African-American English Salikoko S. Mufwene, John R. Rickford, Guy Bailey, John Baugh, 2021-10-04 This book was the first to provide a comprehensive survey of linguistic research into African American English and is widely recognised as a classic in the field It covers both the main linguistic features in particular the grammar phonology and lexicon as well as the sociological political and educational issues connected with African American English The editors have played key roles in the development of African American English and Black Linguistics as overlapping academic fields of study Along with other leading figures notably Geneva Smitherman William Labov and Walt Wolfram they provide an authoritative diverse guide to these vitally important subject areas Drawing on key moments of cultural significance from the Ebonics controversy to the rap of Ice T the contributors cover the state of the art in scholarship on African American English and actively dispel misconceptions address new questions and explore new approaches This classic edition has a new foreword by Sonja Lanehart setting the book in context and celebrating its influence This is an essential text for courses on African American English key reading for Varieties of English and World Englishes modules and an important reference for students of linguistics black studies and anthropology at both undergraduate and postgraduate level **African American English** Lisa J. Green, 2002-08-08 This authoritative introduction to African American English AAE is the first textbook to look at the grammar as a whole Clearly organised it describes patterns in the sentence structure sound system word formation and word use in AAE The textbook examines topics such as education speech events in the secular and religious world and the use of language in literature and the media to create black images It includes exercises to accompany each chapter and will be essential reading for students in linguistics education anthropology African American studies and literature

Sociocultural and Historical Contexts of African American English Sonja L. Lanehart, 2001 This volume based on presentations at a 1998 state of the art conference at the University of Georgia critically examines African American English AAE socially culturally historically and educationally It explores the relationship between AAE and other varieties of English namely Southern White Vernaculars Gullah and Caribbean English creoles language use in the African American community e g Hip Hop women s language and directness and application of our knowledge about AAE to issues in education e g improving overall academic success To its credit since most books avoid the issue the volume also seeks to define the term AAE and challenge researchers to address the complexity of defining a language and its speakers The volume collectively tries to help readers better understand language use in the African American community and how that understanding benefits all who value language variation and the knowledge such study brings to our society The Oxford Handbook of

African American Language Sonja Lanehart, 2015-05-04 The goal of The Oxford Handbook of African American Language is to provide readers with a wide range of analyses of both traditional and contemporary work on language use in African American communities in a broad collective The Handbook offers a survey of language and its uses in African American communities from a wide range of contexts organized into seven sections Origins and Historical Perspectives Lects and Variation Structure and Description Child Language Acquisition and Development Education Language in Society and Language and Identity It is a handbook of research on African American Language AAL and as such provides a variety of scholarly perspectives that may not align with each other as is indicative of most scholarly research The chapters in this book interact with one another as contributors frequently refer the reader to further elaboration on and references to related issues and connect their own research to related topics in other chapters within their own sections and the handbook more generally to create dialogue about AAL thus affirming the need for collaborative thinking about the issues in AAL research Though the Handbook does not and cannot include every area of research it is meant to provide suggestions for future work on lesser studied areas e g variation heterogeneity in regional social and ethnic communities by highlighting a need for collaborative perspectives and innovative thinking while reasserting the need for better research and communication in areas thought to be resolved

Readings in African American Language Nathaniel Norment, 2003 Readings in African American Language Aspects Features and Perspectives Volume 2 brings together scholars who research various theoretical approaches of the origin characteristics and development of African American Vernacular English AAVE The advantages of AAVE codeswitching dialect interference in writing theories and politics in AAVE text analysis and critical pedagogy all are discussed in this volume Each article provides a different perspective attesting to the vitality and relevance of African American language as an academic social and cultural linguistic entry in the field of language studies

A Bibliography of Writings on Varieties of English, 1965-1983 Wolfgang Viereck, Dr Edgar Schneider, Manfred Görlach, 1984-01-01 After the growth of English and American dialectology since the 1930 s and the expansion of sociolinguistics since the 1960 s the study of world English has emerged in recent years to join these other disciplines This bibliography is intended to reflect what has been achieved in this area and to serve as an indispensable research tool for further investigations The bibliography is divided into three parts each one is preceded by a preface which explains the procedures followed and each of the sections is followed by an index It classifies the items according to specific areas ethnic groups or similar topics
