Matters Of Faith And Morals

David Baud

Matters Of Faith And Morals:

Matters of Faith and Morals James Gaffney, 1987 *Matters of Faith and Morals* brings together a number of original essays on ethics and on relationships between ethics and other disciplines pertaining to religion and social sciences. They are not expositions of recognized positions within established schools of thought but exploratory and controversial. They are intended not to transmit a traditional body of doctrine but to foster discussion and encourage argument in the interest of intellectual progress.

Issues of Faith and Morals Cardinal George Pell, 1997 *Issues of Faith and Morals* encourages senior secondary students to examine contemporary issues from a Catholic perspective. Designed to inspire both group discussion and individual thought, it challenges students to discover central truths.

Faith's Defenders Dr. Octavian Caius Obeada, 2024-07-28 *Faith's Defenders* The Christian Apologetic Mission offers a comprehensive exploration of the crucial role of apologetics in the Christian Church. It examines the foundational beliefs, historical challenges, and modern day threats to Christianity while providing a detailed overview of apologetics from early Christianity to the present. The book emphasizes the need for respectful and intellectually rigorous strategies to engage with contemporary culture, address doubts, and reinvigorate faith. Drawing on insights from renowned defenders of the faith, it highlights the importance of apologetics in strengthening the Church's witness and fostering meaningful dialogue, making a compelling call for the Church to present the gospel with confidence, clarity, and compassion. Against All Heresies Alfonso de Castro, O. F. M., 2021-12-08 *Against All Heresies* was written at the request of Spanish merchants of Flanders to combat heretics and was first published in Paris in 1534. It is a description and criticism of more than 400 heresies which had arisen in the Church since the time of the Apostles, presented in alphabetical order. It was the author's most popular work for which he received the nickname 'the scourge of heretics'. King Philip II of Spain, whom the author served as chaplain, wrote in the preface of this work that this book is such a useful and beneficial book for the Christian state.

Accounts and Papers Great Britain. Parliament. House of Lords, 1868

The Month and Catholic Review, 1875 *The Nineteenth Century*, 1887

Thrice-Greatest Hermes G. R. S. Mead, 2013-11-08 This is the edition including all three books and a detailed essay about Hermeneutics. The so-called Hermetic writings have been known to Christian writers for many centuries. The early church Fathers Justin Martyr, Tertullian, Clement of Alexandria quote them in defense of Christianity. Stobaeus collected fragments of them. The Humanists knew and valued them. They were studied in the sixteenth and seventeenth centuries and in modern times have again been diligently examined by many scholars. G. R. S. Mead has issued a translation of the whole body of extant literature with extended prolegomena, commentary, etc. There is a wide difference of opinion as to the date at which this literature was produced. Mead believes that some of the

extant portions of it are at least as early as the earliest Christian writings while von Christ assigns them to the third Christian century and thinks that they show the influence of neo Platonism To affirm that they influenced New Testament usage would be hazardous but they perhaps throw some light on the direction in which thought was moving in New Testament times
