Marketing Democracy Public Opinion And Media Information In Democratic Societies:

Marketing Democracy Romain Laufer, Catherine Paradeise, 2011-12-31 This book examines mass marketing techniques in a political rather than economic context The authors thesis remains persuasive democratic politics precisely because it requires mass support for its legitimization increases the need for public opinion to be channelized and focused This is precisely the task of marketing in the political process Increasingly advanced societies are involved in symbolic rather than direct forms of struggle As a result management of ideas becomes crucial to both political survival and economic expansion Romain Laufer and Catherine Paradeise argue that public opinion and media formation is built into the fabric of Western political culture dating from the Sophists in ancient Greece through Machiavelli in the aristocratic baronies of pre capitalist Europe With the rise of the bureaucratic administrative state in the West the need for persuasive public opinion analysis became part of the fabric of the advanced Western democratic and capitalist nations The volume benefits from authors trained and familiar with the traditions of both the United States and Europe They are able to consider contrasts in marketing styles as well as continuities of contents among advanced nation states No simple how to manual this bracingly different volume discusses its subject with an easy command of the philosophical and cultural literatures as well as the major classics of economics sociology and political science

Handbook of Applied Journalism Leon Barkho,Jairo Alfonso

Lugo-Ocando,Sadia Jamil,2024-02-21 This authoritative handbook looks at the entire news cycle and provides a bridge between the theoretical and academic study of journalism and its actual contemporary practice The book s main merit is that it brings theory and practice together with contributors discussing these issues from different perspectives in a way that scholars students and practitioners can find useful in the study of journalism The handbook is also unique as it undertakes an international scope across regions and cultures both from the West and the Global South while providing an overview which balances the over emphasis on content in most academic approaches to journalism The book is divided into four major parts 1 Conceptual foundations 2 Interlink between journalism as scholarship and journalism as practice 3 Regions and cultures and 4 The practitioner world The first two sections lay down the foundation for section 3 which provides an overview of journalism practice in different regions and cultures Section 4 includes contributions by practitioners in which they attempt to respond to some of the issues raised in preceding sections This handbook will appeal to academics practitioners and professionals alike who are interested in a better understanding of the academic study of journalism and its actual contemporary practice

Informed Publics, Media and International Law Daniel Joyce,2020-11-26 This book considers

the significance of informed publics from the perspective of international law It does so by analysing international media law frameworks and the mediatization of international law in institutional settings This approach exposes the complexity of the interrelationship between international law and the media but also points to the dangers involved in international law s associated and increasing reliance upon the mediated techniques of communicative capitalism such as publicity premised upon an informed international public whose existence many now question The book explores the ways in which traditional regulatory and analytical categories are increasingly challenged revealed as inadequate or bypassed but also assesses their resilience and future utility in light of significant technological change and concerns about fake news the rise of big data and algorithmic accountability Furthermore it contends that analysing the imbrication of media and international law in the

current digital transition is necessary to understand the nature of the problems a system such as international law faces without sufficiently informed publics The book argues that international law depends on informed global publics to function and to address the complex global problems which we face This draws into view the role media plays in relation to international law but also the role of international law in regulating the media and reveals the communicative character of international law
