Fearlessness Teachings R. Michael Fisher, 2010 The World s Fearlessness Teachings addresses the human fear problem in a truly unique and insightful way summarizing the teachings on fearlessness from around the world and throughout history The author then utilizes critical integral theory a la Wilber as an approach to categorize the developmental and evolutionary spectrum of fear management systems known thus far The author has spent twenty years researching the timely topic of fear and how to best manage and transform it From this experience he offers an educational healing vision to address the challenges of a dangerous 21st century Fear s empire has taken rule It is time to resist it using the best intelligence from both sacred and secular traditions as well as the transformational theories humanity has to offer Fisher maps out ten fear management systems that will benefit future positive leaders everywhere **The Vice of Kings** Jasun Horsley, 2019-01-22

In today s post truth world we are becoming inundated with fantasy fictions alternate news and grossly oversimplified and wildly exaggerated conspiracy theories that identify cryptocratic power structures ruling our fates But suppose the truth is both stranger than any fiction and more nuanced and disturbing than any theory Suppose it is not conspiracy but complicity that creates our world Beginning as an investigation into the author s childhood inside a closet aristocracy of progressive British entrepreneurs The Vice of Kings uncovers a history both disturbingly personal and shockingly universal By juxtaposing disc jockey Jimmy Savile s secret cultural criminal and political affiliations in the second half of the 20th century with the life and teachings of Aleister Crowley in the first it uncovers an alarming body of evidence that organized child abuse is not only the dark side of occultism but the shadowy secret at the heart of culture both ancient and modern
