THE MAIDEN'S ABDUCTION

JULIET LANDON

Maidens Abduction

**R. Gordon Wasson, Albert
Hofmann, Carl A. P. Ruck**

Maidens Abduction:

The Maiden's Abduction Juliet Landon, 2012-04-16 FEUDING FAMILIES The Medwins and the La Vallons were longtime enemies After Silas La Vallon's sister was taken by the Medwins the wealthy merchant had no choice but to retaliate and abduct Medwin's daughter Isolde Held captive in his house then taken abroad to Belgium the beautiful hellion softened to Silas's sweet words and gentle kisses during the long days and longer nights But Isolde could not forget he was a La Vallon and she was a Medwin Theirs was a love that could never be *The Locrian Maidens* James Redfield, 2021-01-12 Athens dominates textbook accounts of ancient Greece But was it for the Greeks themselves a model city state or a creative even a corrupt departure from the model Or was there a model This book reveals Epizephyrian Locri a Greek colony on the Adriatic coast of Italy as a third way in Greek culture neither Athens nor Sparta Drawing on a wide range of literary and archaeological evidence James Redfield offers a fascinating account of this poorly understood Greek city state and in particular the distinctive role of women and marriage therein Redfield devotes much of the book to placing Locri within a more general account of Greek culture particularly with the institution of marriage in relation to private property sexual identity and the fate of the soul He begins by considering the annual practice of sending two maidens from old world Locris the putative place of origin of the Italian Locrians to serve in the temple of Athena at Ilion finding here some key themes of Locrian culture He goes on to provide a richly detailed overview of the Italian city in a set of iconographic essays he suggests that marriage was seen in Locri as a life transformation akin to the eternal bliss hoped for after death Nothing less than a general reevaluation of classical Greek society in both its political and theological dimensions *The Locrian Maidens* is must reading for students and scholars of classics while remaining accessible and of particular interest to those in women's studies and to anyone seeking a broader understanding of ancient Greece

Sexual Hospitality in the Hebrew Bible Thalia Gur-Klein, 2014-10-20 A woman's life in the ancient world was constrained by her social and economic status As a daughter she was firmly under the aegis of her father and brothers who would later allocate the woman to another man as his wife The power of fathers and husbands extended to using their wives and daughters as sexual gifts to gain favour Yet alongside this woman had certain socio economic rights notably concerning inheritance and property which they could use to protect themselves *Sexual Hospitality in the Hebrew Bible* examines sacred sexuality and ritual fecundity from patronymic marriage where the husband claims exclusive rights over his wife's sexuality and attributes her offspring to his line and kin to metronymic conjugal systems which allow a woman to remain in her home where the male consort joins her and her kin Ranging across abstention promiscuity and holy offering the sexual lives of women in biblical times reveal not only restriction but also female agency and resistance

The Disaster of the Third Princess Royall Tyler, 2009-06-01 These seven essays by the most recent English translator of *The Tale of Genji* emphasize three major interpretive issues What is the place of the hero Hikaru Genji in the work What story gives the narrative underlying continuity and form And how does the closing

section of the tale especially the ten Uji chapters relate to what precedes it Written over a period of nine years the essays suggest fresh thought provoking perspectives on Japan s greatest literary classic The Road to Eleusis R. Gordon Wasson,Albert Hofmann,Carl A. P. Ruck,2023-06-27 Unlock the secrets of the Eleusinian Mysteries A deep exploration of secret rites psychedelic sacraments and spiritual revelations that captivated ancient Greek society for nearly two millennia Uncover the evocative history of The Road to Eleusis Once held in hushed whispers the Eleusinian Mysteries were a series of secret rituals and initiations in honor of the goddesses Demeter and Persephone They stood as an enigmatic cornerstone of ancient Greek spirituality capturing imaginations and fevered intrigue for close to two millennia But beneath the veils of tradition and ceremony lay a potent secret First unveiled in this book s controversial 1978 release a groundbreaking trio a mycologist chemist and historian proposed a radical theory the sacred potion imbibed during these clandestine rites was infused with a potent psychoactive entheogen This was not just a challenge to conventional interpretations it was a revolutionary reframe of the role that naturally occurring psychedelic drugs have played in spiritual rituals and rites since time immemorial The Road to Eleusis goes beyond dissecting ancient rites it charts how the authors reshaped our modern understanding of entheogens role in spiritual ceremony revealing facets of the Mysteries previously thought lost to history The authors share intriguing new insights on experiential religious practices perspectives on the healing potential of psychedelics and how and why the secrets of the Mysteries were deliberately concealed The book s revelations reach beyond the scholarly into legal social and spiritual realms all while recasting everything we thought we knew about the rites and rituals of Hellenic cults and expanding our understanding of foundational tenets of Western philosophical and spiritual thought This 30th anniversary edition brings with it an enlightening preface by religious luminary Huston Smith and a renewed exploration of the chemical findings by Peter Webster It powerfully argues for a reimagining of Western religious history and the transformative magic of entheogens A History of Alcman's Early Reception Vasiliki Kousoulini,2019-04-16 This book constructs a history of Alcman s early reception from the Archaic times until the Hellenistic period from the composition of his poetry until its first attested systematic edition taking into consideration the existence of a tradition of partheneia and its implications Can it be suggested that the emerging book culture killed the song culture Was Alcman an archetypal prototype of an archaic genre partheneia and regarded as a historical figure This book answers such questions arguing that the tradition of partheneia was never powerful enough especially outside Sparta in order to completely absorb the poet Jaredites & Manassites Robert F. Smith,2022-12-28 This book explores the literate and advanced cultures of two very separate groups in the Book of Mormon 1 the Jaredites described in the book of Ether and 2 the members of tribal Manasseh who dominate the remainder of the Book of Mormon The first group flourished during the millennia before the arrival of the second group in a nearby area and became extinct as a civilization not long after the arrival of that second group Within the New World only one complex culture arose which was literate built great cities and had a large population

namely the Olmec of southern Mexico the mother culture of the five subsequent advanced cultures of Mesoamerica This book demonstrates how the Mesopotamian Jaredites brought with them a Sumero Akkadian culture to the New World The linguistics of Sumero Akkadian are not only found systematically within the Jaredite onomasticon but a comparison of Sumero Akkadian with reconstructed ancient Olmec Proto Mixe Zoque strongly suggests the ultimate origin of that people in Mesopotamia at least 5 thousand years ago In the second section of the book an offshoot of tribal Manasseh Clan Lehi demonstrates its pervasive influence through an onomasticon almost exclusively showing derivation from Manassite names known from the Bible and archeology and which are collocated geographically with each other and with a set of names known biblically to be associated with transjordanian tribes and southern areas such as Midian where Clan Lehi first goes to make good its escape from Judah

Romulus Marc Hyden, 2020-09-30 A riveting biography of the legendary founder and first king of Rome According to legend Romulus was born to a Vestal Virgin and left for dead as an infant near the Tiber River His life nearly ended as quickly as it began but fate had other plans A humble shepherd rescued the child and helped raise him into manhood As Romulus grew older he fearlessly engaged in a series of perilous adventures that ultimately culminated in Rome's founding and he became its fabled first king Establishing a new city had its price and Romulus was forced to defend the nascent community As he tirelessly safeguarded Rome Romulus proved that he was a competent leader and talented general Yet he also harbored a dark side which reared its head in many ways and tainted his legacy but despite all of his misdeeds redemption and subsequent triumphs were usually within his grasp Indeed he is an example of how greatness is sometimes born of disgrace Regardless of his foreboding flaws Rome allegedly existed because of him and became massively successful As the centuries passed the Romans never forgot their celebrated founder This is the story that many ancient Romans believed Praise for Romulus Hyden leans into a tone reminiscent of a bard regaling those around a campfire with stories of a hero's great exploits He tells a fascinating origin story Booklist As inherently fascinating a read as it is an impressive work of meticulous scholarship a truly extraordinary expressly informative and highly recommended addition to personal professional community college and university library Roman History Culture collections and supplemental curriculum studies reading lists Midwest Book Review

Super Doux Livre de Coloriage Marguerite Poppy, 2021-04-13 Pour tous ceux qui aiment dessiner ce livre de coloriage super mignon est un cadeau parfait pour vous ou vos petits Il est rempli de dessins amusants et tonnants de biscuits de beignets de fraises et bien d'autres encore Notre livre aide vos enfants à développer leurs capacités motrices tout en améliorant leur concentration et leur coordination main œil L'apprentissage de compétences telles que la reconnaissance d'adjectifs descriptifs une meilleure écriture une expression personnelle précise augmentera la confiance de votre enfant C'est le cadeau idéal pour toutes les occasions y compris les anniversaires et les vacances Ce que vous trouverez l'intérieur du livre 8 5 x 11 pouces assez d'espace pour l'imagination d'un enfant Convient pour les crayons de couleur les crayons de couleur ou même les marqueurs De pleines pages remplies d
