Seeing Things An Autobiography:

Seeing Things Oliver Postgate, 2000 **Seeing Things as They Are** Duncan Reyburn, 2017-08-31 The jovial journalist philosopher and theologian G K Chesterton felt that the world was almost always in permanent danger of being misjudged or even overlooked and so the pursuit of understanding insight and awareness was his perpetual preoccupation Being sensitive to the boundaries and possibilities of perception he believed that it really was possible albeit in a limited way to see things as they are Duncan Reyburn marrying Chesterton s unique perspective with the discipline of philosophical hermeneutics aims to outline what Chesterton can teach us about reading interpreting and participating in the drama of meaning as it unfolds before us in words and in the world Chesterton s unique interpretive approach seems to be the implicit fascination of all Chesterton scholarship to date and yet this book is the first to comprehensively focus on the issue By taking Chesterton back to his philosophical roots via his marginalia his approach to literary criticism his Platonist Thomist metaphysics and his Roman Catholic theology Reyburn explicitly and compellingly tackles the philosophical assumptions and goals that underpin his unique posture towards reality Autobiography G. K. Chesterton, 2025-05-06T00:00:00Z Here is a special two in one book that is both by G K Chesterton and about Chesterton This volume offers an irresistible opportunity to see who this remarkable man really was Chesterton was one of the most stimulating and well loved writers of the 20th century His 100 books and hundreds of essays and columns on a great variety of themes have made G K Chesterton the most widely quoted writers of modern times Here is Chesterton in his own words in a book he preferred not to write but did so near the end of his life after much insistence by friends and admirers Critic Sydney Dark wrote after Chesterton died that perhaps the happiest thing that happened in Gilbert Chesterton s extraordinarily happy life was that his autobiography was finished a few weeks before his death It is a stimulating exciting tremendously interesting book **Handbook of Autobiography / Autofiction** Martina Wagner-Egelhaaf, 2019-01-29 Autobiographical writings have been a major cultural genre from antiquity to the present time General questions of the literary as e g the relation between literature and reality truth and fiction the dependency of author narrator and figure or issues of individual and cultural styles etc can be studied preeminently in the autobiographical genre Yet the tradition of life writing has in the course of literary history developed manifold types and forms Especially in the globalized age where the media and other technological cultural factors contribute to a rapid transformation of lifestyles autobiographical writing has maintained even enhanced its popularity and importance By conceiving autobiography in a wide sense that includes memoirs diaries self portraits and autofiction as well as media transformations of the genre this three volume handbook offers a comprehensive survey of theoretical approaches systematic aspects and historical developments in an international and interdisciplinary perspective While autobiography is usually considered to be a European tradition special emphasis is placed on the modes of self representation in non Western cultures and on inter and transcultural perspectives of the genre The individual contributions are closely interconnected by a

system of cross references The handbook addresses scholars of cultural and literary studies students as well as non academic readers

South African

Autobiography as Subjective History Lena Englund, 2021-09-14 This book examines 21st century South African autobiographical writing that addresses the nation's socio-political realities both past and present. The texts in focus represent and depict a South Africa caught in the midst of contradictory and competing images of the Rainbow Nation. Arguing that recent memoirs question and criticize the illusion of a united nation, the study shows how these texts reveal the flaws and shortcomings not only of the apartheid past but of contemporary South Africa. It encompasses a broad range of autobiographical works largely published since 2009 that engage with South Africa's past, present and future. At its centre is the quest for space and belonging and this book investigates who can comfortably belong in South Africa in its post-apartheid, post-Truth and Reconciliation, post-Mbeki and post-Zuma state.

George Lansbury John Shepherd, 2002-09-19 The most lovable figure in modern politics was how A. J. P. Taylor described the Christian pacifist George Lansbury. At 73 he took over the helm of the Labour Party of only 46 MPs in the Depression years of the 1930s. Throughout a remarkable life, Lansbury remained an extraordinary politician of the people, associated with a multitude of crusades for social justice. He resigned from Parliament to support Votes for Women and for the next ten years edited the fiery *Daily Herald*. In 1921, Lansbury led the Poplar Rates Rebellion when thirty Labour councillors went willingly to prison in defiance of the government, the courts and their own party leadership. As Labour leader, Lansbury was known universally as a committed socialist, an implacable opponent of capitalism and imperialism. He never sought personal wealth, travelled everywhere by public transport and made his home in impoverished East London. His final years were spent in a tireless international peace crusade to prevent the drift towards another world war. In this major new biography, John Shepherd draws on an impressive range of research to reconstruct the life of a charismatic Labour pioneer. He reaffirms George Lansbury's standing at the heart of Old Labour and his importance to British politics as a whole.
