every page supporting the author's thesis that the humorous twists and delightful oddballs contribute as much to the fun of sports as do the generally happy circumstances in which games are played and enjoyed. Mingled with these lighthearted aspects are the eye-filling views that a widely roving sportswriter has of the whole sports panorama. While Russell's base is Nashville and the Nashville Banner his beat is the nation, his lack of provincialism is indicated by his regular authorship of the Saturday Evening Post's annual Pigskin Preview. A change of pace in the frolicsome pattern of the book is Russell's considered judgments on a good many of the sports personalities he has seen and known and his analysis of each major sport's basis of appeal. He also states the case for sports in general cleverly and perhaps more convincingly than it has ever been argued before. **Country Life Illustrated**, 1900 *Saturday Review of Politics, Literature, Science and Art*, 1891

Collected from various books and different authors, these quotes are full of wisdom you need to shape your character and ensure you succeed in your private social and professional life. Enjoy [Munsey's Magazine](#), 1917 **Munsey's Magazine for ...**, 1917 **Irish Women and the Vote** Louise Ryan, Margaret Ward, 2018-02-01 This landmark book reissued with a new foreword to mark the centenary of Irish women being granted the right to vote is the first comprehensive analysis of the Irish suffrage movement from its mid-nineteenth century beginnings to when feminist militancy exploded on the streets of Dublin and Belfast in the early twentieth century. Younger, more militant suffragists took their cue from their British counterparts, two of whom travelled to Ireland to throw a hatchet into the carriage of Prime Minister Herbert Asquith on O'Connell Bridge in 1912, missing him but grazing Home Rule leader John Redmond, who was in the same carriage. Both politicians opposed giving women the vote. Despite such dramatic publicity and other non-violent campaigning, women's suffrage was a minority interest in an Ireland more concerned with the issue of gaining independence from Britain. The particular complexity of the Irish struggle is explored with new perspectives on unionist and nationalist suffragists and the conflict between Home Rule and suffragism, campaigning for the vote in country towns, life in industrial Belfast, conflicting feminist views on the First World War and the suffragist uncovering of sexual abuse and domestic violence, as well as the pioneering use of hunger strike as a political tool. The ultimate granting of the franchise in 1918 represented the end of a long fought battle by Irish women for the right to equal citizenship and the beginning of a new Ireland that continues to debate the rights and equality of its female citizens. **The Critic**, 1890
