short poems some in here are pages long Select Poems of Matthew Arnold Edward Everett Hale,2022-10-27 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *Selected Poems of Matthew Arnold* Matthew Arnold,2015-06-12 Excerpt from Selected Poems of Matthew Arnold In making this collection which is intended primarily for school use we have tried to keep three things in view The poems chosen should exhibit Matthew Arnold s special qualities they should not in subject or in treatment be such as the young could not appreciate and they should give pupils something to think about in connexion with other poetry and other subjects of study Poems like Mycerinus and Stanzas from the Grande Chartreuse fine as they are hardly answer the second test The short lyrics as is natural with poems of that type are noteworthy rather for beauty of expression than for substance Sohrab and Rustum and Balder Dead the first poems in our selection being avowedly modelled on Homer we have thought it useful to quote in illustration a few passages of which the imitation is specially close These are taken mainly from the Iliad and for the translations we have relied on the prose version published by Messrs Lang Leaf any imperfections that remain are intentionally left to preserve the state of such historical works **The Poems of Matthew Arnold** Matthew Arnold,Miriam Farris Allott,1979
