essays examines some of the key themes in Baltic History as they are emerging today These include appreciations of identity autonomy and the rights of national minorities the everyday and social foundations of international security and the importance of historical memory to popular and political identities

The Baltic Nations and Europe John Hiden, Patrick Salmon, 2014-01-14 Of all the Soviet Union's subject nationalities the three Baltic republics Estonia Latvia and Lithuania were the most determined and best organised in seizing the opportunities created by glasnost and perestroika to win freedom from Moscow's grip At the time of first publication in 1991 the final section of the book was speculative Now for this revised edition the authors have provided a new final chapter which brings

the story up to date and the three republics to political independence again **A History of the Baltic States** Andres Kasekamp,2017-10-26 In this key textbook Andres Kasekamp masterfully traces the development of Estonia Latvia and Lithuania from the northern crusades against Europe s last pagans and Lithuania s rise to become one of medieval Europe s largest states to their incorporation into the Russian Empire and the creation of their modern national identities Employing a comparative approach a particular emphasis is placed upon the last one hundred years during which the Baltic states achieved independence endured occupation by the Soviet Union and Nazi Germany and transformed themselves into members of the European Union This is an essential textbook for undergraduate students taking modules on Eastern or Central European History Communism and Post Communism the Soviet Union or Baltic Culture and Politics Engaging and accessible this is also an ideal introduction to the Baltic States for general readers **The Baltic States And The Great Powers** David Crowe,2019-07-11 This is the first complete account of the diplomatic relations and military steps leading to Estonia s Latvia s and Lithuania s forcible absorption into the USSR in 1940 David Crowe making use of recently opened archival sources traces the Baltic states relations with the Soviet Union Germany Poland Great Britian France and with one another from 1917 1940 He starts with an overview of 1917 1936 and then offers a detailed description of the diplomatic maneuvering that marked Europe s collective slide toward war Crowe covers the Sudeten and Memel crises involving German communities in 1938 the German Soviet Pact in August 1939 the mutual assistance pacts between the Baltic States and the USSR the Baltic German migration Soviet use of Estonia s military installations during their assault on Finland and the subsequent Soviet occupation of the Baltic states The story ends with the election of new Soviet sponsored legislatures that sought admission into the USSR as Soviet republics in 1940 a step that most Western countries never recognized and one that the Baltic states finally reversed when they regained their independence fifty one years later in August 1991

Germany and Europe 1919-1939 John Hiden,2014-09-25 This is the only short study in English to survey Germany s foreign policy from a German viewpoint across the entire inter war period The approach which sets Germany in her full European context is not narrowly diplomatic and it gives as much attention to the Weimar years of the 1920s as it gives to the more familiar story of Germany s international relations under the Third Reich John Hiden has now thoroughly revised his text to take account of new scholarship since the book first appeared in 1977 **Historical Dictionary of Latvia** Aldis Purs,Andrejs Plakans,2017-05-02 Latvia is located on the eastern shore of the Baltic Sea After a brief period of independence between the two World Wars Latvia was annexed by the USSR in 1940 It reestablished its independence in 1991 following the breakup of the Soviet Union Although the last Russian troops left in 1994 Latvia continues to revamp its economy for eventual integration into various Western European political and economic institutions Since May 2004 Latvia is a member of the European Union This third edition of Historical Dictionary of Latvia contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities

politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about Latvia

The Baltic and the Outbreak of the Second World War John Hiden, Thomas Lane, 2003-01-30 This book is the first to highlight the importance of the Baltic region in the approach to war in 1939 Amid the welter of publications on the origins of the Second World War none has sought hitherto to focus on the Baltic region where peace finally and irrevocably broke down Central strategic and international issues of the interwar years are thus illuminated from a fresh perspective by a distinguished team of specialists that includes a number of native Baltic historians The themes discussed by the contributors acquired renewed relevance as the Baltic republics asserted their rejection of incorporation within the Soviet Union following the Nazi Soviet pact of 1939 The Baltic and the outbreak of the Second World War makes an important contribution to the perennial debate on the immediate causes of the conflict and should interest specialists in a variety of fields within international relations modern European and diplomatic history

Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1976 *Baltic Facades* Aldis Purs, 2013-02-15 Estonia Latvia and Lithuania are often grouped together as the Baltic States but these three Eastern European countries tied together historically are quite different Although each is struggling to find its place within Europe and fighting to preserve its own identity the idea of the Baltic States is a facade In this book Aldis Purs dispels the myth of a single coherent Baltic identity presenting a radical new view of the region Baltic Facades illuminates the uniqueness of these three countries and locates them within the larger context of European history also revealing the similarities they share with the rest of the continent He also examines the anxiety the people of Estonia Latvia and Lithuania feel about their own identities and how others see them Giving equal weight to developments in politics economics and social and cultural trends he places contemporary events in a longer perspective than traditional Cold War inspired views of the region tracing the countries under Soviet rule after the end of World War II through their declarations of independence in the early 1990s and their admission to the European Union in 2004 Baltic Facades is an enlightening look at these three separate though related Eastern European countries

The Latvians Andrejs Plakans, 1995 This postperestroika historical narrative should contribute significantly to assessing the likelihood of Latvia's survival as an independent republic **BOOK JACKET** **Britain, France and the Naval Arms Trade in the Baltic, 1919 -1939** Donald Stoker, 2003-08-31 The strategy of the British and French prior to World War II was to preserve the status quo after the disaster of World War I Donald Stoker's book examines British and French involvement from 1919 to 1939 in the creation and development of the naval forces of Poland Finland and the three Baltic states of Estonia Latvia and Lithuania This is an in depth scholarly study of a subject that should appeal to students of international history strategy international relations and naval history in general *A Concise History of the Baltic States* Andrejs Plakans, 2011-02-24 The Baltic region is frequently neglected in broader histories of Europe and its international significance can be obscured by separate treatments of the various Baltic states With this wide ranging survey

Andrejs Plakans presents an integrated history of three Baltic peoples Estonians Latvians and Lithuanians and draws out the common threads to show how it has been shaped by their location in a strategically desirable corner of Europe Subordinated in turn by Baltic German landholders the Polish nobility and gentry and then by Russian and Soviet administrators the three nations have nevertheless kept their distinctive identities significantly retaining three separate languages in an ethnically diverse region The book traces the countries evolution from their ninth century tribal beginnings to their present status as three thriving and separate nation states focusing particularly on the region s complex twentieth century history which culminated in the eventual re establishment of national sovereignty after 1991

The Bolsheviks and Britain during the Russian Revolution and Civil War, 1917-24 Evgeny Sergeev,2022-06-16 This book analyses the principal aspects of the relations between Soviet Russia USSR and Britain in the crucial phase of their formation namely the period from 1917 to 1924 Using previously unavailable and largely unknown archival records and memoirs published by statesmen diplomats and military commanders directly involved in the events Evgeny Sergeev not only reconstructs the dynamics of the interaction between Moscow and London but also strips its key episodes of common myths and stereotypes The most debatable issues to which this study draws its primary attention include Britain s role in the Entente armed intervention against the Bolshevik regime as well as a series of reciprocate attempts to avoid political controversies and London s contribution to humanitarian aid and the economic recovery of post revolutionary Russia Special consideration is also given to the impact of British diplomacy on the recognition of the USSR by other great powers like France Italy and Japan in the mid 1920s

The Baltic States and Weimar Ostpolitik John Hiden,2002-05-02 A study of German economic influence in the Baltic states after World War I

Piip, Meierovics & Voldemaras Charlotte Alston,2011-04-26 Conflict on the borders of the Russian Empire whatever the complexion of the government controlling it has been a constant feature of the past 90 years most recently with Russia s brief war with Georgia in August 2008 In 1919 as the smaller nations on Russia s borders sought self determination while the Civil War raged between the Whites and the Bolsheviks the Paris Peace Conference struggled with a situation complicated by mutually exclusive aims The Baltic States of Latvia Lithuania and Estonia were seen by both the Russians and the Western Allies as a protective buffer for their own territory which led to the curious situation that the Peace Conference requested German troops to remain temporarily in the Baltic territory they had occupied during the First World War to block the westward spread of the Bolshevik Revolution The ongoing civil war in Russia further complicated the issue because if the Whites should win and restore the legitimate Russian government the Peace Conference could not divide up the territory of a power that had been one of the original members of the Entente The US politician Herbert Hoover described Russia as Banquo s ghost at the Paris Peace Conference an invisible but influential presence and nowhere can this be more clearly seen than in the deliberations over the Baltic States

The Baltic in International Relations Between the Two World Wars John Hiden,Aleksander Loit,1988

British Intelligence and Hitler's Empire in the Soviet Union, 1941-1945 Ben

Wheatley, 2017-01-26 This is the first detailed study of Britain's open source intelligence OSINT operations during the Second World War showing how accurate and influential OSINT could be and ultimately how those who analysed this intelligence would shape British post war policy towards the Soviet Union Following the Nazi invasion of the Soviet Union in June 1941 the enemy and neutral press covering the German occupation of the Baltic states offered the British government a vital stream of OSINT covering the entire German East OSINT was the only form of intelligence available to the British from the Nazi occupied Soviet Union due to the Foreign Office suspension of all covert intelligence gathering inside the Soviet Union The risk of jeopardising the fragile Anglo Soviet alliance was considered too great to continue covert intelligence operations In this book Wheatley primarily examines OSINT acquired by the Stockholm Press Reading Bureau SPRB in Sweden and analysed and despatched to the British government by the Foreign Research and Press Service FRPS Baltic States Section and its successor the Foreign Office Research Department FORD Shedding light on a neglected area of Second World War intelligence and employing useful case studies of the FRPS FORD Baltic States Section's Intelligence British Intelligence and Hitler's Empire in the Soviet Union 1941 1945 makes a new and important argument which will be of great value to students and scholars of British intelligence history and the Second World War

This Captivating World of Kindle Books: A Thorough Guide Revealing the Pros of E-book Books: A World of Convenience and Flexibility E-book books, with their inherent portability and simplicity of availability, have freed readers from the limitations of hardcopy books.
