Little White Lies, Deep Dark Secrets Susan Shapiro Barash, 2025-06-25 From the bestselling author of *Tripping the Prom Queen* comes a fascinating and provocative look at the reasons behind female deception *Little White Lies Deep Dark Secrets* reveals how society doles out mixed messages to women fostering the lies they tell Among the liars are A woman who shoplifts and has it down to a science A woman who tells her husband she is working late in order to be with her lover A

woman who lies about her children s achievements to her friends A woman who pretends her husband is doing well when they are going broke A woman who has covered up her husband s emotional abuse for years A woman whose secret is her misery in being a stay at home mom in suburbia A woman who lies about loving her partner deciding it s better to stay than be alone And many other secrets and deceptions Honest and even outrageous Susan Shapiro Barash is fast becoming the author who explores issues that are important to women issues that they are loath to talk about until now *The Secrets Men Keep* Stephen Arterburn,2007-11-04 Every man has secrets Whether they are sinful or simply not in your best interest whether you wall them off or stuff them down deep you are not alone But as author Stephen Arterburn warns secrets are also the most dangerous force within a man so finding a way to deal with the unspoken fears and questions that threaten to undo you is among your most important tasks In this book the author of the million selling Every Man s Battle series courageously exposes what nearly 4 000 men like you said they think feel and question about themselves their work their marriage and family their finances and their faith but don t dare to talk about He also affirms again and again that the strength it takes to keep your secrets safe can be redirected to make a better life and a stronger you Throughout these pages Arterburn not only fleshes out each of twenty five secrets but gives perspective on where those secrets come from why they feel so important and how to respond to them to make life love work and leadership easier for you and for everyone who loves you 500 Dates Mark Miller,2015-02-03 Now several years post divorce relationship expert and humorist Mark Miller has experienced more than five hundred first dates In 500 Dates composed of fifty five humor essays Miller features the highlights and lowlights of those dates Among the true dating tales and revelations you will find in this book are How Miller and his date learned the limitations of a man being too emotionally expressive Most guys consider revealing more about themselves emotionally and communicating on a deeper level nearly as enjoyable as falling face first onto an ice pick or spending the rest of eternity listening to Celine Dion music Miller s realization that sometimes men have to pay a heavy price for their dates previous relationship behavior At least six different times God has matched me up with a woman who has had a long history of wild impulsive passionate no holds barred sex She invariably finds something lacking in that lifestyle and decides to make a change Starting with the very next man she dates Who is invariably me Miller s misguided social experiment to separate dating from status by spending less than 20 on the date purchasing everything at a 99 store and what he learned as a result about his date and himself I realize now that on the journey of romance thrift and creativity will take you only so far for the rest of the trip you ll need MasterCard Revealed for the first time the inner workings of a man s brain Cerebellum Responsible for coordinating movement and maintaining balance Used primarily when a man has had eight beers and is endeavoring to make his way to the bathroom without tripping over the dog and pulling the fish tank over on top of them How Miller took his date to his ex wife s holiday party only to find his date and his ex wife bonding like high school girlfriends Pam would take Amy aside and present to her a list of all 273 of my failings most of which she confides to Amy won t become

noticeable until month three of Amy's being with me Amy is stunned she'd only been aware of 149 of my failings But 500 Dates is about much more than dating Its humor essays also cover romance relationships breakups attraction the nature of love and how both men and women view the art science expectations and reality of courtship and turning courtship into something deeper and longer lasting in the twenty first century Throughout these essays a portion of which were previously published in various media Miller provides a sense of hope about one's romantic prospects Readers will find that the end of a marriage even a long term one does not mean the end of romance or one's sense of humor
