Seeing The Lord Resurrection And Early Christian Practices:

Seeing the Lord, 1994 *Fair Play: Diversity and Conflicts in Early Christianity* Ismo Dunderberg, Christopher Tuckett, Kari Syreeni, 2014-04-09 This collection of essays in honour of Heikki Rissanen New Testament professor at the University of Helsinki consists of 22 essays written by his colleagues and students on Jesus the gospels Paul early Christianity and biblical interpretation Rissanen's own research has been characterized by methodological awareness combined with a keen interest in ethical issues Both these aspects come to expression in his insistence on fair play as a correct scholarly attitude involving an honest dialogue a real encounter and a recognition of diverging opinions In this spirit most of the essays in this book lay emphasis on issues related to early Christian diversity and conflicts and to their challenge in modern society The book is useful for scholars academic teachers and students interested in various aspects of the New Testament early Christianity and hermeneutics Miracles and Wonders in the Middle Ages and Early Modern Period Albrecht Classen, 2025-10-20 Despite the assumption that we live today in a rather rationalist and mechanized world there remain many aspects that neither medicine nor physics can fully explain The Catholic Church continues to pronounce individuals as saints because scientifically confirmed miracles are associated with them If we want to gain a solid understanding of the pre modern history of mentality emotions and everyday culture it proves to be highly revealing to examine what miracles and wonders had meant at that time both in the theological and medical field in the visual arts and literature As a matter of fact people both in the East and in the West have consistently flocked to pilgrimage sites all over the world in the hope that a miracle might happen and solve issues for them The contributors to this volume based on a symposium at the University of Arizona May 2024 approach this critically important topic from many different perspectives taking us from the early Middle Ages to the early modern age examining hagiographical medical literary and alchemical texts discussing both miracles and wonders as relevant themes in the public discourses Both the passage through Inferno and Purgatorio as the crucial pathway toward Paradiso and the experience of women's miraculous conception are identified as deeply impactful for the pre modern world and this both in Christian and Muslim cultures Studying miracles and wonders through a kaleidoscope of different materials and concepts makes it possible to gain a closer understanding of people's mindsets power structures and the debate between medicine and religion These topics were also greatly important in other cultures as several papers on Arabic medieval literature indicate Further pursuing this global issue we recognize easily that the separation line between the Middle Ages and the early modern period is only a modern construct and often not that helpful because the discourse on miracles and wonders has continued and influences even us today Handbook of Early Christianity Anthony J. Blasi, Jean Duhaime, Paul-André Turcotte, 2002-08-27 The Christian movement emerged amidst complex social tensions power politics ethnic diversity economic stress and cultural changes Both biblical scholars and social scientists find that a social scientific study of early Christian phenomena yields fascinating results However biblical scholars are sometimes unaware of the

breadth of the useful social scientific concepts and techniques and social scientists sometimes lack the most basic background in literary research methods The Handbook of Early Christianity provides a much needed overview for biblical scholars and social scientists alike Drawing on perspectives from anthropology archaeology economics history literary analysis psychology political science and sociology the Handbook shows the myriad and complementary approaches that shed light on Christianity's formation and early development Twenty seven chapters from leading scholars along with a comprehensive bibliography make this an essential reference for anyone wishing to understand the social dynamics of Christianity's birth

The Word Before the Powers Charles L. Campbell, 2002-01-01 In this examination of the ethical significance of preaching Charles Campbell provides both fresh insights into the relationship between preaching and ethics and a challenging moral vision for the contemporary church Moving beyond a narrow focus on moral decision making or social issues sermons Campbell argues that a particular ethic nonviolent resistance is inherent in the practice of preaching and shapes the moral life of the church In the face of the powers the fundamental ethical task of preaching involves building up the church as a community of resistance Employing three dimensions of character ethics vision practices and virtues Campbell demonstrates the concrete ways in which preachers may undertake this task

At the Heart of the Liturgy Maxwell E. Johnson, Timothy P. O'Malley, Demetrio S. Yocum, 2014-12-17 From 1991 to 2012 Nathan D Mitchell was the author of the Amen Corner that appeared at the end of each issue of Worship Readers of Worship grew accustomed to Nathan's columns as invitations to rethink the practice of Christian worship through a liturgical theology that was interdisciplinary aesthetic and attentive to history With the soul of a poet Nathan was always on the lookout for the turn of phrase image stanza or metaphor from other classic wordsmiths that could capture the liturgical insight he wanted to explore For the first time this volume assembles some of the most important of these columns around the themes of body Word Spirit beauty justice and unity In addition Nathan's former students offer substantive commentary through essays that invite the reader to consider how the themes raised by Nathan might develop in the coming years This collection is a must read both for those who admired Nathan's contribution to liturgical studies and for a newer generation of scholars seeking to discern the frontiers of liturgical theology Nathan D Mitchell is an emeritus professor of liturgy in the Department of Theology at the University of Notre Dame In 1998 Mitchell was presented with the Berakah Award from the North American Academy of Liturgy for his contribution to the field His many publications include the following books Meeting Mystery Liturgy Worship Sacraments and The Mystery of the Rosary Marian Devotion and the Reinvention of Catholicism

A Thematic Access-Oriented Bibliography of Jesus's Resurrection Michael J. Alter, 2019-12-31 The keystone of Christianity is Jesus's physical bodily resurrection Present day scholars can be significantly challenged as they forage through voluminous documents on the resurrection of Jesus The literature measures well over seven thousand sources in English language books alone This makes finding specific sources that are most relevant for specific scholarly purposes an arduous task Even when a

specific book is relevant finding the parts of the book that are most relevant to the resurrection rather than other topics often requires additional effort A Thematic Access Oriented Bibliography of Jesus's Resurrection addresses these challenges in several ways First the bibliography organizes more than seven thousand English sources into twelve main categories and then thirty four subcategories which are designed to help you find the most relevant literature quickly and efficiently Embedded are pro and con arguments which support efficient access through brief annotations and then annotate the diversity and complexity of the field of religion by including sources that represent a diverse range of views theistic e g Christian Jewish Muslim etc agnostic and nontheistic The objective of this bibliography is to provide convenient access to relevant sources from a variety of perspectives allowing you to browse or find the one source accurately and with ease

Have Mercy on Me Glenna Jackson,2002-12-15 Matthew's gospel begins and ends with the Jewish Gentile debate and at the heart of both the issue and the gospel is the story of the Canaanite woman It is a story that reveals tension between Jews and proselytes in Matthew's community and responds to the question What must one do to be a member of the community This study focuses on the stereotype of the woman as a Canaanite as well as Matthew's sources and the form of the story The conclusion is that the story reflects a reinforcement of Jewish law that allows gentiles to attain membership in the Matthean community thus continuing the Jewish tradition that allows gentiles into the faith *Living Beauty* Alejandro

García-Rivera,Thomas Scirghi,2007-10-15 The Christian mystery celebrated in the Roman Catholic liturgy is a sensible mystery and calls out for artistic expression *Living Beauty* explores the Christian mystery and points to the need for a liturgical aesthetic as a means to encounter the divine mystery A liturgical aesthetic gives an account of Christian worship in terms of a new set of categories that includes divine beauty a theology of sensibility and the new notion of a unitive revelatory experience These categories help to reveal the aesthetic dimensions of the Church's watershed document on the liturgy *Sacrosanctum Concilium* The Church today stands in need of a new conversation on the aesthetic dimension of the liturgy and the role of the arts Contrary to common opinion the arts provide more than an environment or mere extrinsic ornamentation for the liturgy they are intrinsic to the very nature of liturgy They provide the means of being sanctified in the encounter with divine beauty that is the mystery of Christian worship Artistic expression enables the worshipping community to receive the divine mystery in beauty
