Religion, Feminism, and Idoloclasm Melissa Raphael, 2019-01-22 Religion Feminism and Idoloclasm identifies religious and secular feminism s common critical moment as that of idol breaking It reads the women s liberation movement as founded upon a philosophically and emotionally risky attempt to liberate women s consciousness from a three fold cognitive captivity to the self idolizing god called Man the God who is a projection of his power and the idol of the feminine called Woman that the god called God created for Man Examining a period of feminist theory theology and culture from about 1965 to 2010 this book shows that secular as well as Christian Jewish and post Christian feminists drew on ancient and modern tropes of redemption from slavery to idols or false ideas as a means of overcoming the alienation of women s being from their own becoming With an understanding of feminist theology as a pivotal contribution to the feminist criticism of culture this original book also examines idoloclasm in feminist visual art literature direct action and theory not least that of the sexual politics of romantic love the diet and beauty industry sex robots and other phenomena whose idolization of women reduces them to figures of the feminine same experienced as a de realization or death of the self This book demonstrates that secular and religious feminist critical engagements with the modern trauma of dehumanization were far more closely related than is often supposed As such it will be vital reading for scholars in theology religious studies gender studies visual studies and philosophy

like Eat Pray Love but without food or water The Voice of Nature in Ted Hughes's Writing for Children Lorraine Kerslake,2018-06-12 Despite the fame Ted Hughes s poetry has achieved there has been surprisingly little critical writing on his children s literature This book identifies the importance of Hughes s children s writing from an ecocritical perspective and argues that the healing function that Hughes ascribes to nature in his children s literature is closely linked to the development of his own sense of environmental responsibility This book will be the first sustained examination of Hughes s greening in relation to his writing for children providing a detailed reading of Hughes s children s literature through his poetry prose and drama as well as his critical essays and letters In addition it also explores how Hughes s children s writing is a window to the poet s own emotional struggles as well as his environmental consciousness and concern to reconnect a society that has become alienated from nature This book will be of great interest to not only those studying Ted Hughes but also students and scholars of environment and literature ecocriticism children s literature and twentieth century literature
