Between Doctors and Patients Lilian R. Furst, 1998 Although there are many books on the mechanics of doctor patient interaction none has previously confronted the philosophical and psychological issues of power and trust that bind these figures One consequence of their changed relationship Furst asserts has been the decrease of interest in patients as individuals In this time of impersonal HMOs and spiraling health care costs she hopes that doctors and patients can learn from the past and eventually find a mutually beneficial balance of power that will see medicine as both a science and an art and will recognize human understanding as an integral element of healing

Baseball Between the Numbers Jonah Keri, Baseball Prospectus, 2007-02-27 In the numbers obsessed sport of baseball statistics don't merely record what players managers and owners have done Properly understood they can tell us how the teams we root for could employ better strategies put more effective players on the field and win more games The revolution in baseball statistics that began in the 1970s is a

controversial subject that professionals and fans alike argue over without end Despite this fundamental change in the way we watch and understand the sport no one has written the book that reveals across every area of strategy and management how the best practitioners of statistical analysis in baseball people like Bill James Billy Beane and Theo Epstein think about numbers and the game Baseball Between the Numbers is that book In separate chapters covering every aspect of the game from hitting pitching and fielding to roster construction and the scouting and drafting of players the experts at Baseball Prospectus examine the subtle hidden aspects of the game bring them out into the open and show us how our favorite teams could win more games This is a book that every fan every follower of sports radio every fantasy player every coach and every player at every level can learn from and enjoy *Fremont-Winema National Forest (N.F.), Toolbox Fire Recovery Project*
