Harold Ellens,2007-10-30 The esteemed editor who brought us the acclaimed set

The Destructive Power of Religion turns his attention here to a similarly powerful yet positive side of religion how our concept of God can fuel healthy body and mind This book contends that all health mental and physical is shaped for good or ill by our spiritual theological and psychological notions about the nature of God and by the way we form an outlook on life as a result of these notions Across history a large percentage of people have believed that God is a threat an attitude Ellens describes as sick gods created through pathological beliefs or sick gods that make sick people But Ellens grounds his brighter perspective in this text on God as a source of unconditional grace and goodwill then illuminates the effect this perspective has on people who have incorporated it into their minds and lives Ellens shows that people with firm faith in God's radical grace are psychologically strong and healthy His offering of psychology interfacing with theology is reminiscent of Carl Rogers teaching on unconditional positive regard and its ability to heal suffering persons All readers he explains can benefit by this understanding that can inspire spiritual and psychological healing whether for ourselves family friends or clients in counseling or therapy [www.congregationalresources.org](http://www.congregationalresources.org) Richard Bass,2004-12-30 An ever increasing number of resources compete for the attention of congregational leaders With a seemingly endless number of choices finding the best resource on a particular topic for a specific congregation is an often daunting challenge [www.congregationalresources.org](http://www.congregationalresources.org) is an invaluable companion to the groundbreaking online version of Alban Institute's and Indianapolis Center for Congregation's jointly researched and produced Congregational Resource Guide launched in 2001 and accessed by thousands of seekers each week The book conveniently and cogently puts the rich array of important resources into context by examining in depth the key books organizations Web sites and people that will help leaders gain an understanding of important issues facing their congregations The book features ten overviews of important topics by widely recognized experts in their fields including Amy Sherman on Community Ministry Tom Fischer on Congregational Health Lee Ramsey on Preaching Paul Chaffee on Leadership John Janka on Evaluation and Jean Trumbauer on Lay Ministry Each essay is accompanied by an annotated list of selected resources for researching further information Helpful guides for using these valuable resources to promote and encourage congregational understanding and transformation are also included *Method in Ministry* James D. Whitehead,Evelyn Eaton Whitehead,1995-09 Theological Reflection and Christian Ministry James Evelyn Whitehead Topics ranging from Tradition and the minister to the broad concerns of theology in conversation with culture [Not Trying Too Hard](#) Bob Sitze,2001-12-01 This ebook is now available from Bloomsbury Academic Bloomsbury Academic publish acclaimed resources for undergraduate and postgraduate courses as well as the general reader across a broad range of subjects including Archaeology Art Visual Culture Biblical Studies Business Management Drama Performance Studies Economics Education Film Media History Linguistics Literary Studies Music Sound Studies Philosophy Politics International Relations Psychology Religious Studies Social Work Social Welfare Sociology Study Skills Theology and Wellbeing Health Lifestyle Visit [bloomsbury.com](http://bloomsbury.com) for more information **Freedom Glorious Freedom** John J. McNeill,2009 In Freedom Glorious Freedom

acclaimed author John J McNeill shows how lesbian and gay Christians can achieve full spiritual maturity and self acceptance McNeill discusses freedom of conscience and discernment of spirits ancient teachings of the Christian church that have a special urgency for lesbian and gay people who need to free themselves from all the homophobic authorities and deal with God on a direct and personal basis The liberating process of coming out of the closet is seen as a spirit filled effort to achieve the glory of God by becoming fully alive McNeill offers a twelve step spirituality as a spiritual process of liberation from all addictions in order to experience the love of God in its fullness The epilogue expresses in detail a philosophical vision looking both to the past and to the future of how gay liberation fits into the Spirit directed evolution of human history and its role in the ongoing struggle for human liberation For more than thirty five years John J McNeill an ordained priest and psychotherapist has been devoting his life to spreading the good news of God s love for lesbian and gay Christians

**Stewardshift** Bob Sitze,2016-01-10 The collective groan that greets stewardship campaigns in most churches can be quelled This book offers theoretical and practical propositions by which lay and clergy leaders can ensure the sustainability of stewardship ministries to help their congregations flourish Bob Sitze invites stewardship leaders into a broader conversation of how shifted biblical and secular stewardship concepts practice and identity can be incorporated into a congregation s life and help bring about lasting change The book has two sections Part 1 Scriptural Stewardshifts reinterprets familiar biblical passages on stewardship introduces new ones and helps congregations expand their use of the Bible in their life and stewardship work Part 2 Secular Stewardshifts examines the resources that are available to congregations from the continuing revelation that is occurring in the secular world including brain science financial planning philanthropy community organizing and other areas The book is written in a friendly style with reflection questions so what moments and engaging sidebars

**Ageing, Disability and Spirituality** Elizabeth MacKinlay,2008-02-15 This collection examines theological and ethical issues of ageing disability and spirituality with an emphasis on how ageing affects people who have mental health and developmental disabilities The book presents ways of moving towards more effective relationships between carers and older people with disabilities

**Sexualities and Identities of Minority Women** Sana Loue,2009-08-11 The concept for this book came about following the publication of the volume Health Issues Confronting Minority Men Who Have Sex with Men published by Springer in 2008 Consistent with its title that work focused on specific health issues identified by communities researchers and AIDS service providers that were and continue to be of concern During the preparation of that volume I received numerous telephone calls and e mails from women in various parts of the country asking why a book was not also being developed to address their often neglected concerns Accordingly the topics addressed in Identities and Sexualities of Minority Women were developed based on input from minority women who participated in focus groups conducted in diverse regions of the United States These focus groups were held specifically to provide an opportunity for sexual minority women in minority communities to identify those issues that from their

perspective are most salient and relevant to their lives It is not surprising in view of the variation in process by which the topics were identified as well as the differences in perspective associated with differences in sex and gender that this resulting compilation of topics departs substantially from the focus of the companion text addressing health issues of minority men who have sex with men The Virtue of Resilience Whitehead, James D., Whitehead, Evelyn Eaton, 2015-12-31 **In Praise of Worship** David J. Cohen, Michael Parsons, 2010-06-01 Drawing together scholars from fields of biblical studies systematic theology liturgics and pastoral theology In Praise of Worship questions an overemphasis on singing and music alone as worship in today's church Whilst not minimizing moments of conscious and deliberate worship the authors show that according to a close reading of Scripture and a clear understanding of theology the whole of our lives is to be considered as worship glorifying to the Lord who deserves such honor Contributors Nancy Ault Alastair Campbell David J Cohen David G Firth Travis Fitch Michael W Goheen Stephen Haar Brian S Harris Chris Jack Angela McCarthy Alan Niven John W Olley Michael O Neil Robin Parry Michael Parsons Michael J Quicke Beloved Dust Robert Davis Hughes, III, 2008-08-15 There has been an explosion of interest in classical Christian spirituality over the past 50 years While a great deal of work has been done on the history of Christian spirituality there has been no full scale theological and pastoral treatment of Christian spiritual life since before the Second Vatican Council Beloved Dust takes a realistic contemporary view of human being as entirely physical dust and shows it immersed in three great tides of the Holy Spirit the traditional threefold rhythm of conversion transfiguration and glory What is unique about Robert Hughes's approach is the effort to root spiritual theology in the doctrine of the Spirit an outgrowth of the renewed interest in the Trinity among both Catholics Karl Rahner and Protestants Robert Jenson Also striking is Hughes's emphasis on ordinary life Here as a married Episcopal priest theologian who brings a distinctly Protestant perspective to a traditionally Catholic enterprise for so long the preserve of celibate priests What he achieves is a new presentation of the traditional teaching in the light of contemporary knowledge and practice

**Understanding Religious Experiences** J. Harold Ellens, 2007-11-30 Today most people feel less interested in religion and more interested in spirituality If you ask what they mean they will tell you that organized religion tends to turn them off but nonetheless they feel a hunger in the heart that they cannot seem to fill They do not mean that they would rather have disorganized religion they mean that institutional religion does not seem to satisfy their spirits and feel there must be something more some better way of experiencing whatever that is for which they are hungry Much new experimentation is going on as a result Some of it is a search for the meaning to fill the soul and satisfy the spirit much of it is a search for meaning on the spiritual level itself Spirituality reaches always toward the question about the meaning of God the meaning of relationships with others the meaning of intimacy and the meaning of soul gratifying insights into truth Here Ellens carefully and sensitively explores the full range of our spiritual natures and the variety of spiritual experiences of which we are capable describing the way our souls and psyches work in our hunger and thirst for meaning He explains in an enlightening

and unconventional way why and how every human desires to reflect upon learn and share a heartfelt experience of God and of others Readers will find in this book a description of the meaning of the biblical stories about spiritual experiences in addition to descriptions of the kinds of spiritual experiences that ordinary people are having how they are achieving them and the ways in which they are filling their lives with meaning that goes beyond the horizons of material life The author paints this picture in such a way as to let us in on what biblically based authentic spirituality and spiritual experience really is and why it may or may not necessarily have anything to do with traditional institutionalized religion He carefully and vividly explains the notion of spirituality as it is illustrated in the Bible and discusses spiritual experiences such as prayer epiphany visions and other experiences He considers whether spirituality is mainly a connection with God with others or with both Readers hoping to get a better sense of what it means to be spiritual will have many of their questions answered in these pages
