Advancing European Entrepreneurship Research Luca Gnan,Hans Lundberg,Lucrezia Songini,Massimiliano Pellegrini,2014-06-01 The objective with the Strategic Interest Group in Entrepreneurship SIG Entrepreneurship of the European Academy of Management EURAM is to be the leading research community for engaged entrepreneurship scholars

in Europe The SIG Entrepreneurship aims at promoting research and networking interests for individuals and research groups focused on entrepreneurship and entrepreneurial styles of management This is done by providing a wide ranging engaged and internationally focused forum to discuss and develop research and practice in the field We put a distinct focus on the key European feature context matter why we try in all activities to promote and stimulate what European might mean in any given context It means different things in different contexts and that is the whole point and thereby the key strength of the European takes on the matter as we see it This is our idea of the European perspective on entrepreneurship The tradition of European scholars on entrepreneurship and SMEs system has been consolidated during the last three decades and an increasingly distinct European school of thought has emerged as a consequence This development provides a solid base for the future development of the field where Europe and its entrepreneurship scholars will play an increasingly prominent role With this concern this book has been managed gathering the best contributions of our annual meeting re edited and improved The central theme is presenting entrepreneurship understood as a working attitude a mode of thinking a concrete everyday practice and increasingly an identity marker for ways of being and living within liquid modernity Entrepreneurship is nowadays a broadly endorsed and accepted signifier for forms of organizing that targets human organizational and economic renewal and growth

A Rising Tide Susan Coleman, Alicia Robb, 2012-05-30 Women owned firms represent an increasingly important segment of the small business sector According to the most recent data from the U S Census Bureau there were 7 8 million women owned firms in the United States in 2007 generating 1 2 trillion in revenues and providing employment for 7 6 million people A Rising Tide presents the financial strategies that have helped today s bold and creative women entrepreneurs to succeed The authors take a lifecycle approach in discussing the issues and strategies for different types of women owned firms from nascent and home based firms to growth oriented and technology based enterprises Each chapter includes real world cases studies featuring women entrepreneurs as a way to bring the book s lessons to life Uniquely this book ties together the latest research on financing women owned businesses and its implications for actual or potential entrepreneurs Drawing on the Kauffman Firm Survey a longitudinal survey of over 4 000 new firms the authors are able to provide particularly useful conclusions making this a must read for the thousands of women who are starting or may start businesses in the next few years Please visit www.kauffman.org/sketchbook.aspx?VideoId=1699151957001 type M to view the book trailer

The Entrepreneur's Guide to Writing Business Plans and Proposals K. Dennis Chambers, 2007-12-30 Entrepreneurs and entrepreneurial companies live or die by the quality of their plans and proposals Whether it s to get funding for a new product line or business from a client writing hard hitting prose that answers essential questions and makes specific requests is an indispensable skill Entrepreneur ad man and writing teacher Dennis Chambers shows how entrepreneurs can persuade people through skillful writing to pony up capital or contracts This ability which can be learned is rare in today s media saturated world But it counts more than ever if an entrepreneur wants to make it over the magical

five year hump and on into lasting business success Numerous examples and exercises ensure that entrepreneurs understand how the writing game is played and that they play it well Unfortunately most don t play this game well Most business writers mistakenly believe their task is to inform They write to fill an information gap or to update the reader on a particular project Or they write about what s important to them What these writers do not take into account is that the speed of today s work world has reached overdrive The typical reader simply doesn t have time to ponder dense poorly organized information and intuit the appropriate action And readers don t give a hoot about what s important to the writer they want to know what s in it for themselves Business writers need to use all the tools at their command to persuade inspire action and in general move a project forward This book is about how to be persuasive in two key skills in business writing proposals and writing business plans Step by step Dennis Chambers illustrates the techniques of effective business writing with numerous examples throughout Whether the objective is to secure financing from an investor lay out a marketing strategy or secure a large contract getting results requires crafting an effective structure for the proposal and using words that sell Chambers is an able guide in saving entrepreneurs time and undue effort while reaching the goal of long term business success

Notable American Women Susan Ware,2004 This latest volume brings the project up to date with entries on almost 500 women whose death dates fall between 1976 and 1999 You will find here stars of the golden ages of radio film dance and television scientists and scholars civil rights activists and religious leaders Native American craftspeople and world renowned artists For each subject the volume offers a biographical essay by a distinguished authority that integrates the woman s personal life with her professional achievements set in the context of larger historical developments
