Looking For The Phoenix A Memoir:

Looking for the Phoenix William Hosking Oliver, 2009 In this wide ranging account the author a poet and historian looks at ancestry and early childhood the influences of feminism friendship marriage and family and how they are connected to his more public life *Archifacts* ,1999 *History, Historians, and Autobiography* Jeremy D. Popkin, 2005-05-09 Though history and autobiography both claim to tell true stories about the past historians have traditionally rejected first person accounts as subjective and therefore unreliable What then asks Jeremy D Popkin in *History Historians and Autobiography* are we to make of the ever increasing number of professional historians who are publishing stories of their own lives And how is this recent development changing the nature of history writing the historical profession and the genre of autobiography Drawing on the theoretical work of contemporary critics of autobiography and the philosophy of Paul Ricoeur Popkin reads the autobiographical classics of Edward Gibbon and Henry Adams and the memoirs of contemporary historians such as Emmanuel Le Roy Ladurie Peter Gay Jill Ker Conway and many others he reveals the contributions historians life stories make to our understanding of the human experience Historians autobiographies he shows reveal how scholars arrive at their vocations the difficulties of writing about modern professional life and the ways in which personal stories can add to our understanding of historical events such as war political movements and the traumas of the Holocaust An engrossing overview of the way historians view themselves and their profession this work will be of interest to readers concerned with the ways in which we understand the past as well as anyone interested in the art of life writing **Memoir** ,1914 *Sarah and her Sisters* Robert D. Stoddard, Jr., 2020-06-18 When newly married Sarah Smith arrived in Beirut in 1834 she was appalled by the ignorance and ill treatment of Arab women and girls Well educated for her times she was not content just to keep house for her missionary husband Rather having taught Mohegan Indians in Connecticut she in her two remaining years opened a small school for girls that began the transformation of education for Arab females Sarah s pioneering venture inspired a series of Protestant sisters married and single to follow in her wake as missionary teachers Leaving loved ones and the comforts of home behind they crossed two perilous seas learned Arabic and against great odds continued her work in elementary and then secondary and higher education Sarah s posthumous memoir was widely read But the stories of her sisters were little known until now Here they are linked in an extraordinary chain of educational achievements despite religious strife civil war epidemics famine isolation and finally a world war pandemic and global depression Regrettably many sisters like Sarah paid the ultimate price and were buried abroad As long as any girls anywhere are denied an education these stories can inspire teachers of girls and advocates for female education worldwide to persevere And hopefully coeds at Lebanese American University will be inspired and motivated to excel knowing that your university goes back to Mrs Smith s Beirut Female School and that you are the direct beneficiaries of Sarah and her sisters *Memoir - Geological Survey of Canada* ,1912 **S. S. Savannah, the Elegant Steam Ship** Frank O. Braynard, 2008-12-01 This is the story of a ship and

her pioneer master Moses Rogers who had the idea of making the first transatlantic voyage in a steam propelled vessel His laudable and meritorious experiment marked one of the world s maritime epochs The conception and building of the S S Savannah was guided by the engineering genius of Captain Rogers who with Robert Fulton was a leading exponent of steam in his day The momentous voyage began in Savannah Georgia in 1819 and took the courageous crew to England Sweden and Russia These were the elegant steam ship s times of triumph Yet she also had moments of pathos from the first doubts and fears of a public that dubbed her a steam coffin to that sad day when a Washington newspaper said her engine could be removed for only 200 leaving her just as good as any other ship The previously untold story of the first steam powered vessel to cross the Atlantic is written in a scholarly well documented fashion yet with the color imagination and humor of the men who lived it Memoirs ,1912 **Alex Posey** Daniel F. Littlefield,1997-06-01 Most of Alexander Posey s short and remarkable life was devoted to literary pursuits Through a widely circulated satirical column published under the pseudonym Fus Fixico he did much to document and draw attention to conditions in Indian Territory He rose to prominence among the Creeks and played a leading role as spokesman on a number of serious political issues Daniel F Littlefield Jr has written the first full biography of Alexander Posey a pioneer of American Indian literature and a shaper of public opinion Daniel F Littlefield Jr is a professor of English at the University of Arkansas at Little Rock and director of the American Native Press Archives He is the editor with Carol A Petty Hunter of Alexander Posey s Fus Fixico Letters Nebraska 1993 **Eoin O'Duffy** Fearghal McGarry,2005-09-22 Eoin O Duffy was one of the most controversial figures of modern Irish history A leader of the Irish revolution and prot g of Michael Collins he commanded the Irish police and defence forces before emerging as Ireland s leading fascist politician in the 1930s A crusading moralist obsessed with the need to counter public immorality and a closet homosexual and alcoholic O Duffy s remarkable life was characterised by self aggrandisement fantasy andcontradiction **Dictionary of National Biography** ,1892 **Dictionary of National Biography** Leslie Stephen,Sir Sidney Lee,1908 **Memoir** Geological Survey of Victoria,1903 **Royal Naval Biography : Or, Memoirs of the Services of All the Flag-officers, Superannuated Rear-admirals, Retired-captains, Post-captains, and Commanders, Whose Names Appeared on the Admiralty List of Sea Officers at the Commencement of the Present Year, Or who Have Since Been Promoted, Illustrated by a Series of Historical and Explanatory Notes ... with Copious Addenda: Memoirs of all the flag-officers of His Majesty's fleet now living** John Marshall,1823 *Military Occupations in the Age of Self-Determination* James Gannon,2008-07-30 This book offers a perspective decidedly different from that of the Bush Administration and its neoconservative supporters Since the United Nations embraced the right of national self determination in 1945 the historical odds have been unfavorable to great powers that impose military occupations on smaller nations This point is bolstered by the evidence from history and is particularly pertinent to the American occupation of Iraq where a robust insurgency has delayed projected successes by the administration and wartime planners Drawing on

historical antecedents to the occupation of Iraq Gannon examines events such as the British Struggles in Palestine French enterprises in Algeria the Soviet debacle in Afghanistan and other instances in which occupying powers to demonstrate the struggles and failures of occupying powers in the face of determined insurgencies Since the United Nations adopted the principle of national self determination in 1945 great powers like the United States that occupy smaller nations like Iraq lose more often than not when confronted with credible insurgencies The evidence is taken from recent history the Zionist victory over Britain in Palestine and the defeats of France in Algeria America in Vietnam the Soviet Union in Afghanistan and Israel in Lebanon On the surface these outcomes seem perverse powerful modern armies brought down by rag tag rebels The explanation comes from the types of warfare fought Great powers are equipped to fight other great powers in great battles over large territory Rebels fight shadow wars neutralizing the fire power and mobility of the occupying army Insurgencies continue for years allowing political considerations to come into play including propaganda international pressure and the stream of dead and wounded returning from the war zone The home front turns against the war and new policymakers conclude that the nation s interests are best served by getting out History is not an exact science so the judgment here is expressed in probability not certainty witness the British defeat of insurgencies in Malaya and Kenya before giving up these colonies and the four decades old Israeli occupation and partial colonization of the West Bank

How Wars Are Won and Lost John A. Gentry,2011-11-10 This provocative book seeks to answer a most crucial and embarrassing question concerning the U S military why the United States is so often stymied in military confrontations with seemingly weaker opponents despite its superpower status This fascinating book examines a question that continues to puzzle soldiers statesmen and scholars why do major powers including the ostensible superpower United States repeatedly perform poorly against seemingly overmatched adversaries And what can they and the United States do to better achieve their military objectives *How Wars are Won and Lost* Vulnerability and Military Power argues that beyond relying solely on overwhelming military might the United States needs to focus more on exploiting weaknesses in their adversaries such as national will resource mobilization and strategic miscues just as opposing forces have done to gain advantage over our military efforts The author tests the vulnerability theory by revisiting six conflicts from the Philippine War of 1899 1902 to the ongoing actions in Iraq and Afghanistan showing again and again that victory often depends more on outthinking the enemy than outmuscling them
