LIFE, 1951-04-30 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century It now lives on at LIFE com the largest most amazing collection of professional photography on the internet Users can browse search and view photos of today s people and events They have free access to share print and post images for personal use The Sword of St. Michael Guy LoFaro,2011-08-30 From decorated veteran acclaimed West Point lecturer and inspirational military speaker Guy LoFaro the first complete history of America s legendary World War II airborne division The Generals Thomas E. Ricks,2013-10-29 A New York Times bestseller An epic history of the decline of American military leadership from the bestselling author of Fiasco and Churchill and Orwell While history has been kind to the American generals of World War II Marshall Eisenhower Patton and Bradley it has been less kind to the generals of the wars that followed such as Koster Franks Sanchez and Petraeus In The Generals Thomas E Ricks sets out to explain why that is In chronicling the widening gulf between performance and accountability among the top brass of the U S military Ricks tells the stories of great leaders and suspect ones generals who rose to the occasion and generals who failed themselves and their soldiers In Ricks s hands this story resounds with larger meaning about the transmission of values about strategic thinking and about the difference between an organization that learns and one that fails The Art of Command Harry S. Laver,Jeffrey J. Matthews,2017-12-08 What essential leadership lessons do we learn by distilling the actions and ideas of great military commanders such as George Washington Dwight D Eisenhower and Colin Powell The Art of Command demonstrates that great leaders become great through a commitment not only to develop vital skills but also to surmount personal shortcomings In the second edition of this classic resource Harry S Laver Jeffrey J Matthews and the other contributing authors identify eleven core characteristics of highly effective leaders such as integrity determination vision and charisma and eleven significant figures in American military history who embody those qualities Featuring new chapters on transitional leadership innovative leadership and authentic leadership this insightful book offers valuable perspectives on the art of military command in American history *Interview* Matthew Bunker Ridgway,1969 General Interview conducted by Major Matthew P Caulfield and Lt Colonel Robert M Elton 29 August 1969 Topics covered include General Ridgway s experiences leading and training men during World War II and in the Korean War and comparison of the Korean War with the conflict in Viet Nam **An "Unnecessary" War** Marshall William McMurren,2008-09-22 An Unnecessary War is a researched readable account of the Korean Conflict told an Air Force Officer who served with the 3rd Bomb Wing Light Not until 1986 did the US Congress declare the Korean War to be a real war The cost in human and material loss in the three war years was huge Any gain is still difficult to assess Communism was halted but a grim totalitarian regime was left in place that is now a nuclear thorn in the side of the planet The book discusses in some detail the political and financial yes financial decisions made by UN and US political leaders leading to Chairman Mao s and Joe Stalin s approval of Kim Il Sung s ill

considered crusade to invade the South Kim Il Sung was the grandfather of our present pesky North Korean Kim who seems to blame his self inflicted ills on America Most recounts of the Korean War are either biased or too detailed for the non military reader This book was written for the rest of us and contains hopefully unbiased judgmental information not available elsewhere in a single writing The book contents are set in chronological order with descriptions of major battles discussions of conflicts weaknesses and interplay of US commanders particularly the actions sometimes inexplicable of Douglas MacArthur It also contains a summary of casualties and losses orders of battle of both the US Army and USAF and descriptions of Communist forces committed at critical times Discussions of the efforts of other UN members particularly the British Commonwealth and Turkish forces give an insight to the contribution and sacrifices of our comrades in arms With access to USAF frag orders at the time the air war descriptions here are likely more accurate than in USAF published histories tending to glorify USAF contributions Post Korean War discussions with National Guard comrades with the 2d Division during the disastrous Chongchon rout add an eyes on contribution to the discussion of this engagement

This Kind of War T. R. Fehrenbach, 2014-04-01 The book that former Defense Secretary James Mattis recommends as America faces the threat of conflict with North Korea In a recent story Newsweek reported Amid increasingly deteriorating relations between the U S and North Korea as President Donald Trump and Kim Jong Un exchange barbs and the threat of a nuclear conflict looms Mattis responded to a question on how best to avoid such a war An audience member asked What can the U S military do to lessen the likelihood of conflict on the Korean Peninsula Mattis responded with a direction to read This Kind of War stating There s a reason I recommend T R Fehrenbach s book that we all pull it out and read it one more time This Kind of War is perhaps the best book ever written on the Korean War John McCain The Wall Street Journal the most comprehensive single volume history of the conflict that began in 1950 and is still affecting US foreign policy Fifty years later not only does this enlightening account give details of the tactics infantrymen and equipment it also chronicles the story of military and political unpreparedness that led to a profligate loss of American lives in Korea T R Fehrenbach an officer in the conflict provides us with accounts of the combat situation that could only have been written by an eyewitness in the thick of the action But what truly sets this book apart from other military memoirs is the piercing analysis of the global political maneuverings behind the brutal ground warfare that marked this bloody period of history one that has been all but forgotten by many but has become crucially important again A 54 year old history of the Korean War that s much better known in military than civilian quarters Interspersed with this high level narrative are gritty close grained accounts of the grim ordeals heroic sacrifices and sometimes tragic blunders of individual soldiers from privates to generals Politico

From the Danube to the

Yalu Mark Clark, 2025-07-07 A frank instructive and on the whole well written account of the problems both military and political which faced General Mark Clark between May 1952 when he was appointed Commander of United Nations Forces in Korea and the signing of the armistice in July 1953 the book is a combination of military prowess honesty of purpose and considerable political sagacity International Affairs General Clark firmly believes that we could have obtained better truce terms quicker shortened the war and saved lives if we had got tough sooner His book explains why he thought so and gives as well detailed accounts of the prisoner of war controversy truce negotiations relations with President Syngman Rhee and other matters of administration the honest opinions of a good soldier who obeyed orders even when they were contrary to his deepest convictions International Journal General Clark gives a blow by blow account of the Korean negotiations leading up to the armistice General Clark speaks for those Americans who deplore soft handling of Communism and feel that peace will come to us only if we are strong if the Russians and their followers know we are strong and if they are convinced we have the determination and courage to use that strength both politically and militarily to achieve victory Ordnance A book that should be read by every American citizen who wishes to be well informed on the subject of dealing with the Communists a fascinating account of the first two years of the cold war Military Affairs **Truman and MacArthur** Michael D.

Pearlman, 2008-03-12 Truman and MacArthur offers an objective and comprehensive account of the very public confrontation between a sitting president and a well known general over the military's role in the conduct of foreign policy In November 1950 with the army of the Democratic Peoples Republic of Korea mostly destroyed Chinese military forces crossed the Yalu River They routed the combined United Nations forces and pushed them on a long retreat down the Korean peninsula Hoping to strike a decisive blow that would collapse the Chinese communist regime in Beijing General Douglas MacArthur the commander of the Far East Theater pressed the administration of President Harry S Truman for authorization to launch an invasion of China across the Taiwan straits Truman refused MacArthur began to argue his case in the press a challenge to the tradition of civilian control of the military He moved his protest into the partisan political arena by supporting the Republican opposition to Truman in Congress This violated the President's fundamental tenet that war and warriors should be kept separate from politicians and electioneering On April 11 1951 he finally removed MacArthur from command Viewing these events through the eyes of the participants this book explores partisan politics in Washington and addresses the issues of the political power of military officers in an administration too weak to carry national policy on its own accord It also discusses America's relations with European allies and its position toward Formosa Taiwan the long standing root of the dispute between Truman and MacArthur
