something strange this evening while the moon was watching over her a shimmering light that looked like a tiny star but was much closer to Earth and moving through the flowers and leaves in her yard Fiona was interested in this strange light and excited to find something new so she had to look into it She carefully crept out of her room on her tiptoes so as not to wake anyone up She put on her warmest coat with happiness in her heart and went outside At night the cool fresh air was filled with relaxing sounds of nature like the hoot of an owl in the distance and the singing of crickets As Fiona got closer she saw that the light source was moving on purpose like it were alive pointing her further through the yard Her steps were light on the dewy grass and she never took her eyes off the beautiful light Then she saw something in the middle of the garden that stopped her in her tracks It was there among the flowers that were sleeping and the trees that were talking The light that was spinning stopped and it was now hovering in front of her showing her what shape it really was The fairy was about the size of Fiona s hand and had beautiful wings that sparkled in the moonlight Lumi the fairy seemed to hug Fiona with her warm friendly light making her feel safe and loved Lumi was so beautiful that words can t describe it Her smile made you think of surprises and new adventures and her eyes sparkled like the night sky A voice as calm and sweet as a breeze through the leaves spoke to Fiona She asked Fiona to join her on a magical journey that would take her beyond her garden and into a world full of magic that Fiona could only imagine Lumi s offer not only promised an exciting journey but it also said it would show them wonders magical world secrets and the beauty and mystery that were hidden in the darkness Fiona had a rush of both joy and fear as she thought about going into the unknown She felt braver though when she looked into Lumi s trustworthy eyes In this case there was a chance to do something very special see the world through a magical view Fiona who was excited to learn new things and see new things chose to go with Lumi into a wonderful world where amazing things happened all the time and things that seemed impossible were done It was peaceful and dark outside Fiona s house so she looked back at it as they left For a short time she was scared about leaving the safety of her familiar settings But Fiona looked ahead and saw Lumi leading the way with her beautiful light That s when she knew she was about to go on an adventure that would change her life forever She thought she was joining a world that was different from any she had ever known one where magic was real and dreams came true at night She felt like she was getting closer to the unusual and farther away from the everyday with each step After getting a sparkling invitation from a fairy named Lumi Fiona set out on a wonderful trip full of adventure and wonder The walk promised to show her the beauty of the night the power of bravery and the endless possibilities that lay ahead for those who were brave enough to follow their desire for adventure Chapter 2 The Trees That Speak Fiona and the fairy Lumi were deep in the strange forest The moonlight was shining through the leaves and giving everything it touched a soft ethereal glow The air smelled like old mud and moss and there was a soft silence that made it seem like the forest was holding its breath ready for something amazing to happen With the big trees around her and the moon watching over her Fiona had an experience she will never forget They could feel the trees moving as they walked

through it but there was no sound The old and wise trees began to whisper to each other That murmur in the wind wasn't just any whisper it was the language of nature the words of the trees Fiona paid close attention and hoped to understand She was alert and interested The first sound she heard was a soft rustling sound like leaves rubbing against each other As she focused though the sounds changed taking on beats and patterns that spoke to her deeply Lumi noticed that Fiona was paying attention and told her that the trees were teaching her about the secrets of the earth and helping her learn how to understand the language of nature Instead of words in the usual sense this language was made up of experiences that spoke directly to the heart feelings and mental pictures To calm down Fiona learned to listen to the sounds of the forest This made her start to understand The trees told her stories about how wonderful it was when the sun warmed the leaves in the fall and how peaceful it was when it snowed in the winter The creatures that lived in their roots and branches how all living things are linked and the careful balance that kept the forest alive were some of the things they talked about The soft touch of the wind that carried their seeds to faraway places and the slow deep beat of the earth under their feet were both things they talked about Fiona heard and was moved by how wise and beautiful the trees voices were She learned that all sounds like the rustling of leaves and the creaking of a tree were important The trees taught her that it's important to listen with both ears and heart They taught her how important it is to be quiet and listen to what isn't being said Fiona saw that the world was full of voices that if only someone would listen could share beauty and knowledge but were ignored most of the time As Fiona walked through the magical forest she felt a strong bond with nature and like she was a part of something much bigger than herself The silent sounds of the trees behind her were a gentle reminder of the lessons she had learned She now knew that listening meant connecting and that learning the language of nature meant getting to know the ground and all the living things that live on it better The trees in the forest had taught Fiona something very valuable that every living thing animal and rock had its own voice and story It taught her that listening helped her understand the world's rhythms hear its heartbeat and figure out its secrets With its old trees and shady paths the magical forest taught Fiona to value the beauty of nature to be quiet to listen and to the knowledge that blew in the wind *Kimball's Dairy Farmer*, 1915

**The Maritime Farmer and Co-operative Dairyman**, 1923 **Motion Picture Story Magazine**, 1922 **Imaginary Companions and the Children Who Create Them** Marjorie Taylor, 2001-05-03 Many parents delight in their child's imaginary companion as evidence of a lively imagination and creative mind At the same time parents sometimes wonder if the imaginary companion might be a sign that something is wrong Does having a pretend friend mean that the child is in emotional distress That he or she has difficulty communicating with other children In this fascinating book Marjorie Taylor provides an informed look at current thinking about pretend friends dispelling many myths about them In the past a child with an imaginary companion might have been considered peculiar shy or even troubled but according to Taylor the reality is much more positive and interesting Not only are imaginary companions surprisingly common the children who have them tend to be less shy than

other children They also are better able to focus their attention and to see things from another person s perspective In addition to describing imaginary companions and the reasons children create them Taylor discusses other aspects of children s fantasy lives such as their belief in Santa their dreams and their uncertainty about the reality of TV characters Adults who remember their own childhood pretend friends will be interested in the chapter on the relationship between imaginary companions in childhood and adult forms of fantasy Taylor also addresses practical concerns providing many useful suggestions for parents For example she describes how children often express their own feelings by attributing them to their imaginary companion If you have a child who creates imaginary creatures or if you work with pre schoolers you will find this book very helpful in understanding the roles that imaginary companions play in children s emotional lives     *Twelve Centuries of English Poetry and Prose* Alphonso Gerald Newcomer,Alice Ebba Andrews,1910     **Sunday** ,1882
