Ganong**

Moving Into History Therapy For The American Identity:

Moving Into History John M. Vore, 2003-01-01 Before he knew he was gay before he would be abused by a priest John Vore thought of himself first and foremost as an American In essays written since 9 11 Vore challenges progressives liberals and would be victims to think differently fractured into broken selves with patchwork identities we can barely see ourselves as Americans anymore Our blindness has allowed conservatives to grab the stage of history With our very individuality broken into psychological factions how can we challenge them In remembering our capacity as Americans Vore shows how we can come together again With values rooted in spirituality and an ideology free look at our lives he delivers an open invitation to us all a road map back to the center of America *Asian American Identities, Relationships, and Post-Migration Legacies* Jessica ChenFeng, Lana Kim, 2024-10-04 Bringing together the personal and professional narratives of Asian American family therapists this book offers insight into the Asian American experience through systemic theory and frameworks individual and community stories and clinical considerations The Asian American experience is still a largely invisible and unknown one especially in the field of marriage and family therapy With a contextual lens this book highlights how understanding family migration legacies and individual generational status relative to time place and context is critical to doing meaningful work with Asian Americans Filled with thought provoking case studies and reflective questions chapters discuss the impact of stereotyping on mental health the historical and present ways that Asian American racialization invisibilizes individual and collective experiences shame associated with bicultural identity gender generational trauma media representations and more Each chapter bridges these ideas to clinical practice while concurrently centering the voices and experiences of Asian American therapists This book is essential reading for marriage and family therapists and other mental health clinicians who want to deepen their understanding of relationship with and clinical support for the Asian Americans in their lives whether friends colleagues supervisees or clients **Moving History/Dancing Cultures** Ann Dils, Ann Cooper Albright, 2013-06-01 This new collection of essays surveys the history of dance in an innovative and wide ranging fashion Editors Dils and Albright address the current dearth of comprehensive teaching material in the dance history field through the creation of a multifaceted non linear yet well structured and comprehensive survey of select moments in the development of both American and World dance This book is illustrated with over 50 photographs and would make an ideal text for undergraduate classes in dance ethnography criticism or appreciation as well as dance history particularly those with a cross cultural contemporary or an American focus The reader is organized into four thematic sections which allow for varied and individualized course use Thinking about Dance History Theories and Practices World Dance Traditions America Dancing and Contemporary Dance Global Contexts The editors have structured the readings with the understanding that contemporary theory has thoroughly questioned the discursive construction of history and the resultant canonization of certain dances texts and points of view The historical readings are presented in a way that encourages thoughtful analysis

and allows the opportunity for critical engagement with the text Ebook Edition Note Ebook edition note Five essays have been redacted including The Belly Dance Ancient Ritual to Cabaret Performance by Shawna Helland Epitome of Korean Folk Dance by Lee Kyong Hee Juba and American Minstrelsy by Marian Hannah Winter The Natural Body by Ann Daly and Butoh Twenty Years Ago We Were Crazy Dirty and Mad by Bonnie Sue Stein Eleven of the 41 illustrations in the book have also been redacted

The New Politics of the Textbook Heather Hickman, Brad J. Porfilio, 2012-10-29 In an era when corporate and political leaders are using their power to control every aspect of the schooling process in North America there has been surprisingly little research on the impact of textbook content on students The contributors of this volume and its partner The New Politics of the Textbook Problematizing the Portrayal of Marginalized Groups in Textbooks guide educators school administrators academics and other concerned citizens to unpack the political social and cultural influences inherent in the textbooks of core content areas such as math science English and social science They urge readers to reconsider the role textbooks play in the creation of students political social and moral development and in perpetuating asymmetrical social and economic relationships where social actors are bestowed unearned privileges and entitlements based upon their race gender sexuality class religion and linguistic background Finally they suggest ways to resist the hegemony of those texts through critical analyses critical questioning and critical pedagogies

The Scourges of the South? Essays on "The Sickly South" in History, Literature, and Popular Culture Thomas Ærvold Bjerre, Beata Zawadka, 2014-10-17 In this book eleven scholars take their stand on the controversial issue of disease as it occurs in the context of the American South Playing on the popular vision of the South as an ill region on several levels the European and American contributors interpret various aspects of the regional sickly culture as not so much southern problems but rather southern opportunities or else springboards to yet another of the South's cultural revitalizations health As Thomas Ærvold Bjerre and Beata Zawadka note in their introduction the so called Healthy South has never been an easy topic for scholars dealing with the region One reason for this is that researchers have been taught to approach so formulated a topic no further than to the point when it turns out it is a contradiction in terms and indeed there is much in southern history and the present situation that justifies such an approach This volume however comprises a collective effort of southernist historians literature experts and culture critics to transcend the contradictory concept of the Healthy South and does so by reinventing the notion of the southern disease and consequently the role of the South as a scourge in American culture in terms of this culture's bountiful gift

A Companion to American Cultural History Karen Halttunen, 2008-04-15 A Companion to American Cultural History offers a historiographic overview of the scholarship with special attention to the major studies and debates that have shaped the field and an assessment of where it is currently headed 30 essays explore the history of American culture at all analytic levels Written by scholarly experts well versed in the questions and controversies that have activated interest in this burgeoning field Part of the authoritative Blackwell Companions to American History series Provides both a chronological and thematic approach

topics range from British America in the Eighteenth Century to the modern day globalization of American Culture thematic approaches include gender and sexuality and popular culture *Rethinking the Red Power Movement* Sam

Hitchmough, Kyle T. Mays, 2024-06-28 *Rethinking the Red Power Movement* examines Red Power ideology with a focus on its many forms of solidarity with African Americans the role of gender in shaping the movement its international expansion and its current meaning in contemporary activism The Red Power Movement is often considered the apex of Indigenous activism in the twentieth century While diverse the movement is typically told through four actions Beginning with the occupation of Alcatraz in 1969 followed by the Trail of Broken Treaties in 1972 Wounded Knee in 1973 then culminating with the Longest Walk in 1978 there is a clear jumpstart middle and end to the Red Power Movement Through a chronological approach this study makes the case that Red Power never died and neither did Indigenous activism Instead it shows how Indigenous peoples found many ways to push forward Indigenous sovereignty and continue to call on the United States to value

Indigenous possibilities for justice freedom and power This book is useful for students and scholars interested in twentieth century America social movements and the history of Indigenous activism *The Asian American Movement* William

Wei, 2010-06-18 The first history and analysis of the Asian American Movement *Reader's Guide to American History* Peter

J. Parish, 2013-06-17 There are so many books on so many aspects of the history of the United States offering such a wide variety of interpretations that students teachers scholars and librarians often need help and advice on how to find what they want The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography Each of the 600 entries on topics in political social and economic history describes and evaluates some 6 to 12 books on the topic providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs The entries are devoted to events and individuals as well as broader themes and are written by a team of well over 200 contributors all scholars of American history *Counseling African*

American Males Dr. William Ross, 2016-06-01 There is no one method for doing culturally alert counseling Instead culturally alert counseling consists of intentionally adapting existing ways to help clients 1 understand their socially constructed worldviews through culture 2 appreciate their various cultures 3 to make choices about adherence to cultural norms and 4 to recognize and respond to external bias relating to their cultural group membership **Nationalism and History**

Education Rachel Hutchins, 2016-02-26 History education by nature transmits an official version of national identity National identity is not a fixed entity and controversy over history teaching is an essential part of the process of redefining and regenerating the nation France and the United States have in particular experienced demographic and cultural shifts since the 1960s that have resulted in intense debates over national identity This volume examines how each country's national history is represented in primary schools social studies textbooks and curricula and how they handle contemporary issues of ethnicity diversity gender socio economic inequality and patriotism By analyzing each country separately and comparatively

it demonstrates how various groups including academics politicians and citizen activists have influenced education and how the process of writing and rewriting history perpetuates a nation Drawing on empirical studies of the United States and France this volume provides insight into broader nationalist processes and instructive principles for similar countries in the modern world

Down in the Valley Julius H. Bailey, 2016-04-08 African American religions constitute a diverse group of beliefs and practices that emerged from the African diaspora brought about by the Atlantic slave trade Traditional religions that had informed the worldviews of Africans were transported to the shores of the Americas and transformed to make sense of new contexts and conditions This book explores the survival of traditional religions and how African American religions have influenced and been shaped by American religious history The text provides an overview of the central people issues and events in an account that considers Protestant denominations Catholicism Islam Pentecostal churches Voodoo Conjure Rastafarianism and new religious movements such as Black Judaism the Nation of Islam and the United Nuwaubian Nation of Moors The book addresses contemporary controversies including President Barack Obamas former pastor Jeremiah Wright and it will be valuable to all students of African American religions African American studies sociology of religion American religious history the Black Church and black theology

Gale Researcher Guide for: Chicano Power Jennifer Erdman, 2018-08-30 Gale Researcher Guide for Chicano Power is selected from Gale s academic platform Gale Researcher These study guides provide peer reviewed articles that allow students early success in finding scholarly materials and to gain the confidence and vocabulary needed to pursue deeper research

The Social History of the American Family Marilyn J. Coleman, Lawrence H. Ganong, 2014-09-02 The American family has come a long way from the days of the idealized family portrayed in iconic television shows of the 1950s and 1960s The four volumes of *The Social History of the American Family* explore the vital role of the family as the fundamental social unit across the span of American history Experiences of family life shape so much of an individual s development and identity yet the patterns of family structure family life and family transition vary across time space and socioeconomic contexts Both the definition of who or what counts as family and representations of the ideal family have changed over time to reflect changing mores changing living standards and lifestyles and increased levels of social heterogeneity Available in both digital and print formats this carefully balanced academic work chronicles the social cultural economic and political aspects of American families from the colonial period to the present Key themes include families and culture including mass media families and religion families and the economy families and social issues families and social stratification and conflict family structures including marriage and divorce gender roles parenting and children and mixed and non modal family forms and family law and policy Features Approximately 600 articles richly illustrated with historical photographs and color photos in the digital edition provide historical context for students A collection of primary source documents demonstrate themes across time The signed articles with cross references and Further Readings are accompanied by a Reader s Guide Chronology of American Families Resource Guide Glossary and

thorough index The Social History of the American Family is an ideal reference for students and researchers who want to explore political and social debates about the importance of the family and its evolving constructions The Cambridge History of America and the World: Volume 4, 1945 to the Present David C. Engerman,Max Paul Friedman,Melani McAlister,2022-03-03 The fourth volume of The Cambridge History of America and the World examines the heights of American global power in the mid twentieth century and how challenges from at home and abroad altered the United States and its role in the world The second half of the twentieth century marked the pinnacle of American global power in economic political and cultural terms but even as it reached such heights the United States quickly faced new challenges to its power originating both domestically and internationally Highlighting cutting edge ideas from scholars from all over the world this volume anatomizes American power as well as the counters and alternatives to the American empire Topics include US economic and military power American culture overseas human rights and humanitarianism third world internationalism immigration communications technology and the Anthropocene *The Oxford Handbook of Tourism History* Eric G. E. Zuelow,Kevin J. James,2025-02-24 The Oxford Handbook of Tourism History offers a critical survey of the development of the field that unites historical scholarship along thematic lines and uses examples from diverse places to examine a wide set of tourism policies practices and niches in a global transnational context **American Literature and American Identity** Patrick Colm Hogan,2021-11-10 In recent years cognitive and affective science have become increasingly important for interpretation and explanation in the social sciences and humanities However little of this work has addressed American literature and virtually none has treated national identity formation in influential works since the Civil War In this book Hogan develops his earlier cognitive and affective analyses of national identity further exploring the ways in which such identity is integrated with cross culturally recurring patterns in story structure Hogan examines how authors imagined American identity understood as universal democratic egalitarianism in the face of the nation s clear and often brutal inequalities of race sex and sexuality exploring the complex and often ambivalent treatment of American identity in works by Charlotte Perkins Gilman Eugene O Neill Lillian Hellman Djuna Barnes Amiri Baraka Margaret Atwood N Scott Momaday Spike Lee Leslie Marmon Silko Tony Kushner and Heidi Schreck The Cambridge History of Latin America Leslie Bethell,1984 This volume discusses trends in twentieth century Latin American literature philosophy art music and popular culture *Colonial Violence and Monuments in Global History* Cynthia C. Prescott,Janne Lahti,2023-08-29 This book tackles the historical relationship between colonial violence and monuments in Africa Europe the Indian subcontinent North America and Australia In this volume the authors ask similar questions about monuments in each location and answer them following a parallel structure that encourages comparison highlighting common themes The chapters track the contested histories of monuments scrutinizing their narrative power and examining the violent events behind them It is both about the history of monuments and the histories the monuments are meant to commemorate It is interested in this nuanced relationship

between violence monuments memory and colonial legacies the ways different facets of colonial violence conquest resistance massacres genocides internments and injustices have been commemorated or haven't been how they live in the present and how pertinent they are in the present to different peoples Legacies of colonial violence and continued reinterpretations of the past and its meanings remain very much ongoing They are still very much unsettled questions in large parts of the world Colonial Violence and Monuments in Global History will be essential reading for students scholars and researchers of political science history sociology and colonial studies The book was originally published as a special issue of the Journal of Genocide Research

Healing Haunted Histories Elaine Enns,Ched Myers,2021-02-01 Healing Haunted Histories tackles the oldest and deepest injustices on the North American continent Violations which inhabit every intersection of settler and Indigenous worlds past and present Wounds inextricably woven into the fabric of our personal and political lives And it argues we can heal those wounds through the inward and outward journey of decolonization The authors write as and for settlers on this journey exploring the places peoples and spirits that have formed and deformed us They look at issues of Indigenous justice and settler response ability through the lens of Elaine's Mennonite family narrative tracing Landlines Bloodlines and Songlines like a braided river From Ukrainian steppes to Canadian prairies to California chaparral they examine her forebearers immigrant travails and trauma settler unknowing and complicity and traditions of resilience and conscience And they invite readers to do the same Part memoir part social historical and theological analysis and part practical workbook this process invites settler Christians and other people of faith into a discipleship of decolonization How are our histories landscapes and communities haunted by continuing Indigenous dispossession How do we transform our colonizing self perceptions lifeways and structures And how might we practice restorative solidarity with Indigenous communities today
