Searching for Isabella Charles Palmatier-Maynard, 2024-02-29 Did you find your real parents How would you react to that question if your grandmother asked you that question from her nursing home bed That is the question that led me on a quest to find out if I really was adopted or if they were ramblings or confusion of my grandmother who thought I might be someone else The quest led me on a journey to find out more about my family and what it really means and in turn learn more about myself and find who I really am Then I learned more family secrets some scandalous and some kind of funny and that I had family out there that I didn t know about and my search for that missing relative And while dealing with that search I had a new secret that we had to guard and keep from family and friends This is my our story looking back some thirty years ago back to the 1990s and how we I was not searching for answers for one family secret while trying to keep another one hidden and the trials and experiences that we had Some were humorous while others were heart wrenching and painful Some family memories and

histories paralleled each other to some uncanny experiences Although some parts are true this is a fictional story the story of how I wished things had turned out when I was asked the infamous question Did you find your real parents So what would you have done Read my story our story of what I wish I had done and some of what I we really did **Memoirs of an Icelandic Bookworm** Jóna E. Hammer, 2006-07-18 Memoirs of an Icelandic Bookworm is only partly a memoir More than half the volume consists of Icelandic folktales many of which have never been translated into English before These tales are uniquely presented here as part of a fabric of life extending from a long ago past through times affected by the Second World War and to the present The book is a first hand and humorous account of Icelandic culture and an Icelandic childhood In the memoir sections the bookworm of the title is growing up in a small town in Northern Iceland her emerging world view is expanded by family influences or challenged by sojourns into Icelandic and international literature Her family is memorably represented for example by her grandmother the robust Stefana who speaks in verse and learns to dance rockn roll and the white haired patriarch Jón who steps in to save the family home from burning and introduces his great granddaughter to an ancient feminist folktale The memoirs mostly describe the 1940s and 50s but the author is constantly looking back beyond her own memories and even the memories of her great parents toward an older culture preserved in the folktales and exerting its influence through the centuries to touch her own childhood On occasion the authors cultural associations reach even further back to the times of the Icelandic sagas at other times with periodic returns to her current vantage point in the 21st century she touches down in the more recent past for a humorous look at Laxness or up to date cultural developments As a writer of memoirs the author makes two general observations The first one is that children should be introduced to imaginative literature as early as possible Although this is not a new idea it is illustrated here with an example of highly auspicious conditions the bookworm and her peers grow up in a cultural climate where literature and poetry are integrated into daily life The authors second observation is that a small and seemingly insular society may actually contain a great deal of cultural and literary sophistication as she shows in her descriptions of daily small town life in Northern Iceland The sixty some folktales which occupy the larger part of the book are introduced as flashbacks to earlier times Reflecting the national past and narrated by long departed country people the folktales run through the bookworms own present and link her living family to long ago forebears The human characters in these colorful tales are just like the narrators themselves farmers and their wives serving maids clergymen bishops or hired hands a familiar mixture in any farming society The non humans are a sinister lot ranging from The Evil One himself through ghosts and ogres with whom ordinary folk must struggle as best they can In addition the ever present elves are a law unto themselves loyal as friends but lethal as foes Being an Icelander and thus receptive to mysticism the bookworm has ample contact with the supernatural partly through the folktales but also as elements of daily life Real people gifted with second sight are still commonplace in the girls own times in fact her family owes its very existence to the advice of such a seer In addition the bookworms world teems with an international cast of fictional

and fantastic characters Dickens's Mr Bumble Anna of Green Gables Alice in Wonderland a nameless drunken fisherman courtesy of Haldr Kiljan Laxness and the Hunchback of Notre Dame among others make cameo appearances next to child stealing elf women men devouring giantesses and a dreaded ghost monster called Thorgeirs Bull The first folktale a horrific account of a legendary sorcerer is presented by itself both as a preview of the dark supernatural mysteries in store for the reader and as a preview of the fascination and excitement such reading
