## **Moving The Housing Market Council Estates Social Change And Privatization:**

*Moving the Housing Market* Ray Forrest, Alan Murie, 1990      Council Housing and Culture Alison Ravetz, 2003-12-16  
Named one of the Top 10 books about council housing the Guardian online Born of idealism and once an icon of the Labour movement and pillar of the Welfare State council housing is now nearing its end But do its many failings outweigh its positive contributions to public health and wellbeing Alison Ravetz here provides the first comprehensive and apolitical history from which to arrive at a balanced judgement Drawing on the widest possible evidence from tenant and government records to the built environment itself she tells the story of British council housing from its seeds in Victorian reactions to the Poor in philanthropy and model villages Christian and other varieties of socialism Her depiction of council housing in its mature years shows the often bizarre persistence of utopian attitudes whether in architectural design or management styles its rise to a monopoly position in working class family housing the many compromises consequent on its state finance and local authority control and the impact on working class lives as an intellectuals utopian dream was converted into a social policy for the masses      Advanced Introduction to Gentrification Hamnett, Chris, 2021-11-19 Analysing the causes and effects of widespread gentrification this Advanced Introduction provides an innovative insight into the global debate instigated by this process Examining the impact of gentrification on lower income groups and other issues Chris Hamnett discusses research into the socio economic causes and effects of gentrification in a variety of cities worldwide      **Winners And Losers** Chris Hamnett, 2005-07-15 First published in 1998 The growth of home ownership since the end of the Second World War marks one of the most fundamental social changes to have taken place in Britain From being a nation of renters at the end of war Britain has been converted into a nation of home owners In 1945 approximately 25% of households in Britain owned their own homes Today the proportion is just over two thirds In the process the proportion of households renting from private landlords has fallen from 65% to about 8% As a result the home ownership market in Britain plays a far more important role today than hitherto both in housing the population and as a potential source of capital gains and losses In addition the home ownership market plays a significant role in the overall health of the economy This is not to deny the importance of social and private rented housing or the major problems of homelessness It is simply to assert that the home ownership market now affects two out of three households in Britain and many more who wish to gain access to it This book is about the dramatic booms and busts of the home ownership market in Britain during the last twenty years and their causes and consequences both for the individuals involved and for the economy as a whole It argues that the home ownership market in Britain particularly in southern Britain where the booms and slumps have been experienced most sharply has been akin to a casino There have been big winners but there have also been big losers The last thirty years have been a roller coaster ride for owners exhilarating but potentially highly dangerous not least for those who fell off or were thrown off in the slump of the early 1990s      *The Right to Buy?* Alan Murie, 2016-05-31 The Right to Buy has had a massive impact on Housing in the UK

for 35 years and in 2015 there were proposals to extend it But what is the Right to Buy policy how has it developed and what has its impact been What evidence is there about the wider and unintended consequences of the policy How are the proposals to extend the policy in England likely to affect future housing provision and what alternatives are there In *The Right to Buy* Alan Murie provides an authoritative account of the origins development and impact of the policy across the UK and proposals for its extension in England and decisions to end it in Scotland and Wales Presenting up to date statistical material the book engages with debates about transfers to private renting the impact on public expenditure and on the current housing situation addresses the proposals for new legislation and details the potential impact of these It is an essential read for anyone interested in this highly topical issue

*Breadline Britain in the 1990s* David Gordon, Christina Pantazis, 2018-12-14 First published in 1997 this series published in association with the Social Policy Research Unit at the University of York is designed to inform public debate about these policy areas and to make the details of important policy related research more widely available

**The Place of Home** Alison Ravetz, Professor Alison Ravetz, R. Turkington, 2013-05-24 A comprehensive and in depth history of the 20th century English home how it has been created and how it works for people It focuses on the various influences bearing on the development of domestic space since 1914 and covers both design and housing policy Current debates from participation to co operative housing are examined and several themes not previously brought together are linked e g urban development house design technology at home women and home social meaning of home

**Post-War Homelessness Policy in the UK** Jamie Harding, 2019-08-14 This book discusses homelessness policy in the UK from 1945 to 2019 It identifies five key factors that have driven policy the favoured explanations for homelessness distinctions between different groups of homeless people demand for social rented housing geographical differences and the forms of prevention preferred by policy makers The account analyses how these factors have influenced key pieces of legislation such as the 1948 National Assistance Act the 1977 Housing Homeless Persons Act and the 2002 Homelessness Act It also identifies the key issues that policy has sought to address at different times including children being taken into care because of their parents homelessness rough sleeping the use of bed and breakfast hotels as temporary accommodation social exclusion and welfare reform In addition to published sources and archival material the book draws on the experiences of two former Ministers and other key figures in the development of homelessness policy

**Community Life** Graham Crow, Graham Allan, 2014-06-06 First published in 1994 The sociology of community is currently undergoing something of a revival and this book has been written with the aim of contributing to this process in a number of ways First of all it draws attention to the burgeoning literature on sociological aspects of community life Secondly its bring together the various studies considered here into a more coherent whole than they possess as simply a collection of separate pieces of research

**Making it Work** Jamie Harding, 2004-06-16 This book evaluates the extensive and innovative range of housing services that have been developed for 16 17 year olds living in Newcastle It provides vital indicators to

other authorities and nominated RSLs of the approaches that they can take to increase successful tenancies and independent living among this age group      **Housing Policy Debate** ,1993      **International Bibliography of the Social Sciences** British Library of Political and Economic Science,1992 The IBSS is the essential tool for librarians university departments research institutions and any public or private institution whose work requires access to up to date and comprehensive knowledge of the social sciences      *Towards Privatization* Asha Gupta,1999      **Environment & Planning** ,1992

**Urban Segregation and the Welfare State** Sasko Musterd,Wim Ostendorf,2013-04-15 Urban Segregation and the Welfare State examines ethnic and socio economic segregation patterns social polarisation and social exclusion in major cities in the Western world Contributors from across North America and Europe provide in depth analysis of particular cities ranging from Johannesburg Chicago and Toronto to Amsterdam Stockholm and Belfast The authors highlight the social problems in and of cities indicating differences between nation states in terms of economic restructuring migration welfare state regimes and ethnic history      Privatising Housing Christine M. E. Whitehead,1992      *Environment & Planning A.* ,1992-07      *Urban Abstracts* ,1991      **ICSSR Journal of Abstracts and Reviews** Indian Council of Social Science Research,1993      **Housing, Markets and Policy** Peter Malpass,Rob Rowlands,2009-09-10 This book of specially commissioned essays by distinguished housing scholars addresses the big issues in contemporary debates about housing and housing policy in the UK Setting out a distinctive and coherent analysis it steers a course between those accounts that rely on economic theory and analysis and those that emphasize policy It is informed by the idea that the 1970s was a pivotal decade in the second half of the twentieth century and that since that time there has been a profound transformation in the housing system and housing policy in the UK The contributors describe analyze and explain aspects of that transformation as a basis for understanding the present and thinking about the future The analysis of housing is set within an understanding of the wider changes affecting the economy and the welfare state since the crises of the mid 1970s
