Matrices Of Genre

Sean A. Adams

Matrices Of Genre:

Matrices of Genre Mary Depew, Dirk Obbink, 2009-07-01 The literary genres given shape by the writers of classical antiquity are central to our own thinking about the various forms literature takes Examining those genres the essays collected here focus on the concept and role of the author and the emergence of authorship out of performance in Greece and Rome In a fruitful variety of ways the contributors to this volume address the questions what generic rules were recognized and observed by the Greeks and Romans over the centuries what competing schemes were there for classifying genres and accounting for literary change and what role did authors play in maintaining and developing generic contexts Their essays look at tragedy epigram hymns rhapsodic poetry history comedy bucolic poetry prophecy Augustan poetry commentaries didactic poetry and works that mix genres The contributors bring to this analysis a wide range of expertise they are in addition to the editors Glenn W Most Joseph Day Ian Rutherford Deborah Boedeker Eric Csapo Marco Fantuzzi Stephanie West Alessandro Barchiesi Ineke Sluiter Don Fowler and Stephen Hinds The essays are drawn from a colloquium at Harvard s Center for Hellenic Studies *The Genre of Acts and Collected Biography* Sean A. Adams, 2013-10-17 It is widely accepted by New Testament scholars that the Gospel of Luke and the Acts of the Apostles probably originated as two parts of one work by a single author In spite of this the books have been assigned to very different genres Luke is traditionally viewed as a biography of Jesus and Acts as a history of the early church Comparing in detail the structure and content of Acts with the formal features of history novel epic and biography Sean A Adams challenges this division Applying both ancient and modern genre theory he argues that the best genre parallel for the Acts of the Apostles is in fact collected biography Offering a nuanced and sophisticated understanding of genre theory along with an insightful argument regarding the composition and purpose of Acts this book will be of interest to those studying the New Testament Acts genre theory and ancient literature **Matrices of Genre** Mary Depew, Dirk Obbink, 2000-12-30 The literary genres given shape by the writers of classical antiquity are central to our own thinking about the various forms literature takes Examining those genres the essays collected here focus on the concept and role of the author and the emergence of authorship out of performance in Greece and Rome In a fruitful variety of ways the contributors to this volume address the questions what generic rules were recognized and observed by the Greeks and Romans over the centuries what competing schemes were there for classifying genres and accounting for literary change and what role did authors play in maintaining and developing generic contexts Their essays look at tragedy epigram hymns rhapsodic poetry history comedy bucolic poetry prophecy Augustan poetry commentaries didactic poetry and works that mix genres The contributors bring to this analysis a wide range of expertise they are in addition to the editors Glenn W Most Joseph Day Ian Rutherford Deborah Boedeker Eric Csapo Marco Fantuzzi Stephanie West Alessandro Barchiesi Ineke Sluiter Don Fowler and Stephen Hinds The essays are drawn from a colloquium at Harvard s Center for Hellenic Studies *Why Bíos? On the Relationship Between Gospel Genre and Implied Audience*

Justin Marc Smith,2015-02-26 Justin Marc Smith argues that the gospels were intended to be addressed to a wide and varied audience He does this by considering them to be works of ancient biography comparative to the Greco Roman biography The earliest Christian interpreters of the Gospels did not understand their works to be sectarian documents Rather the wider context of Jesus literature in the second and third centuries points toward the broader Christian practice of writing and disseminating literary presentations of Jesus and Jesus traditions as widely as possible Smith addresses the difficulty in reconstructing the various gospel communities that might lie behind the gospel texts and suggests that the all nations motif present in all four of the canonical gospels suggests an ideal secondary audience beyond those who could be identified as Christian

A Companion to Greek Rhetoric Ian Worthington,2010-01-11 This complete guide to ancient Greek rhetoric is exceptional both in its chronological range and the breadth of topics it covers Traces the rise of rhetoric and its uses from Homer to Byzantium Covers wider ranging topics such as rhetoric s relationship to knowledge ethics religion law and emotion Incorporates new material giving us fresh insights into how the Greeks saw and used rhetoric Discusses the idea of rhetoric and examines the status of rhetoric studies present and future All quotations from ancient sources are translated into English

Greek and Latin Poetry of Late Antiquity Berenice Verhelst,Tine Scheijnen,2022-06-30 Promotes a bilingual Latin Greek focus to shed new light on the poetics and aesthetics of late antique poetry

The Cambridge Companion to Greek Lyric Felix Budelmann,2009-04-30 Introduction to this wide ranging body of poetry which includes work by such famous poets as Sappho and Pindar

The Trajectory of Archaic Greek Trimeters Ippokratis Kantzios,2017-07-31 This volume makes clear that even within the short period of their floruit archaic Greek trimeters underwent profound changes The shift in thematography use of person and vocabulary reveals that iambic verse is a complex definable genre with all the dynamism that implies and with a traceable development The various chapters examine the subject matter morphology and diction of the trimeters both within the genre in a diachronic fashion and in relation to elegy The metrical inscriptions and later iambic poetry are also considered as the author ponders the rise of tragedy and the disappearance of serious iambus This work is of interest not only to scholars of archaic lyric poetry but also of tragedy and sympotic practices

Euripides and the Politics of Form Victoria Wohl,2020-06-09 How can we make sense of the innovative structure of Euripidean drama And what political role did tragedy play in the democracy of classical Athens These questions are usually considered to be mutually exclusive but this book shows that they can only be properly answered together Providing a new approach to the aesthetics and politics of Greek tragedy Victoria Wohl argues that the poetic form of Euripides drama constitutes a mode of political thought Through readings of select plays she explores the politics of Euripides radical aesthetics showing how formal innovation generates political passions with real world consequences Euripides plays have long perplexed readers With their disjointed plots comic touches and frequent happy endings they seem to stretch the boundaries of tragedy But the plays formal traits from their exorbitantly beautiful lyrics to their arousal and resolution of suspense shape the audience s

political sensibilities and ideological attachments Engendering civic passions the plays enact as well as express political ideas Wohl draws out the political implications of Euripidean aesthetics by exploring such topics as narrative and ideological desire the politics of pathos realism and its utopian possibilities the logic of political allegory and tragedy's relation to its historical moment Breaking through the impasse between formalist and historicist interpretations of Greek tragedy Euripides and the Politics of Form demonstrates that aesthetic structure and political meaning are mutually implicated and that to read the plays poetically is necessarily to read them politically *Brill's Companion to Hellenistic Epigram* Peter Bing,Jon Bruss,2007-04-30 Important research in recent decades along with the publication of P Mil Vogl VIII 309 the Milan Posidippus papyrus in 2001 have reinvigorated the study of Hellenistic epigram Yet scholarship on this genre often remains fragmented according to disciplinary sub specialty and approach some scholars focus on poets of Meleager's Garland others on Philip's some on inscriptional epigram others on literary each approaching the genre with different motives and questions In this volume expert scholars offer those less familiar with the genre an introduction to all aspects of Hellenistic epigram from models and forms inherited from inscriptional epigram to poetology sub genera epigrammatic intertexts and ancient and modern reception Even specialists will find here fresh explorations of epigram along with new directions for scholarship
