Season In Mecca Narrative Of A Pilgrimage:

A Season in Mecca Abdellah Hammoudi, 2006-01-10 Sample Text **Religious Pilgrimages in the Mediterranean World** Antón M. Pazos, 2023-02-01 Religious Pilgrimages in the Mediterranean World examines the evolution of recent theoretical and methodological trends in pilgrimage studies. It outlines key themes of research including historical, anthropological, sociological, and cultural approaches to provide a comprehensive and interdisciplinary overview of the subject. Charting pilgrimages from 1500 through to the current day, the volume traces the recent research of Jewish, Muslim, and Christian pilgrimages in the Mediterranean while also exploring avenues for future studies that go beyond the limitations of the past. Chapters also engage with travel literature, tourism, and nationalism in relation to pilgrimage in this cutting-edge volume. Featuring essays from leading scholars in the fields of religious studies, geography, and anthropology, this book is cross-cultural in focus and critical in approach, making it an essential read for all researchers of pilgrimage, religious history, religious tourism, and anthropology.

Travelling Pasts: The Politics of Cultural Heritage in the Indian Ocean World, 2019-07-15 Travelling Pasts, edited by Burkhard Schnepel and Tansen Sen, offers an innovative exploration of the issue of heritage in the Indian Ocean world. This collection of essays demonstrates how the heritagization of the past has played a vital role in processes and strategies related to the making of socio-cultural identities, the establishing of political legitimacies, and the pursuit of economic and geopolitical gains. The contributions range from those dealing with the impact of UNESCO's World Heritage Convention in the Indian Ocean world as a whole to those that address the politics of cultural heritage in various distinct maritime sites such as Zanzibar, Mayotte, Cape Town, the Maldives, Calcutta, and Penang. Also examined are the Maritime Silk Road and the Project Mausam initiatives of the Chinese and Indian governments, respectively. The volume is an important contribution to the transdisciplinary fields of Indian Ocean Studies. **Princeton Alumni Weekly**, 2004

Timothy, 2021-07-29 The Routledge Handbook of Religious and Spiritual Tourism provides a robust and comprehensive state-of-the-art review of the literature in this growing sub-field of tourism. This handbook is split into five distinct sections. The first section covers past and present debates regarding definitions, theories, and concepts related to religious and spiritual tourism. Subsequent sections focus on the supply and demand aspects of religious and spiritual tourism markets and examine issues related to the management side of these markets around the world. Areas under examination include religious theme parks, the UNESCO branding of religious heritage, gender and performance, popular culture, pilgrimage, environmental impacts, and fear and terrorism, among many others. The final section explores emerging and future directions in religious and spiritual tourism and proposes an agenda for further research. Interdisciplinary in coverage and international in scope through its authorship and content, this will be essential reading for all students, researchers, and academics interested in Tourism, Religion, Cultural Studies, and Heritage Studies.

Heaven on Earth Sadakat Kadri, 2025-06-25 Heaven on Earth is a vivid, revealing, and

essential narrative history of shari'a law the widely contested and misunderstood code of Islamic justice and how the application of its concepts has changed over time and with it the face of Islam Some fourteen hundred years after the Prophet Muhammad first articulated God's law the shari'a and its earthly interpreters are still arguing about what it means Hard liners reduce it to amputations veiling holy war and stonings Others say that it is humanity's only guarantee of a just society And as colossal acts of terrorism made the word shari'a more controversial than ever in the early twentieth century the legal historian and human rights lawyer Sadakat Kadri realized that many people in the West harbored ideas about Islamic law that were hazy or simply wrong Heaven on Earth describes his journey through ancient texts and across modern borders in search of the facts behind the myths Kadri brings lucid analysis and enlivening wit to the turbulent story of Islam's foundation and expansion showing how the Prophet Muhammad's teachings evolved gradually into concepts of justice Traveling the Muslim world to see the shari'a's principles in action he encounters a cacophony of legal claims At the ancient Indian grave of his Sufi ancestor unruly jinns are exorcised in the name of the shari'a In Pakistan's madrasas stern scholars ridicule his talk of human rights and demand explanations for NATO drone attacks in Afghanistan In Iran he hears that God is forgiving enough to subsidize sex change operations but requires the execution of Muslims who change religion Yet the stories of compulsion and violence are only part of a picture that also emphasizes compassion and equity Many of Islam's first judges refused even to rule on cases for fear that a mistake would damn them and scholars from Delhi to Cairo maintain that governments have no business enforcing faith The shari'a continues to shape explosive political events and the daily lives of more than a billion Muslims Heaven on Earth is a brilliantly iconoclastic tour through one of humanity's great collective intellectual achievements and an essential guide to one of the most disputed but least understood controversies of modern times

Moving Matters Susan Ossman, 2013-01-09 *Moving Matters* is a richly nuanced portrait of the serial migrant a person who has lived in several countries calling each one at some point home The stories told here are both extraordinary and increasingly common Serial migrants rarely travel freely they must negotiate a world of territorial borders and legal restrictions yet as they move from one country to another they can use border crossings as moments of self clarification They often become masters of settlement as they turn each country into a life chapter Susan Ossman follows this diverse and growing population not only to understand how paths of serial movement produce certain ways of life but also to illuminate an ongoing tension between global fluidity and the power of nation states Ultimately her lyrical reflection on migration and social diversity offers an illustration of how taking mobility as a starting point fundamentally alters our understanding of subjectivity politics and social life

Transcendence Thomas J. Csordas,2023-09-01 This innovative collection examines the transnational movements effects and transformations of religion in the contemporary world offering a fresh perspective on the interrelation between globalization and religion Transnational Transcendence challenges some widely accepted ideas about this relationship in particular that globalization can be understood solely as an economic phenomenon and that its religious manifestations are secondary The

book points out that religion's role remains understudied and undertheorized as an element in debates about globalization and it raises questions about how and why certain forms of religious practice and intersubjectivity succeed as they cross national and cultural boundaries Framed by Thomas J Csordas's introduction this timely volume both urges further development of a theory of religion and globalization and constitutes an important step toward that theory This innovative collection examines the transnational movements effects and transformations of religion in the contemporary world offering a fresh perspective on the interrelation between globalization and religion Transnational Transcendence c **Encountering Morocco** David Crawford, Rachel Newcomb, 2013-05-15 Encountering Morocco introduces readers to life in this North African country through vivid accounts of fieldwork as personal experience and intellectual journey We meet the contributors at diverse stages of their careers from the unmarried researcher arriving for her first stint in the field to the seasoned fieldworker returning with spouse and children They offer frank descriptions of what it means to take up residence in a place where one is regarded as an outsider learn the language and local customs and struggle to develop rapport Moving reflections on friendship kinship and belief within the cross cultural encounter reveal why study of Moroccan society has played such a seminal role in the development of cultural anthropology **Modern Saudi Arabia** Valerie Anishchenkova, 2020-06-01 This thematic encyclopedia examines contemporary and historical Saudi Arabia with entries that fall under such themes as geography history government and politics religion and thought food etiquette media and much more The Kingdom of Saudi Arabia known for its petroleum reserves and leadership role in the Middle East is explored in this latest addition to the Understanding Modern Nations series Organized into thematic chapters Modern Saudi Arabia covers both history and contemporary daily life Chapter topics include Geography History Government and Politics Economy Religion and Thought Social Classes and Ethnicity Gender Marriage and Sexuality Education Language Etiquette Literature and Drama Art and Architecture Music and Dance Food Leisure and Sports and Media and Popular Culture Each chapter contains an overview of the topic and alphabetized entries on examples of each theme A detailed historical timeline spans from prehistoric times to the present Special appendices are also included offering profiles of a typical day in the life of representative members of Saudi society a glossary key facts and figures about Saudi Arabia and a holiday chart This volume will be useful for readers looking for specific topical information and for those who want to read entire chapters to gain a deeper perspective on aspects of modern Saudi Arabia Bourdieu in Algeria Jane E. Goodman, Paul A. Silverstein, 2009-07-01 This is a collection of essays analyzing Pierre Bourdieu's early fieldwork in Algeria and its impact on his larger body of social theory Women and Peace in the Islamic World Yasmin Saikia, Chad Haines, 2015-01-20 How realistic is the prospect of peace in the Muslim world This question is the predominant focus for global analysis today but its debate frequently ignores the cultural and social complexity of the Muslim world reducing it into a system of states and select actors This book addresses such a failing by exploring how the everyday interactions of women in accordance with

Islamic personal ethics can offer the world a new interpretation of peace. In particular it focuses on the women in Islamic societies from Aceh to Bosnia, Morocco to Bangladesh, initiating a dialogue on the role of these women in peacemaking. This concentration upon the complex issues of the everyday both enables a detailed exploration of how people conceptualise peace and opens up new frameworks for conflict resolution. The discussions that emerge lead to a critical questioning of assumptions about peace as a state policy and cessation of violence. Drawing upon original research from different parts of the Middle East, North Africa and Asia including Iran, India, Afghanistan, Bangladesh, Bosnia, Egypt and Sudan, the contributors offer a refreshing new look at Muslim women as peacemakers, challenging any assumptions of Islam as an inherently violent religion. Such a timely work provides new and important analyses on the role of Muslim women in forging new pathways of peace in the contemporary world.

Bedouin of Mount Sinai Emanuel Marx, 2013-06-01 The Sinai Peninsula links Asia and Africa and for millennia has been crossed by imperial armies from both the east and the west. Thus its Bedouin inhabitants are by necessity involved in world affairs and maintain a complex almost urban economy. They make their home in arid mountains that provide limited pastures and lack arable soils and must derive much of their income from migrant labor and trade. Still every household maintains at considerable expense a small orchard and a minute flock of goats and sheep. The orchards and flocks sustain them in times of need and become the core of a mutual assurance system. It is for this social security that Bedouin live in and retire to the mountains. Based on fieldwork over ten years, this book builds on the central theoretical understanding that the complex political economy of the Mount Sinai Bedouin is integrated into urban society and part of the modern global world.

Islamic Veiling in Legal Discourse Anastasia Vakulenko, 2012-09-10 Islamic Veiling in Legal Discourse looks at relevant law and surrounding discourses in order to examine the assumptions and limits of the debates around the issue of Islamic veiling that has become so topical in recent years. For some, Islamic veiling indicates a lack of autonomy, the oppression of women and the threat of Islamic radicalism to western secular values. For others, it suggests a positive autonomous choice, a new kind of gender equality and a legitimate exercise of one's freedom of religion, a treasured right in democratic societies. This book finds that across seemingly diverse legal and political traditions, a set of discursive frameworks, the preoccupation with autonomy and choice, the imperative of gender equality and a particular western understanding of religion and religious subjectivity shape the positions of both proponents and opponents of various restrictions on Islamic veiling. Rather than take a position on one or the other side of the debate, the book focuses on the frameworks themselves, highlighting their limitations.
