Selected Essays Of Hugh Macdiarmid:

Selected essays of Hugh MacDiarmid [pseud.] Duncan Glen,1970 Selected Essays of Hugh MacDiarmid Hugh MacDiarmid,2022-08-19 This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1969 **Selected Essays of Hugh MacDiarmid ; Edited by an Introduction by Duncan Glen** Hugh MacDiarmid,1969 Hugh MacDiarmid's Epic Poetry Alan Riach,2019-08-07 A collection of Hugh MacDiarmid s poetry **Nations of Nothing But Poetry** Matthew Hart,2010-04-22 Modernism is typically associated with novelty and urbanity So what happens when poets identify small communities and local languages with the spirit of transnational modernity Are vernacular poetries inherently provincial or implicitly xenophobic How did modernist poets use vernacular language to re imagine the relations between people their languages and the communities in which they live Nations of Nothing But Poetry answers these questions through case studies of British Caribbean and American poetries from the 1920s through the 1990s With a combination of fresh insights and attentive close readings Matthew Hart presents a new theory of a synthetic vernacular writing that explores the aesthetic and ideological tensions within modernism s dual commitments to the local and the global The result is an invigorating contribution to the field of transnational modernist studies Chapters focus on a mixture of canonical and non canonical writers combining new literary histories such as the story of how Melvin B Tolson while a resident of Oklahoma was appointed Poet Laureate of Liberia with analyses of poems by Gertrude Stein W H Auden Ezra Pound and T S Eliot More broadly the book reveals how the language of modernist poetry was shaped by the incompletely globalized nature of a world in which the nation state continued to be a primary mediator of cultural and political identity even as its authority was challenged as never before Through deft juxtaposition Hart develops a new interpretation of modernist poetry in English one that disrupts the critical opposition between nationalism and the transnational paving the way for a political history of modernist cosmopolitanism Hugh MacDiarmid's Poetry and Politics of Place Scott Lyall,2006-08-28 By examining at length for the first time those places in Scotland that inspired MacDiarmid to produce his best poetry Scott Lyall shows how the poet s politics evolved from his interaction with the nation exploring how MacDiarmid discovered a hidden tradition of radical Scottish Republicanism through which he sought to imagine a new Scottish future Adapting postcolonial theory this book allows readers a fuller understanding not only of MacDiarmid s poetry and politics but also of international modernism and the social history of Scottish modernism A History of Modernist Poetry Alex Davis, Lee M. Jenkins,2015-04-27 A History of Modernist Poetry examines innovative anglophone poetries from decadence to the post war period The first of its three parts considers formal and contextual issues including myth politics gender and race while the second and third parts discuss a wide range of

individual poets including Ezra Pound T S Eliot W B Yeats Mina Loy Gertrude Stein Wallace Stevens William Carlos Williams and Marianne Moore as well as key movements such as Imagism Objectivism and the Harlem Renaissance This book also addresses the impact of both World Wars on experimental poetries and the crucial role of magazines in disseminating and proselytizing on behalf of poetic modernism The collection concludes with a wide ranging discussion of the inheritance of modernism in recent writing on both sides of the Atlantic

Minority Language Writers in the Wake of World War One Jelle Krol, 2020-08-20 This book presents a comparative literary study of the works of four writers working in European minority languages Frisian Welsh Scots and Breton The author examines the different strategies employed by the four writers to create distinctive literary fields for their languages in the interwar era when self determination had been promised to national minorities finding that each had to make some degree of a step backwards into the past to enable them to make a leap forward The book also discusses the problems resulting from this oscillation between traditionalism and modernism drawing on concepts such as Pascale Casanova's *litt ratures combatives* to make sense of these minority languages and communities within the wider European context This study will be of interest to students and scholars of minority languages particularly the four explored here as well as twentieth century and comparative literature multilingualism and language policy
