soon after the Japanese surrender at the end of the Second World War the whole country was once more turned upside down and the lives of the people changed The war against the Communist Party of Malaya's determined efforts to overthrow the Malayan government involved the whole population in one form or another Dr Comber analyses the pivotal role of the Malayan Police's Special Branch the government's supreme intelligence agency in defeating the communist uprising and safeguarding the security of the country He shows for the first time how the Special Branch was organised and how it worked in providing the security forces with political and operational intelligence His book represents a major contribution to our understanding of the Emergency and will be of great interest to all students of Malaysia's recent history as well as counter guerrilla operations It can profitably be mined too to see what lessons can be learned for counterinsurgency operations in other parts of the world
