Magic Child

Granville Stanley Hall

Magic Child:

Magic's Child Justine Larbalestier, 2007-03-22 More information to be announced soon on this forthcoming title from Penguin USA

Child Autonomy and Child Governance in Children's Literature Christopher Kelen, Bjorn Sundmark, 2016-11-18 This book explores representations of child autonomy and self governance in children's literature. The idea of child rule and child realms is central to children's literature and childhood is frequently represented as a state of being with children seen as aliens in need of passports to Adultland and vice versa. In a sense all children's literature depends on the idea that children are different, separate and in command of their own imaginative spaces and places. Although the idea of child rule is a persistent theme in discussions of children's literature or about children and childhood, the metaphor itself has never been properly unpacked with critical reference to examples from those many texts that are contingent on the authority and/or power of children. Child governance and autonomy can be seen as natural or perverse; it can be displayed as a threat or as a promise. Accordingly, the child rule motif can be seen in Robinsonades and horror films, in philosophical treatises and in series fiction. The representations of self-ruling children are manifold and ambivalent and range from the idyllic to the nightmarish. Contributors to this volume visit a range of texts in which children are in various ways empowered, discussing whether childhood itself may be thought of as a nationality and what that may imply. This collection shows how representations of child governance have been used for different ideological, aesthetic and pedagogical reasons and will appeal to scholars of children's literature, childhood studies and cultural studies.

Magic and the Mind Eugene Subbotsky, 2010-03-31 In *Magic and the Mind* Eugene Subbotsky provides an overview of the mechanisms and development of magical thinking and beliefs throughout the life span while arguing that the role of this type of thought in human development should be reconsidered. Rather than an impediment to scientific reasoning or a byproduct of cognitive development, magical thinking serves important and necessary functions that are integral to social, cognitive and psychological development.

Imaginary Companions and the Children Who Create Them Marjorie Taylor, 2001-05-03 Many parents delight in their child's imaginary companion as evidence of a lively imagination and creative mind. At the same time, parents sometimes wonder if the imaginary companion might be a sign that something is wrong. Does having a pretend friend mean that the child is in emotional distress? That he or she has difficulty communicating with other children? In this fascinating book, Marjorie Taylor provides an informed look at current thinking about pretend friends, dispelling many myths about them. In the past, a child with an imaginary companion might have been considered peculiar, shy or even troubled, but according to Taylor, the reality is much more positive and interesting. Not only are imaginary companions surprisingly common, the children who have them tend to be less shy than other children. They also are better able to focus their attention and to see things from another person's perspective. In addition to describing imaginary companions and the reasons children create them, Taylor discusses other aspects of children's fantasy lives, such as their belief in Santa, their dreams and their

uncertainty about the reality of TV characters Adults who remember their own childhood pretend friends will be interested in the chapter on the relationship between imaginary companions in childhood and adult forms of fantasy Taylor also addresses practical concerns providing many useful suggestions for parents For example she describes how children often express their own feelings by attributing them to their imaginary companion If you have a child who creates imaginary creatures or if you work with pre schoolers you will find this book very helpful in understanding the roles that imaginary companions play in children s emotional lives

The Varieties of Magical Experience Lynne L. Hume Ph.D.,Nevill Drury,2013-01-24 A rare combination of personal and academic this book showcases the myriad avenues for transcending the boundaries of reality through direct sensory experience The Varieties of Magical Experience Indigenous Medieval and Modern Magic provides a comprehensive volume that examines magic in all its aspects Through detailed case studies verbatim accounts of personal experiences and first hand experience from the authors own active participation in many alternative religious rituals and ceremonies this unique book reveals how magic can be a universal phenomenon that crosses cultural historical and spatial boundaries The work is organized in five sections that embrace several broad themes indigenous magical and shamanic practices medieval witchcraft sorcery and hermetic magic and contemporary Western magical practices including the role of sexuality trance and meditation The introductory section explores the idea of magic other realities and the employment of all the senses while the final section discusses contemporary issues of ecology and cybermagic The authors give voice to the powerful emotions and feelings that result from a magical encounter providing engaging and accessible information to general readers while those well versed in the opaque world of magic and occultism consciousness studies and imaginal and disembodied realms will appreciate the book s content at a deeper level

The Tales of Whithith Ariel Ceylan,2010-04-27 Zephyr has completed his Assignment in record time Soon his friends finish and they prepare for their ceremony graduating from Sorcerers in Training to Sorcerers To make the theme for the party after the ceremony perfect Zephyr her to borrow some spells When he is on his way to borrow some he finds something concerning when he hears two people he knows plotting He realizes the importance of the information and contacts Zili Zili has brought her unit to Rin where she begins training in somewhat basic combat While in Rin she finds two families that are no longer fighting and a mediating group that does want to release control All is not well in Whithith

Step Into the Box Wilma Enders,2008-03 Come join our three friends Timothy Jason and Annie along with their pet bird on an amazing adventure One rainy day the three children find an old box in the basement but little do they know that by opening the box and stepping playfully into it they will soon find themselves in a world filled with wonder fun and excitement This book is unique as it pulls the readers into the story and gives them a chance to interact and to identify themselves with the heroes It almost seems as if the reader is standing next to the three children and experiences their wishes laughter fears and friendship Meet their new friends and enemies like the black sorcerer in Gigantica take part in their adventures and use your imagination when you help them to complete their

tasks Make a looking glass use magic ink build Candyland etc It is an ADVENTURE Story It is a CRAFTS book It is a GAMES book It is a COOK book This story will test the courage and friendship of our three friends Will you help them What are you waiting for OPEN THE BOX AND LET THE ADVENTURE BEGIN **Empowering Children Through Art and Expression**

Bruce St. Thomas, 2007 This book combines personal and professional perspectives using case examples as well as the authors own childhood experiences to demonstrate practical strategies for use with children from drama and storytelling to sculpting with clay It also equips the reader with knowledge of the theory behind these intervention techniques

Homecoming John Bradshaw, 2013-04-24 In this powerful book the 1 New York Times bestselling author of Reclaiming Virtue shows how we can learn to nurture our inner child and offer ourselves the good parenting we needed and longed for Are you outwardly successful but inwardly feel like a big kid Do you aspire to be a loving parent but too often lose it in hurtful ways Do you crave intimacy but sometimes wonder if it's worth the struggle Are you plagued by constant vague feelings of anxiety or depression If any of this sounds familiar you may be experiencing the hidden but damaging effects of a painful childhood carrying within you a wounded inner child who is crying out for attention and healing John Bradshaw's step by step process of exploring the unfinished business of each developmental stage helps us break away from destructive family rules and roles freeing ourselves to live responsibly in the present Then says Bradshaw the healed inner child becomes a source of vitality inviting us to find new joy and energy in living Homecoming includes a wealth of unique case histories and interactive techniques including questionnaires guided meditations affirmations and letter writing to the inner child These classic therapies which were pioneering when introduced continue to be validated by new discoveries in attachment research and neuroscience No one has ever brought them to a popular audience more effectively and inspiringly than John Bradshaw

Aspects of Child Life and Education Granville Stanley Hall, 1907
