Mozart's Operas A Critical Study

Edward Joseph Dent

Mozart's Operas A Critical Study:

Mozart's Operas Edward Joseph Dent, 1913 **Mozart's Operas** Edward Joseph Dent, 1991 Originally published in 1913 when most of Mozart's operas were still almost completely unknown in Britain and America Edward J Dent's classic study is now reissued in honor of the 200th anniversary of the Mozart's death Thoroughly revised in 1947 and now featuring a new introduction by one of today's most distinguished opera scholars Winton Dean this volume offers a whole new generation of readers access to the seminal work on Mozart's opera Dent was fundamental in reviving interest in the great composer's opera and his translations of the librettos did much to popularize them with English speaking audiences For each of the major operas Dent examines its composition explores the background of its libretto provides a synopsis of its plot analyzes its music and offers a lively discussion of the work's public reception In addition he blends his study of the operas with much biographical detail shedding light not only on the composer and the opera of his time but on the whole eighteenth century world of music in which Mozart thrived Anyone interested in opera in general and Mozart in particular will find this book indispensable *Mozart's Operas; a Critical Study* Edward Joseph Dent, 2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1913 edition Excerpt individuality such as it is is exhibited in the aria with which the opera opens then when Don Giovanni and Donna Anna hold the scene he sinks into the background and his rapidly reiterated notes so far from expressing fear as has been suggested merely serve to remind us of his presence and give a touch of the grotesque as they do throughout the opera Let those who think the quaver figure represents fear sing through Leporello's part by itself without the others and judge of the effect Leporello's fright does not become evident until just before the duel begins that is at the moment when his own life is obviously in danger The theme it will be noticed has a close resemblance to certain phrases in the aria Ah pietà signori miei which he sings after the great sextet in the second act Moreover Mozart shows us here that the theme is important by making the orchestra play it in unison so that it stands out against the dialogue of the Commendatore and Don Giovanni We may note too along with this the theme which accompanies Don Giovanni's first words to his adversary a theme which is suggested later on when the Statue speaks to Don Giovanni in the cemetery Another significant use of a previous theme appears in the terzetto after the duel Don Giovanni speaking of the dying Commendatore uses the same melodic phrase that Donna Anna hurls at Don Giovanni when she refuses to let him go It would be a mistake to label such themes as examples of leitmotiv but if we have accustomed ourselves to observing this procedure in modern music we shall find that it is equally worth while keeping our ears open for it in Mozart It is interesting to compare the way in which the two composers have treated the death of **Mozart's Operas** Edward Joseph Dent, 2001-01-01 **Mozart's Operas** Edward Joseph Dent, 2015-02-08 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to

the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant

Mozart's Operas, a Critical Study. 2nd Edition Edward Joseph Dent,1947 *Mozart's Operas* Edward Joseph Dent,2015-06-12

Excerpt from *Mozart's Operas* This book has been written with a double purpose first to present Mozart's principal operas as still living works to modern audiences and secondly to draw from them illustrations of certain points of view from which music in general and opera in particular may be considered These ideas have in the present work received no more than a summary indication and I hope later on to find an opportunity of treating them more in detail The first chapter deals mainly with principles of musical appreciation Chapter II gives a survey of Mozart's early operas and his relation to his century after which the more important operas are discussed at greater length I have been careful in each case to give an account of the plot in as concise a form as possible Quotations of music from Mozart's operas have as a rule been avoided since cheap editions are easily available but an exception has been made in favour of *Idomeneo* since that work is comparatively little known even to Mozart enthusiasts On the other hand a number of examples have been given from the works of Mozart's contemporaries which are for the most part extant only in manuscript or in early printed editions About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
