## **Moving Beyond Church Growth An Alternative Vision For Congregations:**

**Moving Beyond Church Growth** Mark A. Olson, 2001-12-01 Character development for communities of faith Mark Olson believes that trying to meet unrealistic expectations for church growth along with expectations that pastors be all things to all people has resulted in low morale even burnout among clergy and dissension within congregations Olson's book argues that church growth models exemplify and exacerbate the tendencies of the modern age and Constantinian Christianity holding the church hostage to technique and marketing These assumptions set up pastors and churches for disappointment and failure But they also in his opinion miss an opportunity to envision a faithful alternative to the consumeristic church Olson's valuable book calls church leaders to faithful bold and courageous rethinking of congregational life and witness in substance purpose and style His own 20 years of ministry in rural suburban and urban congregations inform an alternative rooted deeply in the past and anchored in strong leadership and worship but also profoundly compassionate and engaged in the surrounding community In this model pastors primary responsibilities are not to fix everything and everybody but to enable people to be present to each other and to provide hope *Moving Beyond Church Growth* Craig L. Nesson, 2003

**When God Speaks through Change** Craig A. Satterlee, 2005-03-01 At times a congregational transition looms so large in a sermon that it becomes the lens through which scripture is interpreted the congregation is addressed the preacher is heard and God is experienced Homiletics professor and parish pastor Craig Satterlee reflects in this accessible provocative volume about on how to integrate such significant events in a congregation's life into the preaching ministry of the church Rather than offering a blueprint for preaching however he walks along pastors seminarians and other congregational leaders who want to make sure the Gospel not an agenda is preached Governance and Christian Higher Education in the African Context David K. Ngaruiya, Rodney L. Reed, 2019-02-14 Integrity pastoral care and authority lie at the heart of Christian leadership and indeed following Jesus in any capacity and they are also critical in state governance and Christian higher education The articles in this book the product of the 2017 conference of the Africa Society of Evangelical Theology address these themes and other topics relating to the spheres of government and education in Africa to enhance our understanding of the challenges faced in African contexts A wide range of Christian scholar leaders provide a way forward for other church and institutional leaders who are seeking to faithfully fulfill their responsibilities of stewardship and instruction Corruption civil disobedience good governance and formation of Christian leaders are matters that are becoming increasingly relevant not only in many African countries but across the world and this book is a valuable resource for thoughtful reflection and guidance on these important subjects Beyond Maintenance to Mission Craig L. Nesson, 2010-02-24 Visionary yet practical Nesson's influential book makes a persuasive case for the centrality of mission in the life of the church Nesson's model of mission driven leadership is strongly centered on the community of faith's worship and draws unique connections between the worship life of a congregation and every aspect of the church's ministry Around

the twin foci of congregational identity and mission the chapters in this dynamic book provide solid theological and radical direction on the themes of worship education fellowship stewardship evangelism global connections and social ministry
