**Seeds of Disaster** Karl Deveroux,2002      **The seeds of disaster** John C. Laurence,1968      Seeds of Disaster... Seed of Hope Pedro Ibáñez O.,1980      Seeds of Disaster Glenn Gillette,2010-12-04

Seeds of Disaster 1 crosses business with soldiers like Cryptonomicon only these are rebel soldiers 2 follows among other characters the crises of a person whose whole life revolves around her job like Tom Wolfe s A Man in Full 3 incorporates and ridicules the vagaries of corporate life like Scott Adams Dilbert 4 proposes an organization for society that is based on the fundamental patterns of human psychology while incorporating the latest technology as I see it will be in 50 years unlike any other book PHOEBE manages a combine that protects and serves a city of a million people police fire counseling An oldest child she grew up taking care of other people when her first major love affair collapsed she filled her life with caring for her combine and her customers She ll fight her own consortium she ll fight the competition she ll fight anybody to protect her city DAIN had his psyche shattered early in life let s not say why here except every society no matter how well it works for the majority generates a fringe element Dain has vowed that no more children will suffer as he did and has prepared diligently even brilliantly within the consortium as well as among the fringe elements that he identifies with so well The rules say that Phoebe s contract in fact all contracts public private must be opened to competition once a year Phoebe and her boss and her boss boss NORMA an interesting character in her own right don t feel a threat because their consortium has every contract combine on the continent sewed up But the largest international consortium on the planet does file its intent to compete with WEIR as its point man rips everything wide open disrupting the social fabric in Phoebe s city enough to give Dain the chance he s been waiting for

**Do Good Fences Make Good Neighbors?** Brent L. Sterling,2009-10-30 A number of nations conspicuously Israel and the United States have been increasingly attracted to the use of strategic barriers to promote national defense In Do Good Fences Make Good Neighbors defense analyst Brent Sterling examines the historical use of strategic defenses such as walls or fortifications to evaluate their effectiveness and consider their implications for modern security Sterling studies six famous defenses spanning 2 500 years representing both democratic and authoritarian regimes the Long Walls of Athens Hadrian s Wall in Roman Britain the Ming Great Wall of China Louis XIV s Pr Carr France s Maginot Line and Israel s Bar Lev Line Although many of these barriers were effective in the short term they also affected the states that created them in terms of cost strategic outlook military readiness and relations with neighbors Sterling assesses how modern barriers against ground and air threats could influence threat perceptions alter the military balance and influence the builder s subsequent policy choices Advocates and critics of strategic defenses often bolster their arguments by selectively distorting history Sterling emphasizes the need for an impartial examination of what past experience can teach us His study yields nuanced lessons about strategic barriers and international security and yields findings that are relevant for security scholars and compelling to general readers

*Military Innovation in the Interwar Period* Williamson R. Murray, Allan R. Millett, 1996-08-28 In 1914 the armies and navies that faced each other were alike right down to the strengths of their companies and battalions and the designs of their battleships and cruisers Differences were of degree rather than essence During the interwar period however the armed forces grew increasingly asymmetrical developing different approaches to the same problems This study of major military innovations in the 1920s and 1930s explores differences in exploitation by the seven major military powers The comparative essays investigate how and why innovation occurred or did not occur and explain much of the strategic and operative performance of the Axis and Allies in World War II The essays focus on several instances of how military services developed new technology and weapons and incorporated them into their doctrine organisation and styles of operations
