Searchers A True Story:

The Searchers Arthur M. Eckstein, Peter Lehman, 2004 A series of in depth examinations of the motion picture many consider to be Hollywood's finest western film **The Searcher** Rosilla Bradley Rogers, 2013-04 It is 1958 as a teenager scans the beach of Cabo Mar But Max is not a casual visitor gazing at the Pacific as he appears to be He is really a three hundred year old Searcher going mad with frustration Sir Maximillian the seventh knight of King Arthur's Round Table is on a maddening quest to find Lo Lo the lost daughter of his true love Queen Elaine a journey that has taken him much longer than he ever imagined For Max many challenges lie ahead He must find Lo Lo and return her to her mother's throne avenge the brutal murder of her mother and trace the royal blood line of their Kingdom of Astolot Meanwhile twenty two year old Lo Lo now going by Roz in her mortal life is living in California without any idea that hundreds of years ago she was kidnapped and now eerily resembles Elaine her mother from so long ago But when Max finally sees Lo Lo emerging from the ocean he can hardly believe his eyes He has found her at last but Lo Lo may not be ready to hear everything he has to say In this magical tale laced with greed and avarice only time will tell if the force of overwhelming love has the power to bring generations of courageous characters together at last The Searchers Glenn Frankel, 2014-02-04 Traces the making of the influential 1950s film inspired by the story of Cynthia Ann Parker sharing lesser known aspects of Parker's 1836 abduction by the Comanche and her heartbreaking return to white culture in an account that also explores how the movie reflects period ambiguities 30 000 first printing Movie tie in **The Searchers** Stephen Korwin Szymanowski, 1908 **Secrets of the Super Searchers** Reva Basch, 1993 Using interviews with 23 of the world's best online searchers shows how they deal with clients formulate their search strategy and tactics and deliver the results *Feminist Praxis against U.S. Militarism* Wonhee Anne Joh, Nami Kim, 2019-12-04 *Feminist Praxis against U S Militarism* provides critical feminist and womanist analyses of U S militarism that challenge the ongoing U S neoliberal military industrial complex and its multivalent violence that destroys people's lives especially women and other vulnerable populations It highlights the intentional critique of U S militarism from feminist womanist perspectives that seek to show the ways in which gender race ethnicity sexuality and violence intersect to threaten women's lives especially women of color's lives and the broader environment upon which women's lives are dependent Most of all this volume challenges the readers to understand the U S as the warfare counterterrorism carceral state and its devastating effects on the everyday lives of women especially women of color locally nationally and globally This volume also helps readers understand the racialized gendered impacts of U S militarism in conjunction with the ongoing global economies of dispossession and militarized violence across the borders of nation states Interrogating U S military interventions in other countries can show how the U S War on Terror directly affects U S domestic affairs and daily lives in the United States **Searchers** Ron Felber, 2003-09-01 Searcher, 2009 **The Online Searcher** Ethel Auster, 1990 Online searching is one of the fastest growing services in libraries While such services represent great potential for

Movies and Methods Bill Nichols, 1985-09-06 The original *Movies and Methods* volume 1976 captured the dynamic evolution of film theory and criticism into an important new discipline incorporating methods from structuralism semiotics and feminist thought Now there is again ferment in the field *Movies and Methods Volume II* captures the developments that have given history and genre studies imaginative new models and indicates how feminist structuralist and psychoanalytic approaches to film have achieved fresh valuable insights In his thoughtful introduction Nichols provides a context for the paradoxes that confront film studies today He shows how shared methods and approaches continue to stimulate much of the best writing about film points to common problems most critics and theorists have tried to resolve and describes the internal contradictions that have restricted the usefulness of post structuralism Mini introductions place each essay in a larger context and suggest its linkages with other essays in the volume A great variety of approaches and methods characterize film writing today and the final part conveys their diversity from statistical style analysis to phenomenology and from gay criticisms to neoformalism This concluding part also shows how the rigorous use of a broad range of approaches has helped remove post structuralist criticism from its position of dominance through most of the seventies and early eighties The writings collected in this volume exhibit not only a strong sense of personal engagement but also a persistent awareness of the social importance of the cinema in our culture *Movies and Methods Volume II* will prove as invaluable to the serious student of cinema as its predecessor it will be an essential reference work for years to come

Boggs, 2019-11-15 More than a history of Western movies *The American West on Film* intertwines film history the history of the American West and American social history into one unique volume *The American West on Film* chronicles 12 Hollywood motion pictures that are set in the post Civil War American West including *The Ox Bow Incident* *Red River* *High Noon* *The Searchers* *The Magnificent Seven* *Little Big Man* and *Tombstone* Each film overview summarizes the movie's plot details how the film came to be made the critical and box office reactions upon its release and the history of the time period or actual event This is followed by a comparison and contrast of the filmmakers version of history with the facts as well as an analysis of the film's significance then and now Relying on contemporary accounts and historical analysis as well as perspectives from filmmakers historians and critics the author describes what it took to get each movie made and how close to the historical truth the movie actually got Readers will come away with a better understanding of how movies often reflect the time in which they were made and how Westerns can offer provocative social commentary hidden beneath old fashioned shoot em ups
