**In Search of Eden** Robert M. Yarbrough, 2017-12-04 Nearing the end of the Twenty fourth century deep space satellites identify a rip in space between Earth and Mars A military venture class ship code named Exploration is sent through the rift and arrives far beyond what science labeled the edge of the universe Shortly after arrival the Exploration sends transmissions to Earth that holds the key to unlocking faster than light travel The next few messages from the ship come in the form of blood soaked screams from the crew members begging for their lives Almost three decades later humanity is locked in a civil war between two alien factions Questions behind the human involvement in the war have long been silenced by the world government That is until a small group of soldiers happen upon the truth of how the war actually began Now with the entire population of Earth and the Solar System in danger it is up to these unlikely heroes to search the stars for a new world to save the human race

**A Search for Reality** Leon Combs, 2007-11 Imagine life when God s Church has lost acceptance and the government only allows a new church structure that rejects the concept of a Biblical God The purpose of the new churches is to help people attain peace in their lives A world dictator has emerged who achieved peace by suppressing the former concepts of religion so that religious conflicts no longer exist The world government uses virtual reality modules to mold the minds of citizens to accept this new structure and all known Christians are isolated The main character is a scientist who achieves all that the world can offer but who still thinks something is missing He and his friends initiate a search for real reality As the story unfolds choices must be made between the manufactured peace of this worldly existence and the dangers of declaring themselves Christians Dr Combs earned his Ph D in Chemical Physics from LSU and then taught chemistry and physics for 40 years He is Professor and Head Emeritus at Mississippi State University and Professor and Chair Emeritus at Kennesaw State University He has taught Sunday School classes for about 30 years in three different denominations He currently is a member of a reformed Presbyterian church He developed a web site <http://LivingTheology.com> which carries many of his Christian writings This book began about 20 years ago as he observed how the church was losing its identity as God s Church and people attending such local churches seemed mainly interested in socializing and hearing sermons designed to make them feel better He also observed how people were treating sports as religions After retiring in July 2006 from KSU he determined to finish this book since many of the futuristic aspects of the book are already appearing
